LATEST FROM EUROPE.

NEW YORK, Dec. 19.

The steamship *Scotia* arrived at this port this morning.

Political news unimportant.

The Greek question remains unchanged. Rumored that, failing election of Prince Alfred, some Greeks will ask for son of Lord Derby.

The English Government has ordered twelve hundred miles of cable to complete telegraphic connection with India. Very encouraging statements published regarding resuscitation of Atlantic Telegraph.

French Government has contracted for two years' supplies to army in Mexico, and prolonged occupation is inferred.

Distress in manufacturing districts of France increasing.

Firm of Janvrin, Grassie & DeLisle, of London, failed. One partner absconded. Liabilities £100,000.

Breadstuffs dull. Flour 22s to 28s. Little change in markets generally. Consols 92½ ex-dividend.

THE LATE GALE.—The Miramichi *Gleaner* devotes three columns to the disasters by the late gale. It commenced in the forenoon, and continued accompanied by snow and hail. The streets were blocked with snow drifts; and the tide, which rose higher than previously known, destroyed large quantities of goods in cellars and stores. The river was frozen over,—but for this even more damage would have been done. A large store belonging to Alex. Fraser near Chatham Ferry Landing, was lifted off the wharf and thrown into the river. All along the river, on both sides, every thing within reach of the water suffered, and along the coast a number of schooners have been driven on shore. At Oak Point, which is a few miles below Chatham, a fish shed belonging to A. Davidson, was carried about a mile from where it stood, and deposited on the ice. The schrs. *Marie Lucie* from Quebec, and the *Enterprise*, from Restigouche, and the *Sea Flower*, all badly injured. At Newcastle, Mr. Reid's Mill was blown down. In some of the stores in that town the water rose above the counters.

At Nequac, the establishment of Mr. George E. Leston was entirely damaged. A whole range of fish sheds were blown from their position, as also part of a newly erected wharf. We regret to hear that our friend Mr. L. will be a heavy loser by the storm. Here as at Miramichi, hundreds of tons of hay will be lost, and suffering among the cattle result.

In the Counties of Gloucester and Kent it was equally disastrous. Stores have been removed,—people driven from their dwellings by the water, barns blown down, and a number of vessels cast on shore.—*Halifax Sun.*

The schr. Morning Star, Capt. Chas. Graham, owned by Mr. David Graham of Antigonish, was recently accidently burned while lying in a port in Jamaica. The vessel left San Domingo a few weeks since, bound to Halifax, with a cargo of sugar, molasses, &c.; but sickness breaking out among the crew, she was compelled to put into a port in Jamaica, where two of them subsequently died. At latest advices the Captain himself was lying dangerously ill of fever. The vessel and cargo were both consumed at the time of the disaster.

GYPSIES.—A company of Gypsies have been for the last fortnight journeying this way, from Richibucto, and are now encamped in Napan, a short distance from the residence of Mr. Searle. We understand they are prepared to perform any work in the tinkering line or to dispense Fortunes, from 2s. to 20s. —*Miramichi Gleaner.*

Advices from Mexico, says the Philadelphia Ledger, state that the French army cannot leave its present position for the want of transportation, and that orders have been sent here for the purchase, in the United States, of 1000 mules, with the requisite harness, and 500 wagons. The army will not, therefore, move until these purchases are made, and the mules and waggons reach the army.

