PERSONALS

Mr. and Mrs. Ira Gay, City, were visiting in Halifax over the weekend at the home of Mr. Gay's brother, Mr. Harold Birt.

Elmer MacDonald, former City Councillor arrived in town yesterday for a short visit from Pennsylvania where he is now making his home. He will return to the States today.

Mike McCormick of Sydney, N.S., president of the Cape Breton District Council of the Civil Service Federation, and Captain Earl M. Trenholm are business visitors to the City. Both are registered at the Charlottetown Hotel.

Among those on the pilgrimage to the Shrine of St. Anne de Beauce were Mrs. Matthias Callaghan, Mrs. Dominic MacDonald, Mrs. Clara Johnston, and Miss Anna Callaghan from St. Anne's Lot 65 parish.

TALMEY — To Mr. and Mrs. R. G. Talme (nee Jane Murray of North Wiltshire) on July 19, 1958, a daughter, Elizabeth Ann at Montreal General Hospital — a sister for Susan, Edward and Ellen.

JENKINS — At the Prince Ed-

ward Island. Headed by Dr. Bob Cramer, geography teacher at the college the group were met at the ferry by Eugene Gorman, Deputy Minister of Fisheries and Game, and agricultural representative.

They saw first hand some of the Island potato fields where a potato inspector was on hand to answer any questions. A visit to the biological station at Ellerslie was of particular interest. Some of the students were surprised to find that Island oysters demand a price of \$15 per bushel compared to \$4 per bushel received at home.

Something of the fox industry was learned in a visit to the Dominion Experimental Fox Farm at Summerside. The girls in the party were particularly thrilled to see the birthplace of their favorite authoress, Lucy Maude Montgomery.

GREATLY IMPRESSED From all quarters of the group came high praise for the beauty of the Island. John Pollock, teacher of agriculture in secondary schools said, "If I ever had to leave home, I would certainly come to live here."

Some of the members of the party having Scottish ancestry were surprised to find many of the "Mac" names common to their part of the country. One of the girls, Sarah MacRae was intrigued to meet Major A.B. MacRae who has the same initials as her father.

Only one regret was expressed by the Carolinians — it was that the stay was all too short. Their complete tour will take 24 days and will take them as far west as Ontario before returning home.

R.C.A.F. Officers Honored By Ch'town Organizations

In token of their appreciation of services rendered to the local Air Cadet League during the past few years, members of the League and personnel of the RCAF Association Wing (201) yesterday honored Group Capt. W. G. Swetman, D.S.O., D.F.C., C.D. and Squadron Leader G. Lafferty.

A reception was held at the Charlottetown Hotel during the afternoon. There was a dance at the Association's Clubroom in the evening.

During the evening festivities presentations were made to each of the Air Force officers, both of whom are to assume new duties elsewhere in the near future.

EACH GIVEN PLAQUE Each officer received a plaque displaying the crest of the RCAF in hammered copper in the centre.

The plaques, manufactured by Herb Leavitt of Alberton, were presented by Stan McInnis, chairman of the Board of Trustees, and first president of the Club.

Group Capt. Swetman was also presented with an aluminum tray on which was engraved the Island Crest and a map of the province. This presentation was made by Greg Mulholland, Provincial Director of the Air Cadet League.

Government

(Continued from page 1) and in this case the government will take over through the administrator.

In moving in on the B.C. situation, government spokesmen gave these points:

1. Service is to resume immediately after passage of the legislation, perhaps Saturday.

2. The measure will involve no liability on the treasury for what resumption of service might cost.

3. The administrator will be regarded as an agent of the CPR for the purposes of carrying out business.

4. From the prime minister: "As soon as the ships are in operation, there will be a direction and each party forthwith enter negotiations with a view to settlement of matters in dispute."

PM'S RESUME As the initial stages of the extraordinary legislation went through the House, Prime Minister Diefenbaker said that every employee who has been on strike on the West Coast "will be required to resume his duties or his employment" with the CPR.

The administrator's duties, he said, will continue until a new signed or until the legislation has been ended by a cabinet order.

Meanwhile, the administrator would have full authority to run the CPR's West Coast service.

In a procedural hustle-up, the Commons agreed to waive the requirement of a day's notice for the government to move on a preliminary resolution. The resolution was adopted and the bill given first reading even before copies of the measure were ready. It will come up for debate on second reading—approval in principle—today.

It had not been determined who should be the administrator, Mr. Diefenbaker said, although Labor Minister Starr said one individual has been approached.

Mr. Diefenbaker said the authority for the legislation is the fact that the CPR comes under federal jurisdiction as a firm operating in more than one province.

Will Be Ready

(Continued from page 1) ence was never an attempt to bypass the United Nations," he said.

AIM OF MEETING The Soviet leader declared the aim of the Security Council meeting "should not be to pass one kind of resolution or another but to achieve a fruitful agreement."

He urged that the purpose of the meeting should not be to pinpoint disagreements by taking formal votes.

The tone of Khrushchev's letters was strongly positive. The only apparent objection he raised was a rejection of Eisenhower's assertion that the Soviet Union "supports expansionist and aggressive policies in the world."

The Soviet leader conditioned his own participation on the personal participation of Eisenhower, Macmillan, de Gaulle and Nehru. The letter to Washington said: "As far as the Soviet Union is concerned, since the British Prime Minister Macmillan, the French Prime Minister de Gaulle, Prime Minister Nehru of India and you, Mr. President, as can be seen from your letter, are agreeable to participate personally in the work of the special session of the Security Council, the Soviet Union will be represented at this conference by the premier of the U.S.S.R."

MACMILLAN'S VIEWS Macmillan, in proposing the Security Council meeting, had said "the object would be to reach fruitful agreements rather than to register differences by votes."

