Predicts Increases in C. S. Salaries Across The Board

"There is a good possibility that the Civil Servants' request for an eight per cent salary increase across the board may be met," this was the opinion expressed in Charlottetown over the weekend by Mr. W. Hewitt-White, Canadian Civil Servants' National vice-president who addressed an open meeting of Federal Government employees at the Clover Club.

Mr. Hewitt-White said the brief presented to the Prime Minister in February offered the opinion that salaries at the top level in Civil Service needed to be lifted in order to allow for a general expansion of Civil Service salaries to bring them in line with those paid in outside industry.

"Apparently the Prime Minister agrees with this view" said the Association vice president, "he has stated that top level C. S. employees will have their salaries raised and we believe this is an indication of a general upswing in salaries throughout the service."

The meeting was attended by representatives from Charlottetown and Summerside and was presided over by Mr. Henry Murnaghan, District Council president. The speaker was introduced by Provincial vice-president Sinclair MacLeod.

What Would Surprise Grandma Most Today

Ironing was a day's work for Grandma. Keeping food fresh often meant hanging meats and vegetables in the cellar. And on the hours Grandma spent cooking on a tricky wood stove. Even boiling water wasn't quick or easy for Grandma.

But today, nothing would surprise Grandma more than a modern Frigidaire Range. It can cook everything from crisp rolls to luscious lemon pie — in the oven automatically... while you're out! And the Frigidaire Speed-Heat Unit boils water in seconds. The Heat-Minder Unit won't let any food burn. And Frigidaire's new "Spatter-Free" Broiling lets you broil 100 times... without having to clean the oven. Grandma never even dreamed of the cooking help a Frigidaire Range can give you.

The new Frigidaire Ranges always look new too. They wipe clean as easily as a china dish! See everything these clever ranges can do. Drop into your nearest Frigidaire dealer's... today!

DRIVER ESCAPES IN ACCIDENT

Serious injury and possible death were each escaped by Charles Graves, 18 Passmore Street, driver of the 1952 Dodge four-door sedan shown above, which plunged through the railing of the Millview bridge early Saturday morning. Dropping

approximately 12-feet, the car landed upright in the stream below. At the time the City teenager was on his way home from Montague. In the crash the steel railing pierced the car's grill and passed through the front seat and out the rear

door. The driver suffered only minor injuries but had considerable trouble extricating himself from the vehicle until its removal Sunday, the scene attracted a steady stream of spectators.

PROMISE OF REST

Now, it is the One who could say that God had delivered all things to him who gave this promise of rest. He is more than able to keep it.

What does this mean for us poor sinners as we climb the toil-some hill of life? It means that we have with us a divine companion who is in command of all that concerns us. There is much that we must do for ourselves, but the results of what we do and the circumstances in which our work is done are beyond us.

He controls them all. He makes them serve His objects in our lives. The Creator of the Universe and our Creator would seem so far above us that His presence would dissolve in mist if it were not that Jesus shows us what God means to each one. God comes to us in His Son.

When we trust this Divine Companion. He gives the rest in which our strength is renewed and our spirit refreshed. We have known God's peace flow into our souls like a tide — a tide that "moving, seemed asleep, too full for sound or foam."

This was in a crisis, and before it the difficulties were swept into oblivion. In life's ordinary ways, His calm brings self-control, and with it, command of the situation into which our Leader brings us. He will lead us through.

RELIGION AND LIFE

BY VERY REV. GEORGE C. PIDGEON, D.D., LL.D.
First Moderator of the United Church of Canada

IT APPLIES TO TENSION OF EVERY MODERN TYPE

There was a testimony of special significance for the religiously-minded in Judge Medina's great address to the Empire and Canadian Clubs the other day. He was the judge who presided at the trial of certain Communists in the United States, and every effort was made by their advocates to break him down.

Once when the pressure was more than he could bear, he left the bench for a few minutes and turned to God for help. It came, and he returned calm and clear and capable.

He found that he could turn his mind to God in a moment

and receive the same help for the task before him.

Literally, God enabled him to stand up under that strain for months, so that justice triumphed through him in every case before him.

This striking experience is the most impressive testimony I have ever heard of the truth of Jesus' invitation and promise: "Come to me, all who labor and are heavy-laden, and I will give you rest."

