THE steamer Carroll arrived from Boston on Tuesday evening with a cargo of merchandise and the following passengers:—General H. M. Coney, Lieut. O. K. Merrill, Mr. Frazer, Miss Susan Connolly, Miss Kate Maclean, Emma J. Richards, Miss Sigsworth, Mrs. Eliza Humes, Mr. J. W. Wyman.

HENRY ELLIOT, a well-known wine merchant of Chicago, lost his speech twelve years ago. Some months afterwards it returned. Six years ago it again suddenly left him, the original cause being fright. It again returned, and six months ago he had an accidental fall, and did not speak until Saturday last, when he felt a loosening sensation in the throat, and found himself again able to articulate.

DISCHARGED.—A Moncton correspondent says:—"There was another discharge from the I. C. Railway shops on Monday, of it is said, some 58 men—15 from the blacksmith shop and the rest from the different departments. There are now less than three hundred men in the works. It is a pity our town is so dependent on the Railway shops. A few good factories here, employing 100 to 200 hands, would be almost as good to the place as the Railway works."

THE excursion on board the steamer "Princess of Wales," last night, was attended by over two hundred persons. The steamer left the Co's Wharf at eight o'clock, and after proceeding far beyond Point Prim, reversed her course and arrived home shortly after midnight. The Band of the 82nd Battalion was on board and discoursed sweet music while the excursionists in different parts of the boat "tripped the light fantastic toe" in pleasing style. The excursion on the whole was very pleasant and orderly. We hope those who managed the affair will ere long favor our young people with another.

TORONTO, Sept. 1.
 The following is a special cablegram to the "Globe":—
 London, Aug. 30.—Colonel Grey has succeeded Mr. Childers as President of the Great Western Railway Co. He has written a letter on behalf of the Board accepting the proposal of the Grand Trunk to appoint Sir Edward Watkin as arbitrator and to consult him with reference to the most practicable mode of effecting a joint purse arrangement with the least possible delay. General satisfaction is felt that the Great Western board has at last yielded. The Dominion Government has given its consent to join the purse arrangement.

QUEBEC, Sept. 1.
 This afternoon the Legislative Council still proved refractory and refused a conference unless the Lower House first moved in the matter. It is believed that if the House of Assembly asks for the papers and proposes a conference it will be granted by the Upper House. House of Assembly meets to-morrow morning at 10 o'clock.

CINCINNATI, Sept. 1.
 A story is published charging Mrs. Silas Graham, of Portsmouth, with horsewhipping an orphan girl, whom she had adopted, until the child was a mass of wounds. Mrs. Graham then put pepper pods into the quivering flesh, until they were soaked with blood and compelled the child to eat them. Other cruelties are charged. The woman has been arrested.

NEW YORK, Sept. 1.
 Secretary Sherman is reported as saying that but for the heavy payments on arrears of pensions the debt would have decreased over six million dollars during August. He says the revenues are slowly but surely and steadily increasing, and all arrears of pensions will be met this year, after which there can be heavy reductions made in the public debt.

CALCUTTA, Sept. 1.
 News from the Rump rebellion is satisfactory. Four hundred rebels were defeated by the Sapois, and fifty were captured. The Dacoits of Deccan have transferred their operations to Nizam's dominions, near Hyderabad.

The condition of the people in Cashmere is improved. Some distress exists in Eastern Bengal, where the overflow of the rivers nearly destroyed the rice crop and damaged the main winter crop.

Reports from Bombay are more favorable. Cholera continues to rage violently at Cabul. The Ameer is preparing an expedition against some insurgent tribes at Balh.

The situation in Burmah is more critical. King Thebau having claimed sovereignty over Eastern Karenc.

LONDON, Sept. 1.
 Mr. Parnell, Home Rule member of the Commons, addressed a disorderly mob of about 20,000 in Limerick, on Saturday, upon the land question. He advised the farmers to continue and pay no rent until they got a reduction and advised landlords to accept these terms while they could, as the opportunity would never re-occur. The crowd applauded and shouted in favor of shooting landlords and agents. The platform was finally stormed and much crushing and fighting ensued.

LONDON, Sept. 1.
 The Manchester "Guardian's" monthly review of the local trade says:—"There is a prospect or bountiful harvests in India and China, which if realized, will confer much benefit upon Manchester. Yet it has wrought much change in prices. Large business has been done and orders come forward from India with greater freedom, but only at limits which do not permit of the payment of more than a trifling advance upon the lowest prices of cotton current during the earlier half of last month."

The Viceroy of India doubtless will demand and perhaps has already demanded the prompt withdrawal of the outrageous claims of the King of Burmah to the Karanne territory, and if necessary will enforce the demand by war. The best hope of avoiding hostilities lies in the probability that King Thebau's claim is only one of his drunken freaks.

HAVANA, Sept. 1.
 Advice from Hayti say the country continues full of disorder and revolution. The Liberals captured two Haytian steamers. The Provincial Government of Port Au Prince sent troops against the Liberals at Gonaives and after a bloody struggle Gonaives took fire and two-thirds of the town was destroyed and the remainder pillaged. The country is in a fearful condition.
