OBITUARY.

On the 15th ult., at the advanced age of 83 years, death removed from our midst one of the oldest and most respected and best known residents of New Haven in the person of Peter McElroy. The deceased was one of the early pioneers who emigrated with his wife from Ireland in the year 1810 and settled on his farm, then a forest. By industry and perseverance he succeeded in making for himself and family a comfortable home. He leaves four sons and four daughters, a number of grand children and a large circle of friends to respect the memory of an affectionate father and kind friend. His funeral took place on Tuesday to St. Ann's Church, Lot 65, where a Requiem Mass was sung by the pastor, Rev. D. B. Reid.

At East Baltic, Lot 46, on the 27th inst., after a lingering illness borne with exemplary patience and resignation to the Divine Will, Annie Chapman, beloved wife of F. H. McLease, at the early age of 28 years, deeply regretted by a large circle of friends and acquaintances.

Consecrated by the rites of the Holy Catholic Church by the pastor, Rev. D. F. McDonald, she passed peacefully away to enjoy the reward which a life of suffering and sorrow in this world has merited for her through the atoning blood of Jesus Christ her Savior.

The deceased, who was always of a pious amiable character endeared herself to a large number of friends and acquaintances, who will long cherish her memory. The esteem in which she was held was amply attested to by the large number of people, of all denominations who followed her remains to St. Mary's Church on Sunday afternoon—the cortege numbered over ninety sleighs—thence to St. Mary's Cemetery where the last rites were performed and the mortal remains of a mostly estimable lady laid at rest.

She leaves a husband, two children, a mother, two sisters, one brother and a large number of friends and acquaintances to mourn their loss.

We have to announce this week the death of Mrs. Haslam, of Springfield, widow of the late William Haslam Esq. Long a sufferer, Mrs. Haslam, at the last, passed peacefully and painlessly away at the residence of her son Mr. Bertam Haslam. At her death she was in her seventy-eighth year, one of the oldest and most highly respected residents in the locality in which she had lived so long. Mrs. Haslam was the second daughter of the late William Schurman, Esq., of St. Eleanors. She leaves nine children to mourn the loss of one of the best of mothers, besides a large circle of relatives and friends. Always a consistent Christian woman, her death was but the passage from a lower to a higher and better life.

NATURAL HISTORY SOCIETY.—Reserve next Tuesday evening for the meeting of the Natural History and Antiquarian Society. Paper upon the rust of wheat by Mr. McSwain.

Fred Scott had a preliminary spin in the rink yesterday afternoon and his style is something well worth seeing, and he can skate the corners to perfection. If you want to see how the great skaters of the world hold themselves when racing come and see him tonight.

Scott races on the celebrated tubular skate patented by McCulloch, the world's champion.

The Prince Street School Concert on Thursday, the 9th inst., in St. Peter's Schoolroom is to procure funds for the purchase a library for the school.

Come to the rink tonight and see Gaudet skate. He probably never skated before for in past years none of our local men have ever really brought out all there was in him, and on this occasion he will do his very best to retain the title he now holds of the 1-mile champion of P. E. Island.

Remember the boys concert in St Peter's Schoolroom on Monday evening Feb. 13th.

CONCERT TONIGHT.—This is the night of the concert at Harrington, Brackley Point Road. It will be well worth attending. The money realized at it will go towards the Prince Edward Island Hospital.

AT VANCOUVER.—Messrs Small, Nicholson, McRae and Joy, who left for the Klondike a short time ago, have arrived at Vancouver—all well. A telegram to this effect was yesterday received by Mr. John P. Joy.

SOURIS CARNIVAL.—Extensive preparations are going on in Souris for a Fancy Dress Carnival which is to be held in the rink there next Wednesday. Carnivals are always a success in Souris. This one will probably eclipse all former efforts.

LECTURE AT ST DUNSTAN'S.—Dr. Anderson delivered an exceptionally interesting lecture before the Literary Society of St Dunstan's College last night. The subject was treated in a masterly manner and much appreciated by the students.

COLD WEATHER IN THE SOUTH.—Four deaths occurred at St. Louis on Tuesday, and one death in East St. Louis. The day was clear but cold, and was of the marrow-penetrating variety. At 10 o'clock at night the mercury registered one degree above zero.

SUMMER RESIDENCE BURNED.—The summer residence of Judge Fitzgerald, at Holland Cove, was destroyed by fire on Wednesday afternoon, together with the boats and the contents of the house. The origin of the fire is not known. The house has not been occupied since last fall. The loss is partially covered by insurance.

MONEY IN APPLES.—It is said the Cornwallis and Annapolis Valley, will export at least 300,000 barrels of the 1898 crops of apples. The net returns from sales will average \$2 per bbl. Probably \$700,000 of foreign bills of exchange for apples will pass through the valley banks, and be circulated by farmers.—Hantsport Advance.

HOCKEY.—Don't miss the match game on Tuesday night next between the Crescents of Victoria and the second Victorias, of Charlottetown. The match will be played at St. Dunstan's rink, and promise to be one of the most exciting of the season. There will be an hour's free skating after the match. There will be the usual special train to and from Charlottetown.

COMMENDABLE PROMPTNESS.—Mr Reid and the obliging operators in the telephone office have THE EXAMINER'S thanks for their promptness in furnishing returns of the election in the fourth and fifth districts of Prince County yesterday. The polls closed at five o'clock, and by six we were in possession of the figures from every poll and were enabled to give them to readers of THE WEEKLY EXAMINER.

VERY VALUABLE PROPERTY.—One of the finest and most valuable properties on the Island is for sale in the farm, carding mill, grist mill, shingle mill, big saw mill, and cider mill, belonging to Mr. Anthony Collitt, Westmoreland. The farm consists of 100 acres of land about fifty acres of which are covered with the very best wood. There are on the property three dwelling houses and splendid outbuildings, all in first-class condition. The best of terms may be secured.

SCHOOL EXAMINATION.—The semi-annual examination of East Bideford School, was held on January 31st, attended by trustees, ratepayers and others. The examination was conducted by the teacher, Clara A. Matheson, assisted by S. Davison and C. McKay. The pupils acquitted themselves remarkably in all the branches, showing by their ready and correct answers that the teacher has spared no pains in teaching them. We also took notice that the pupils seemed to learn, not from fear of the cudgel, but from love of their teacher and the desire of knowledge. The examination closed by an excellent collection of recitations from the pupils.