A WHOLE FAMILY BURNED TO DEATH.—Mr. Joseph Hart, of Onondaga, who went from Pompey Centre to Pennsylvania about one year and a half ago, to engage in the oil business, lost his entire family in the following shocking manner:—During the absence of Mr. Hart to Pittsburg on business, Mrs Hart and her two daughters, aged about five and seven years, returned to their house after a short absence to a neighbor's, and, finding the fire in the stove low, Mrs. Hart took up a can of kerosene oil and poured some of it into the stove, when a terrific explosion took place, blowing up the stove and setting the clothing of Mrs. Hart and her two daughters on fire. The screams of Mrs. Hart brought to her rescue a man who was passing in the street. He instantly seized Mrs. Hart and carried her to a trough of water near by, where he extinguished the flames, but not before she was so severely burned as to cause her death in 24 hours. While the man was performing this act of mercy, the flames kindled rapidly upon the house and burned it to the ground, with the two children in it, who perished as it were by a double death of fire. A telegraphic despatch summoned Mr. Hart to his desolate home. He arrived about two hours before his wife died, and learned from her own lips the terrible story of his bereavement.

ENLISTING IN IRELAND.—The Irish papers state that enlistments for the Federal army are taking place in Tipperary and the neighbouring districts. The recruits are engaged as laborers, and the bounty, which is very high, is paid as wages. But the enlistment is not very favourably viewed by the journals which represent the native Irish party. One of these, alluding to probable proximate events, says—"The dust of Irish gallant hearts will be making the grass grow in Virginia, while Ireland's opportunity may come from another quarter, and find Ireland too weak to avail herself of it. We protest against enlistment in this country for either of the American parties so long as America is not at war with some foreign Power that is also a foe to Ireland; and warn our countrymen by their love of Ireland and their love of honour against giving any countenance or support to the recruiting agents who are now going about this country." Of course, every advantage is fair in love or in war, but when the British authorities attempted during the struggle in the Crimea to recruit in the United States, they were "pulled up" pretty sharply by the Federal Government.—*Montreal Advertiser.*

THE GREAT SHIP COMPANY.—A special meeting of the shareholders was held yesterday, to consider the present position of the company. The directors' report took a very favourable view of the earnings of the ship; the financial results of the late accident were, however, described as most serious. It was absolutely necessary that something should be done by the present meeting in order that the ship might still remain in possession of the company. The report recommended the issue of a mortgage stock for £100,000, at eight per cent. interest, repayable in three years, and a resolution to this effect was passed.

FATAL ENCOUNTER BETWEEN SICILIAN SAILORS.—Cork, Nov. 29—This morning two Sicilian sailors from one of the foreign vessels lying in Passage Reach, got ashore, accompanied by a comrade who acted as second to both, and fought a duel with long knives, in a field adjacent to the town. Both combatants stripped and fought with great fury; in a short time one was stabbed to the heart, and his successful enemy fell on the ground covered with wounds. The survivor, who is in a dangerous state, is in custody, but the third is at large.

On the 24th two bank clerks were on their way in a car from Longford to Granard, when they were attacked by three men who came out of a plantation, and stopped the horse and demanded all their money or their lives, each of them presenting a pistol at the young men, and ordered them to get off the car. The first thing that took their attention was a tin box which contained upward of £200 in gold and silver, leaving the notes behind them.

The Kingston *Herald* contends that Kingston ought to be made the seat of Government for the next four years at least, on account of its being capable of the best defence in case of war, it being able to pay its debts, its low rents, and willingness to provide accommodation for the Legislature free of expense, and its being more central and more easily accessible than any other place.

M. Girard has invented a new kind of railway. The carriages are without wheels, but mounted on steel skates, and slide along the smooth surface of iron rails under the influence of hydraulic pressure.

THE MAILS.

MAILS from New Brunswick, Canada, and the United States were received here this morning (Monday). The English and Halifax Mails are yet behind hand. We have given in our present No. the latest news from the seat of war, and other items of intelligence furnished by our latest papers.

C. Y. M. L. INSTITUTE.

On Wednesday evening next, the 31st instant, P. E. McKeon, Esq., M.D., will deliver a lecture on "Physiology" before the above Institute. The subject being a highly interesting one, and one with which every individual should endeavour to be acquainted, it is therefore expected that the learned Doctor will, on this his first appearance before the Institute, be honored with a "full house." Lecture to commence at 8 o'clock. Doors open, as usual, at half-past seven.

