## GRAIN

WINNIPEG, (CP) — Prices moved irregularly and narrowly throughout most of Friday's dull session on the Winnipeg Grain Exchange, and generally closed slightly lower.

However, highlight of the activity on the market was the announcement that the Canadian Wheat Board had made 13 cargoes of Canadian wheat, about 4,000,000 bushels, available to Japan. The wheat will grade No. 1 to 4 northern, and be sold at the class two wheat price. It was believed most of the business had been completed.

American interests were on the buying side in both oats and rye, while industrial orders appeared in flax.

No information was available on export wheat loadings.

Prices for class two and IWA wheat were down three-eighths of a cent from Thursday.

Closing prices:

Oats: May 76¼; Jly 74⅜A; Oct. 74¼-B.