5,000 People Are Expected At Acadian Ceremonies

Two hundred years ago many of the Acadians settlers then living in this Province were expelled from their homes on orders of their new governors. Many others however managed to escape this ordeal, and survive the perilous days which followed.

Upwards of 5000 people are expected to gather at Mont Carmel on August 6 to attend ceremonies marking the second century of progress since the expulsion.

Stressing the religious significance of the occasion is foremost among plans arranged by the committee in charge.

The colorful "blessing of the boats" will be done on the shore where between 60 and 70 fishing boats will be drawn up preparatory to the opening of the lobster fishing season. The ceremony will be held at 2 o'clock in the afternoon.

It will be followed by a reception for the 65 visitors from Quebec, members of the Conseil de la Vie Francaise, who will spend two days here as part of their tour of old French settlements. They will be formally welcomed to Mont Carmel by the parish priest, Rev. J.F. Buote.

After their reply to the welcome, to be made by one of the group, the visitors will be guests at supper.

The planned ceremonies will end with a religious service at 7 p.m. when the sermon will be preached by His Excellency Most Rev. Norbert Robichaud, Archbishop of Moncton.

Venezuelan Army's Bid For Power Fails

CARACAS, Venezuela (AP)—An army plot to seize power in this oil-rich land melted Wednesday in the face of 100,000 angry demonstrators and a general strike.

The shouting crowd demanded and got the resignation of Defense Minister Gen. Jesus Maria Leon who left the country in two or three days to take an undisclosed high post abroad.

He was replaced by Gen. Jose Lopez Henriquez, Commander of the Venezuelan Air Force.

POPULAR SUPPORT Rear-Admiral Wolfgang Larrazabal, who received a strong display of civilian support in the general strike, appeared to have overcome the army threat. The admiral is head of the junta that overthrew the Marcos Perez Jimenez dictatorship six months ago. But it may be the military will make another bid for power.

Gen. Castro Leon Tuesday sent an ultimatum to Larrazabal demanding dissolution of the Communist and left-wing Accion Democratica parties, press censorship and postponement of the promised general elections.

The junta rejected the defence minister's demands and, in the face of united civilian opposition, he resigned. Demonstrators continued to demand exile and death for Castro Leon.

ARAB TONGUE The Arabic language is spoken by an estimated 74,000,000 people, compared to 275,000,000 speaking English.

A GENEROUS OFFER TO VICTORY BOND HOLDERS

The conversion offer made by the Government of Canada to holders of unmatured 3% Victory Bonds is so attractive that we strongly recommend its early acceptance. Never before have Canadians had an opportunity to reinvest in the nation's premier securities on such favourable terms.

An exchange of Victory Bonds for the new Canada Conversion Loan 4 1/4% Bonds due 1983, which are non-callable to maturity, will increase the holder's annual income from the investment by 50%. Interest rates of up to 4 1/4% are offered by other Canada Conversion Loan Bonds, depending on maturity.

In no case is any payment required to convert into the new bonds. On the contrary, the bondholder will receive an immediate cash adjustment—ranging up to \$25 per \$1,000 bond, including accrued interest not normally payable until September 1, 1958.

Victory Bond Holders cannot afford to miss this unprecedented opportunity.

Any of our offices will accept bonds for conversion and look after all details for you.

1,350 Greek And Turkish Cypriots Are Rounded Up

By SHAHE GUBENLIAN — NICOSIA, Cyprus (Reuters) — British authorities had by Wednesday night rounded up 1,350 Greek and Turkish Cypriots in a drive to stop civil war in this Mediterranean colony.

Those arrested include 1,300 Greek and 50 Turks.

Vicious "eye for an eye" retaliation between Greeks and Turks — hopelessly divided over the political future of Cyprus — has taken 51 lives in 12 days and 95 since the beginning of June.

Four more deaths—two Greeks and two Turks—were reported Wednesday, even though the island is under a complete, 48-hour curfew.

Liberal-minded Governor Sir Hugh Foot explained the arrests, which started at dawn Tuesday, as part of "very drastic and very urgent" measures to stop the slaughter.

He said he ordered the arrest of Greeks and Turks "known or believed to have planned murder, arson or other violence and intimidation."

NEED "DRASTIC ACTION" "It is essential to take the most drastic action to stop bloodshed and prevent the civil war from going further," Foot explained. "Our aim is to achieve freedom from fear and an early return to normal life."

Foot has imposed the most drastic security since the emergency began in 1955 over Greek Cypriot demands for union of the eastern Mediterranean island with Greece.

Until this year, violence took the form of terrorism against the British. The 400,000 Greeks and 100,000 Turks lived in uneasy peace.

Then the Turks, backed by the Turkish government, demanded Cyprus be partitioned. Britain announced a plan last month for

Maria Mutlow Dies In Millview

The death of Mrs. Maria Mutlow occurred yesterday morning at the home of her sister, Mrs. Adelaide Drake, Millview. She was in her 93rd year.

Born in Birch Hill, she was a daughter of the late Mr. and Mrs. Benjamin Jenkins. Her husband, James Mutlow, who predeceased her by several years, formerly operated a popular meat market in Charlottetown.

Widely-known and well-loved by all who knew her Mrs. Mutlow was an active worker for the Church of Scotland during the many years she lived in this City.

At the time the new church was built here she was given the honor of laying the cornerstone.

In addition to her sister, Mrs. Drake, immediate survivors include one brother, Abner, who resides in Boston. Several other brothers and sisters died earlier.

Her remains are resting at the Cutcliffe Funeral Home from where the funeral will be held Friday afternoon to the Church of Scotland, Birch Hill, where services will be held at 2.00 p.m. Interment will be in Birch Hill Cemetery.