CHARLOTTETOWN DEBATING CLUB.

The debate on the question, "Whether was Milton or Shakespeare the greater poet," took place on Friday evening last, and was opened by Mr. John LePage. On the division being taken, it was decided in favour of Milton by a majority of three.

The annual meeting for the election of office bearers for the coming year will be held on Friday next, the 2nd January, 1863. Members will please recollect that they cannot vote until their subscription has been paid. A full attendance is requested. L. H. DAVIES, Sec'y.

Dec. 29th, 1862.

We learn from the New York *Herald* that within the short period of four days the large sum of $75,000, including money, provisions and a vessel to transport them, was subscribed in that city for the relief of the distressed operatives. The same paper adds that other large cities of the Union will follow the example set by New York.

Last week a man named John Corson, an employee in a candle and soap factory in Montreal, accidentally fell into a vat of boiling liquid and was literally boiled to death.

THE HUMAN SYSTEM.

The delicate structure, and intricate combinations of the Human System, are well calculated to impress the mind with the wonderful mechanism of our physical organization. Like a truly complicated and delicate machine, we are indeed "fearfully and wonderfully made." Who does not wonder at the extended duration of human life, even under the most favourable circumstances? Still more strange is it that, when subjected to the influence of irregular habits, improper diet, a deleterious atmosphere and unskilful treatment, it does not, like a disorganized machine, rush on to immediate destruction. Such, however, is not often the case. Like a fine machine, clogged and foul for want of careful cleansing and good management, we see it with its combinations deranged, and its functions obstructed, labouring and struggling for a precarious existence under a complication of diseases that too often render life a curse rather than a blessing to its possessor.

Millions are thus afflicted, and drag out a miserable existence through ignorance of their condition and the want of a proper remedy and skilful treatment to remove the cause and restore them to health, vigor and happiness. Whoever is enabled to provide a safe and speedy remedy is entitled to the fond appellation of being the benefactor of his race, and should have a monument erected to the memory of his large benevolence.

Such a remedy has been found, and is now doing its work in the restoration to health of millions of invalids in all parts of the world. The unrivalled Pills and Ointment produced by the celebrated Thomas Holloway are above all competition in the cure of diseases incident to all climates, and more especially those peculiar to the changeable and bilious climates of this and many other parts of the world. The Fevers of the low lands as well as the coughs, colds, consumption, rheumatisms, diptheriæ, sore throats, and asthmatical affections of the highlands, and many other diseases peculiar to both, all yield to their influence, and give way before them, as by the power of enchantment. Such is the testimony of all who have been blessed by the use of these extraordinary medicines, and their admiration of Professor Holloway is unbounded. He has "a monument more durable than brass," erected in the hearts of the countless millions who have shared the benefits of his extensive munificence. None, therefore, need suffer, who will apply the unfailing remedy everywhere to be found within their reach.—*Annapolis Record.*

SPECIAL NOTICE.—*Holloway's Pills.*—Impurity of the blood.—Many cases contribute to poison the blood: fogs, sudden changes of temperature, and diminished out-door exercise are always alloying the circulation. Holloway's Pills are proved to be the best known Purifiers and Correctors. They thoroughly cleanse the blood and regulate its course and distribution. For coughs, colds, influenza, bronchitis, oppression of the chest, palpitation, gout, and rheumatism these excellent pills have earned for themselves a world-wide reputation: their virtues are extolled from pole to pole, and their general preservative powers universally acknowledged. Holloway's Pills may safely be taken by females at any age. They will demonstrate themselves to be the surest antagonists to all disordered actions, and other irregularities of the system.

VALUABLE TESTIMONY.—Rev. A. Webster, Boston, Mass., writes—"I have used, through the advice of personal friends, Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum, for several months past, with great effect and entire satisfaction. *I am now neither bald nor gray;* my hair was dry and brittle, but has regained the softness of its earlier years."