Never was a guarantee like this needed more deeply than it is now.

There is one word that is being repeated over and over in statements about conditions in our time — the word tension. The present is a time of stress and strain. Men in business and public life — not to speak of religious activity — are constantly under pressure.

Often it is more than flesh can endure. Jesus had just such a condition in mind when He offered men rest.

A traveler in Palestine had some luggage to be taken to a train, and asked a porter to have it moved. He added that the man would need help as it was too heavy for one to handle, but the porter did it himself. The traveler commented that when he saw that man carrying a load beyond his strength, labor that would break him down and make him an old man at forty or earlier, he realized what was before Jesus' eyes when He made that offer. And it applies to toil and tension of every type.

Bank's Interest Rate Drops

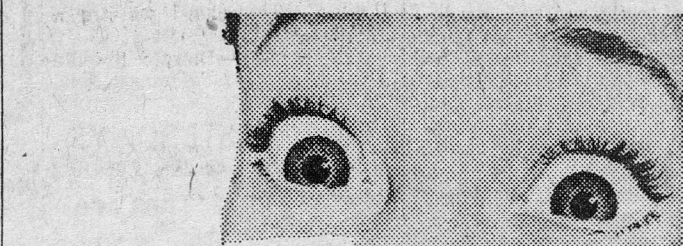

OTTAWA (CP) — The Bank of Canada interest rate dropped sharply this week to 1.83 per cent from 2.14 a week ago, the central bank reported Thursday.

The rate is fixed at one-quarter of one per cent above the average yield from short-term government treasury bills.

The yield this week was 1.58 per cent against 1.83 last week resulting from acceptance of tenders on \$115,000,000 of government of Canada treasury bills, maturing July 18, at an average price of \$99.609.

The central bank's rate this week was the lowest since Aug. 4, 1955, when it fell to the all-time record low of 1.50 per cent, first established Feb. 8, 1944, and equalled at various times since.

The record high—4.33 per cent—was set Aug. 21, 1957.

Duties of Citizenship Described

The duties of citizenship devolving on all people as part of their right to be Canadians was told by Heath Macquarrie, M.P., Thursday night as he addressed the regular meeting of the Men's Association of York United Church at York Hall.

The speaker also briefly traced the history of Canada and its development since Confederation. He was warmly thanked by Arthur Brown for his instructive talk.

President Keith Cudmore presided and the opening blessing was asked by Beverley Simpson. Following the supper prepared and served by the Ladies Auxil-

ary an enjoyable sing song was led by Irving Thompson with Art Vessey at the piano. This was followed by a devotional period led by Frank Vessey and Garry Barlow.

A brief business session saw the appointment of a nominating committee to bring in a slate of new officers for the coming year and then the benediction was pronounced by Rev. J. Littlejohns.

P. E. I. LAMB PRODUCERS

In recent years lamb quality on Prince Edward Island has been steadily going down. There is no reason why, with proper care and feeding, we cannot produce top lambs. We have done it with hogs and we can do it with lambs.

This question of lamb quality was discussed at our annual meeting in March. It was decided that the following live grades and weights will be in effect for marketing lambs beginning August 1, 1958.

Grade	Weight	Grade	Weight
Good	85—110 lbs.	Medium	85—110 lbs.
Good	111—125 lbs.	Medium	111—125 lbs.
Good	126 lbs. up	Medium	126 lbs. up
Good	84 lbs. down	Medium	84 lbs. down
Fair	85 lbs. up	Fair	84 lbs. down
Culls	all weights		

Good lambs 85—110 lbs. produce the most desirable carcasses. All other grades and weights will be discounted.

NOTE: Buck Lambs will be discounted \$1.00 per head. All lambs with long tails will be discounted 50 cents per head.

The above recommendations have been presented to the principal lamb buyers on Prince Edward Island and have been approved by them.

We strongly urge all lamb producers to:

1. Castrate all buck lambs intended for market.
2. Dock all lambs.
3. Provide for supplementary pasture this fall to finish lambs after weaning.
4. Market lambs at proper weights, that is, 85 to 110 pounds.

We recommend Rail Grading of all Market Lambs.
