

Alvin Dark Signs Two-Year Contract

PHOENIX, Ariz., (CP) — Alvin Dark, shortstop and captain of New York Giants, has signed a two-year contract for a reported \$31,500 a year. He is the first Giant player signed for more than one year since catcher Walker Cooper had a two-year contract in 1946-47. The offer of a two-year contract apparently brought the only Giant holdout around.

Sport Echoes From Prince County

We're starting a drive very soon now to get baseball equipment for a new division in baseball — the kids from one to four years old. We plan to have the little dears use for bats the slats out of their cradles. This new idea should make a tremendous hit. Now that we have started building downward, there is no particular reason why we should stop short of the playmen. Besides, every time you create a new division, you break a world's record.

In a new's despatch from Sussex reporting the second game between the Sussex Junior Rangers and the Halifax - Dartmouth St. Mary's Juniors, Paul Schuman was said to be "the outstanding player on the ice." Paul got an assist on all of the three goals scored by his team. To list him as the outstanding player was high praise indeed for the game boasted some highly regarded hockey players, such as Forbes Kennedy and Mark Delaney.

The Summerside Mercurys and the Spring Valley team are having quite a dog-fight to decide the championship of the North Shore League. Spring Valley has a one-game lead now, 2-1, but the scores of all three games have been close.

We have no adequate facilities for hockey or basketball in this town, but, thank heavens, there is plenty of room for cribbage. A champion will be decided in this sport before long. What's the matter with growing a "Mr. and Mrs. Bino" for the 1952-53 winter season? We're just crammed full of brilliant new ideas today.

Borden, O'Leary and R.C.A.F. are the three intermediate teams left in contention in Prince County. We look for O'Leary to have a very slight edge on the airforce sextet, and Borden to get a hair-line decision over O'Leary. Naturally, with such narrow margins the dope could easily be upset, and may be. The above is what they call piling brush under the "limb" in case a fellow does take a tumble.

Bison Bombers Defeat Murray Harbour North

In the first game of a two-game hockey series played in the Murray Harbour rink, Monday evening, the Montague Bison Bombers defeated Murray Harbour North by a 16-6 score.

R. Collings was the high goalgetter for the Bombers with nine, while J. Giddings tallied three for the Murray Harbour North team.

Lineups: Montague — Goal, Vouzzo; defence, Clair, McCarron, Hennigar, Jackson; forwards, Collings, Clair, Sorrey, Flemming. Murray Harbour North — Goal, J. MacLure; defence, Richards, Currie, MacLeod; forwards, Millar, W. MacLure, L. Graham, Condon, J.

P. E. Island Rink At Dominion Bonsel

Pictured above is the Prince Edward Island entry at the MacDonaid Brier tankard championship bonspiel at Sudbury, Ont. The rink is from the Charlottetown Curling Club. Front row left to right J. S. Moore, third, E. Frank (Duck) Acorn, skip. Back row, left to right, J. P. Campbell, lead, C. H. Kydd, second.

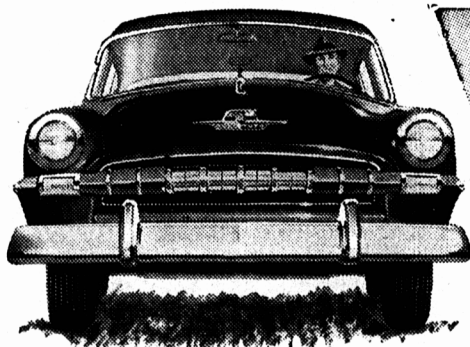

Giddings, S. Giddings, P. Jackson, N. Lannigan, L. MacKay, L. Clow. Referees were Harris, and Powell. LONDON (CP) — The progressive conversion from street-cars to buses in London is helping the steel industry's drive for scrap metal. More than 10,000 tons of rails have gone to the industry, and another 30,000 or 40,000 tons is to be delivered this year.

THE CAR WITH THE AMAZING "BALANCED RIDE" *BALANCED AGAINST ROLL *BALANCED AGAINST PITCH *BALANCED AGAINST JOUNCE

Here is performance with economy and safety. Beauty with comfort. Style with convenience. Your money has never bought so much in a lower-priced car.

OUTSTANDING ECONOMY — Plymouth's famous engine is built to save you money in fuel and upkeep! You have all the pick-up and lively power you need — plus the fuel economy of Plymouth's light-weight Aluminum-alloy 4-ring pistons. You get long mileage... long engine life... and trouble free performance that keeps costs away down.

"BIG CAR" SMOOTHNESS — Your money never bought so much "big car" smoothness. The new Plymouth Balanced Ride controls roll — pitch — and jounce... levels the road three ways. Gives you the softest, most restful ride you have ever experienced. A road-test will convince you.

BETTER ALL-ROUND VISION — With 15.7% more glass area, you get all-round, close in vision — for comfort and driving safety. The one-piece optically curved windshield minimizes reflections. Electric windshield wipers don't slow down when accelerating or climbing a hill — assuring maximum protection.

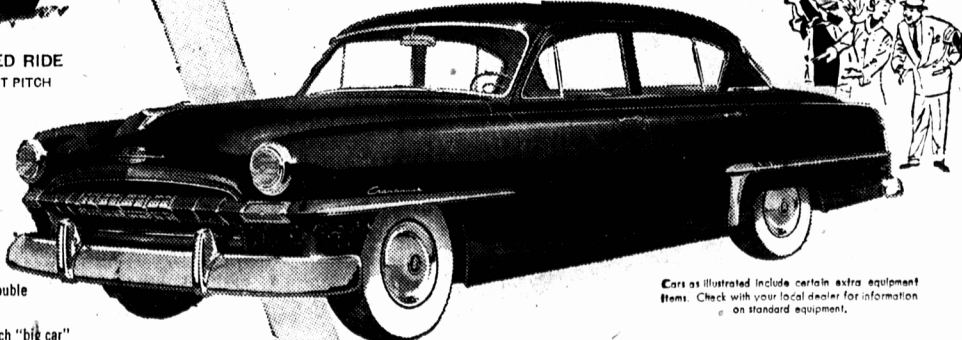

TWIN CYLINDER BRAKES — Plymouth Safe-Guard hydraulic brakes have not just one, but TWO hydraulic brake cylinders in each front wheel... giving balanced control — the exact amount of stopping power you want.

SAFETY RIM WHEELS — You have an outstanding safety advantage with Plymouth Safety Rim Wheels. Should a blow-out occur with Safety Rim Wheels — the tire remains securely on the rim, permitting you to bring the car to a safe, smooth stop.

BEAUTIFUL NEW STYLING — The new Plymouth is lower, sleeker, more beautiful — yet it offers you more head, leg and hip room. Try the back seat, too — it's over 8 inches wider in the new models. More trunk room, too, in the long, rear deck — 30% more for your luggage.

More than ever before, the '53 Plymouths are the Top Value in the lower-priced field.

You've seen them all... now let's talk VALUES