Sold by Druggists everywhere. Depot, 198 Greenwich-st., New York.

NEW ADVERTISEMENTS.

Fourth Electoral District of Prince County.

TO THE HON. W. W. LORD—

SIR,—As the House of Assembly has been dissolved, and Writs for a General Election issued, it becomes us as the free and independent electors of this District to nominate a fit and proper person to represent us in the General Assembly—one whom we believe to be alive to the general interests of this Colony, and conversant with its present peculiar position—politically and financially,—one who will independently support those measures which actually affect its prosperity; and believing, Sir, from your past experience, that we may confidently rely upon your faithfulness and ability to carry out our views for the general welfare of the people of this Island, we most earnestly and respectfully solicit your services, and allow us to place you in nomination as a fit and proper person to represent us in the General Assembly. You may confidently rely upon our support and interest at the election.

We beg to remain, Sir,
Yours respectfully,

Richard Hudson	Lemuel Hooper
John Lord	Hugh Montgomery
John Lea	George Wright
John Laing	George Cook

George Muttart, sen.	Reuben Tuplin
John Wright	William Jamieson
Gabriel Strang	Alexander Campbell
John R. Wright	Angus McIsaac
James Wright	Roderick Gillis
Archibald Montgomery	And 530 others.

To the Electors of the Fourth District of Prince County.

GENTLEMEN—

I HAVE received during the past few days no less than thirteen Requisitions from the several important sections of your district, signed by upwards of five hundred and sixty electors, including the names of gentlemen of the first standing, respectability and influence in the District, requesting me to become a Candidate for its representation in the House of Assembly. A copy of this Requisition is herewith given, with some of the names appended to it. I cannot express my gratitude in adequate terms for this mark of the esteem and respect which my fellow Colonists and fellow-countrymen have shown towards me; and appreciating their great kindness as I should, I feel that I cannot do less than comply with their request. I am afraid, however, that they have placed too high an estimate on my abilities to serve them in the House of Assembly, should I be again honoured with a seat there; but I may venture to say that my political principles are well known—my experience of public affairs extends over many years, and I still retain the same desire to serve my native country which I have always shown. If I am returned to the House of Assembly, you may rest assured that I will endeavour to carry out this desire to the best of my ability, and to merit the continued confidence and good will not only of the Requisitionists but of the electors generally throughout the District.

I have the honor to be,
Gentlemen,
Your obedt. Servt.
WILLIAM W. LORD.

NEW ADVERTISEMENTS.

To the Electors of Charlottetown and Royalty.

GENTLEMEN—

AT the request of the Liberal Party in Charlottetown and Royalty, I have consented to have myself put in nomination as a candidate for the representation of your City at the next Election. Those who have been kind enough to give me this proof of their confidence and esteem belong to the various sects of the Christian Church in this community—Episcopalians, Roman Catholics, Wesleyans, Presbyterians, Bible Christians, &c., and their nomination of an humble individual like myself shews clearly that their choice is the result of political opinion more than that of religious feeling; while it affords at the same time a gratifying proof that there is a large body of intelligent and independent Protestants of nearly all denominations who cannot or will not be deterred from co-operating with their Catholic fellow Colonists for the attainment of good objects, that will redound to the advantage of the whole Colony, apart from denominational interests.

My political principles are so well known to you that I consider it unnecessary to refer to them particularly. Permit me, however, to say, that should you do me the honour of giving me a place in the Assembly, my votes shall be always recorded to advance the best interests of the Island—to promote tranquility and prosperity—and to resist encroachments from any quarter that might tend to lessen the civil or religious rights of any class in the community.

I have the honor to be,
Gentlemen,
Your obedient servant,
JOHN TRENAMAN.

Charlottetown, Dec. 29, 1862.

To the Electors of the Second Electoral District of Queen's County.

