NEW YORK

NEW YORK (AP)—The stock market struggled to another irregular advance Thursday.

The rise was halting, indecisive and riddled with casualties.

The Dow Jones industrial average squeaked out a gain of .70 at 839.37.

The Associated Press average of 60 stocks rose .8 to 318.9.

Pan American World Airways was the most active stock and skidded 1⅞ to 33⅝ on 141,000 shares.

Curtis Publishing, ohich has land holdings next to Texas Gulf's, shared in the warmed-over excitement as it rose 1⅛ to 13⅝, also in active trading.

Westinghouse Electric, far below its high, made an infrequent visit to the group of volume leaders, as it spurted 1⅞ to 35 on 107,600 shares.

Dome Mines at 3¾ was the biggest gainer among Canadian issues. Distillers Seagrams rose ⅜, McIntyre Porcupine ¼ and Aluminium Ltd. ⅛. Canadian Pacific .las off ⅜, Walker Gooderham ¼, Granby Mining ⅛.

On the American Stock Exchange prices moved irregularly higher. Brazilian Traction, Fargo Oil and Jupiter Corp. all rose ⅛, Molybdenite 1-16.

MP Sharply Criticized For Pressure Tactics

OTTAWA (CP)—A judicial inquiry report has sharply criticized Conservative MP Jack McIntosh for pressuring a government agency into making crop-failure payments to about 1,000 Saskatchewan farmers just before the 1963 federal election.

The inquiry report found irregularities in the payments and approved the dismissal of George Walker, Prairie Farm Assistance Act supervisor for the Swift Current, Sask., area.

The 20,000 - word report was written June 10 by Judge Harold W. Pope of Moose Jaw, Sask., and tabled Wednesday in the Commons by Prime Minister Pearson. The findings are based on a series of public hearings over several months earlier this year.

The report says Mr. Walker was "profoundly influenced" by Mr. McIntosh, MP for Swift Current - Maple Creek, in performing his PFAA duties and had backed Mr. McIntosh in a dispute with PFAA director Howard Riddell of Regina who wanted to investigate the benefit claims.

It says Mr. Riddell had good grounds for suspecting irregularities, that he and the PFAA board of review were threatened by Mr. McIntosh. It also was difficult to justify the action of Roy Faibish, formerly executive assistant to Alvin Hamilton, in ordering Mr. Riddell to make the payments.

Mr. Hamilton was the Conservative agriculture minister at the time.

Meanwhile, Mr. McIntosh rejected the judge's findings as "a political report. . . . I expected it to be politically slanted and it was."

"There is no evidence of any irregularities whatsoever," he said. Not a case of improper payment had been proved.

Judge Pope says "the evidence before me indicated that there were in fact irregularities in the Swift Current supervisory district and that an investigaton should have been made at the time it was recommended by the director of the PFAA."

Pension Fund Position Good

Figures released recently by the Montreal Trust Company show that its pooled pension trust fund has provided an average return over an eight year period of 12 per cent per annum for its equity investments.

J. Fraser Coate, manager of the company's pension division, has pointed out that an average 12 per cent return indicates the growing importance of equity investment for pension funds in controlling costs and providing improved benefits.

The multiple pension fund is now the investment medium for dollars of 326 pension plans, a gain of 54 during the past year.
