PERSONAL.

Mr J Lawlor Wood of Montreal, a tenor, will sing at the O'Connell entertainment on Monday night.

A likeness of Mr D J McLeod, Superintendent of Education for this province, appears in the Halifax Chronicle.

Mr G O McLeod, president of the Crescent Bicycle Club, Charlottetown, P E I, is registered at the Brunswick.—Moncton Times.

The St. John Sun says: Dr. S. W. Prowse and his brother, who is a merchant at Murray Harbor, P. E. I., are in the city on the western tour. They propose to visit the Canadian towns as far as Winnipeg and perhaps further. Dr. Prowse is an old Mt. Allison student and a recent graduate of Edinburgh, and may take up his residence in Manitoba if he likes the country.

Mr. Barrett Henderson, of North River, who went to Dawson City with a drove of cattle, returned to Charlottetown last evening with his two hired men. He gives a bad account of Dawson City, which he characterizes as "the wickedest city on earth." He reports that Small, Wortman, Kennedy and McRae, after looking about Dawson City, went up the Stewart River prospecting. Dawson and Dixon are running a hardware and general store in Dawson City, occupying a tent 14x22 feet, for which they pay a rental of $250 a month Reid, Moore, McFarlane and Trowsdale are also in Dawson City. Mr. Henderson says that the Island boys will be home this fall, and he advises those who are home to remain here.

Seems as if all the things we like disagree with us, and all the things we don't like, agree with us. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course it is'nt Nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Pierce's Pleasant Pellets are for people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with Nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten anything that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

Kidney-Bladder Trouble.

There is no more serious menace to good health in the present age than Kidney disorders, and it's an appalling fact, but a true one, that four-fifths of the country's people have the taint of this insidious disease with them. Dr. Chase's Kidney-Liver Pills cure all Kidney disease.

LEAGUE OF THE CROSS.—The League of the Cross "camp" at McNally's Island was yesterday evening invaded by a large party of excursionists, who were made heartily welcome and entertained in good style by the boys and their friends. McNally's Island is up the East River a few miles, and is an ideal spot for a summer outing. Upon their portion of the island the League boys have erected a summer cottage, and here, with their band, they pass two or three weeks very pleasantly each season, The grounds about the cottage are being fitted up in good shape, and when the facilities for landing are perfected there is no reason why the Island should not become a favorite spot for picnics. The excursion from the city was under the management of Mr. W. T. Payne, and he did all in his power to make the outing a pleasant one. The Nelson made two trips from Charlottetown, one at half past two in the afternoon and the other at seven in the evening. She returned during the night.