GENTLEMEN—

HAVING received offers of support from many influential persons in your District, to present myself as a candidate for your suffrages at the ensuing election, and to which offers I was disposed to accede, I have since felt it my duty to reconsider the subject, and I have now determined to withdraw in favor of our mutual friend, BENJAMIN DAVIES, Esquire. That gentleman was nominated a Candidate for the representation of your District, at a public meeting held at Wheatley River Bridge on Monday last. He appears to enjoy the confidence of the Liberal Electors of the District. I have no hesitation in saying that I place unbounded confidence in him—that I will use my exertions to secure his return to the House of Assembly, and I request that all my friends will co-operate with me for the same object, as no man can more faithfully serve the Liberal interest than Mr. Davies, and no one is better entitled to the support of the Tenantry for whom he has always manifested the deepest interest.

I have the honor to be, Gentlemen,
Your obedient servant,
WILLIAM McGILL.

Charlottetown, December 24, 1862.

To the Electors of the Third Electoral District of Queen's County.

GENTLEMEN;

FOR the high honor of being elected your Representative at the last two General Elections, I now beg to return you my most grateful thanks; and believing that I still have the honor of retaining a high place in your confidence, I shall again present you with my services at the approaching General Election.

I have the honor to remain, Gentlemen,
Your ever faithful
And most devoted servant,
F. KELLY.

Fort Augustus, 24th December, 1862.

To the Electors of Charlottetown and Royalty.

GENTLEMEN;

AT the earnest solicitation of a large portion of my fellow citizens, I have consented to become a Candidate for your suffrages, at the ensuing Election.

During a residence of nearly a quarter of a Century among you, I have had ample opportunities of ascertaining the real wants of the Colony, and of observing the acts of our public men. It is well known to you, that my political bias has been MODERATE CONSERVATISM. To these principles I still adhere. But it is my firm conviction that the strong political views of both the Conservative and Liberal Parties have exceeded all proper bounds. In the perpetuation of this strife, no permanent advantage can be obtained by either party, and in the mean time the brightest hopes for the prosperity of the Island are enveloped in gloom. The best friends of both parties are pleading for a cessation of this deadly struggle. It will be for you, Gentlemen, to say at the coming Election, whether you are prepared to endorse these sentiments!

Personally, I have no object in view, but for the peace and prosperity of our common home. I seek no office. I ask no further reward than the conviction of having done what I could to promote the real welfare of all classes of our community. As a citizen, you may rely on my best exertions to promote the too long neglected interests of our City.

Leaving myself at your disposal,
I remain, Gentlemen,
Your obedient servant,
WM. HEARD.

Charlottetown, Dec. 29, 1862.

To the Electors of Charlottetown and Royalty.

GENTLEMEN—

HAVING been unanimously nominated a candidate for the representation of Charlottetown and Royalty, at a very large and influential meeting of the Electors, I desire publicly to express my thanks for this renewed expression of their confidence in me, and in deference to your wishes, I beg again to offer my services. If elected I shall endeavour, by every means in my power, to promote the best interests of the People.

I am, Gentlemen,
Your most obedient servant,
DANIEL DAVIES.

Charlottetown, Dec. 29, 1862. 3i

To the Electors of Charlottetown and Royalty.

GENTLEMEN—

IN consequence of George Beer, Esquire, your late representative in the House of Assembly, having declined to allow himself to be put in nomination as a candidate for the representation of Charlottetown and Royalty, at the coming Election, I am induced to yield to the wishes already personally expressed by many of yourselves, and to offer myself as a candidate for your suffrages.

Should I be returned as one of your representatives, no effort of mine shall be wanting in support of such measures as shall be dictated by a due regard for the prosperity of the Colony, and the local interests and advancement of this my native Town.

I am, Gentlemen,
Your obedient servant,
FREDERICK BRECKEN.

To the Electors of the Third Electoral District of Queen's County.

