

TOWN WANTS SLICE

Toronto Firm Purchases Fire Site On Water St.

Stedman Bros. Ltd., of Toronto have purchased the property of Brace, MacKay Co. Ltd., on Water Street, Summerside, whose store was destroyed by fire on Feb. 6th, it was announced yesterday by J. Lloyd Gorrell, president of the Summerside firm.

The property, which still displays the ruins of the half-million dollar fire, has a frontage of 80 feet, with a depth extending 125 feet north to First Street. Warehouses owned by the Brace, MacKay Company, located between

First and Foundry Streets were not included in the purchase deal, which was transacted by Mr. Claude Ives, in Toronto during the past week. Mr. Ives is secretary-treasurer of the Summerside firm.

The town is desirous of purchasing fifteen feet of land to widen Summer Street and Mayor W. A. Currie wired the purchasers, asking them to give consideration to selling this amount of their frontage to the town for this purpose, but no answer had been

received up until a late hour last night.

However, another property, which adjoins the newly purchased site, owned by the MacArthur Estate, would be involved in such a transaction as it borders on Summer Street. Its understood that the administrators of the estate are willing to sell the town the 15-foot frontage, if the Stedman Company will sell them an equal amount. The MacArthur Estate also lost their building in the fire.

The old and respected firm of Brace, MacKay was founded in 1889, by the late J. A. Brace and W. K. MacKay and the business opened in a building which was located where the Bank of Nova Scotia now stands. The firm moved to the opposite side of the street in 1893, where the business was continued and expanded until the fire Feb. 6th.

Pays Glowing Tribute To Work Of Young P.C. Ass'n.

Henry W. Wedge, president of the Fifth District of Prince, addressing the Young Progressive Conservative Association last night in Summerside paid a glowing tribute to the work being done by the young men and women of the association and also to the great work that Dr. Hubert MacNeill, president of the East Prince Progressive Conservative Association had accomplished in the present campaign and also in the June 10th election.

Mr. Wedge dealt at some length with the benefits derived from the present administration under the Diefenbaker Government with Dr. Orville Phillips as the Prince County representative at Ottawa.

He spoke of the two and a half million dollar grant and its beneficial effects on every man, woman and child in the province, and the effect it would have, he said, in reducing the cost of living in this country.

Mr. Wedge also spoke of the \$35,000.00 to the school which he pointed out would materially reduce the capital cost of the building. All this, he said, is the result of the work and the influence of Dr. Orville Phillips.

The meeting was very largely attended by young people from all parts of the district and standing room only "was the order of the evening. Plans were laid for a blitz campaign of the town of Summerside for the even-

Calls Easter Custom Cruel

HALIFAX (CP) — Putting live chicks and bunnies in a basket is a cruel Easter custom, the Nova Scotia Society for the Prevention of Cruelty said Friday.

SPC managing director M. H. Sarty said "neither bunnies nor chicks are suitable household pets and when sold for playthings they soon die from either mishandling or unsuitable conditions... which constitutes cruelty or neglect."