GENTLEMEN;

THE House of Assembly having been dissolved, I have much pleasure in again offering myself as a candidate for your suffrages. And should you return me, nothing shall be wanting on my part to promote the best interests of the District and Island generally. As soon as the ice and roads are fit for travelling I intend to call public meetings, to explain my views on local and public affairs.

I am, Gentlemen,
Your obedient servant,
GEORGE COLES.

Charlottetown, 13th Dec., 1862.

To the Electors of the Second District of King's County.

GENTLEMEN;

THE General Elections, to come off next month, furnish me with the agreeable occasion for thus addressing you.

To as many of you as are my friends I beg to say, that as the time has come for reducing our mutual promises to acts, I shall be one of your candidates at these Elections.

And should I be successful, I shall give a loyal political support to the Liberal party; whilst ever faithfully aiming at the general improvement of the country, and your locality in particular.

The first essential condition of this general improvement I take to be the immediate and complete abolition of the present landlordism of the Island, as being in its effects disastrous to the best interests—both agricultural and commercial—and altogether alien to American sentiment.

And as our Government constitutionally possesses the full plenary legislative powers for this business, I should be for confining its equitable adjustment to colonial domestic enactment. The Imperial Government is clearly bound—(in consequence of its own "improvidence", in gifting away the inheritance of its own emigrants to absentee favorites, and thus defeating, to an incalculable extent, the prosperity and destiny of an Island, which, from its fruitful soil and favorable situation for commerce, ought long since to have been crowded with inhabitants)—to guarantee the credit of this Province to whatever extent needful for the liquidation of all landlord claims, admitted by a Commission appointed (as in Canada), under a Provincial Act, for the abolition of the present landlord tenure.

With regard to your local improvements, I shall confine myself to merely indicating two, namely: the early construction of a Plank Road of seven miles, from the Bay to Grand River, by which your best markets might readily be reached; and the establishment of one or more Chartered Fishing Companies, for giving useful employment to your young men, and remedying your individual inability to arrest some portion of the great wealth annually visiting your shores.

I have the honor to be,
Gentlemen,
Your obedient humble servant,
P. E. McKEON, M.D.

Charlottetown, Dec. 13, 1862.

TO BE SOLD!

A GREAT BARGAIN!!

THE Subscriber being desirous to retire from business, is willing to sell his entire Stock in trade at a very Cheap Rate, AND UPON ACCOMMODATING TERMS. In order to facilitate the sale of the whole to one party, it may be paid by instalments of £2000 per year, extending over a period of 4 or 5 years, upon security being given for the respective payments, at the option of the purchaser. The stock is well assorted and consists of nearly every article of Merchandize usually imported into this Colony. The business has been long established and is connected with nearly every section of this Island; the position of the premises as a business mart—if not superior to—is not surpassed by any in this city, and is considered entirely Fire-proof from without. The Shop, Cellarage, Ware Rooms, Warehouses, Dwelling House, Out Offices, &c., will be let on very reasonable terms for any number of years which may be desired by the purchaser of the Goods. In the meantime, however, in the absence of such purchaser, the Goods will continue to be sold at the lowest price that will cover the costs of importation. And as the whole business must be wound up before the Spring, all debts due after the first of March next will be placed for immediate collection in the hands of the Attornies of DANIEL BRENAN.

RULES AND REGULATIONS.

NOTICE is hereby given that in pursuance of Resolutions passed by the Committee on the 20th of March, the following Rules have been amended, viz:—

Sec. 39, so as to require that ships, the length of which exceeds eight times but is under nine times their depth, shall have the same longitudinal strengthening as is prescribed for ships the length of which exceeds five times their breadth.

And that, where the length exceeds nine times, and is under ten times their depth, they be subjected to the same requirements as those which exceed in length six times their breadth.

And in cases where the length exceeds ten times the depth, the Builders or Owners are to submit, for the Committee's approval, their plans for giving the Vessel the necessary strength longitudinally.

By order of the Committee,
