**The Travellers' Insurance Comp'y,**

**OF HARTFORD, CON.**

**Cash Assets - - - - - $1 600,000.**

*Grants everything desirable in*

**LIFE & ACCIDENT INSURANCE**

ON THE MOST FAVORABLE TERMS.

### Accident Department.

THE Travellers' Insurance Company, in its Accident Department, is a General Accident Insurance Company, granting policies of Insurance against Death, or wholly Disabling Injury by Accident to men of all trades, professions, and occupations, at rates within the reach of all. It insures against accidents by machinery, accidents from the use of tools and implements, accidents that occur in the usual and lawful avocations of life, as well as accidents by travel.

General Accident Policies are written for a term of one to twelve months each, and insure a sum of $500 to $10,000 against Death by Accident, and $3 to $50 weekly indemnity for wholly disabling injury by accident, not to exceed twenty-six weeks for any one accident, at an annual cost of $5 to $10 per thousand for occupations not specially hazardous. Hazardous risks taken at higher rates.

### Life Department.

In its Life Department, the Travellers grants full Life and Endowment Policies, embracing the best features of the best companies, but without the complications or the uncertainties or the note system. It sells Insurance rather than future "dividends." Its contract is a plain one, its security is ample and unquestioned, and its rates of premium are exceedingly low. It prefers to do business on a cash basis, and thus gives its policyholders advantages not attainable under the credit system.

Premium system, the favorite low rate cash plan.

All policies non-forfeitable. Its ten, fifteen and twenty year policies can be converted into Endowments, at the option of the insurant. This feature is original with this Company.

The Travellers' furnish everything desirable in either Life or Accident Insurance. It has issued 215 000 general accident policies and Paid Fourteen Thousand Claims for death or injury by accident; the amount thus returned to policy holders averaging about Seven Hundred Dollars a Day for every working day during the past seven years.

In its Life department it has written 11,300 policies; and its Low Rate Cash Plan is steadily growing in favor with the insuring public.

### Example of Life Rates.

The holder of a policy for $4000 will pay an annual premium of $70 20, which will cost in most other companies very nearly $90. Hence the assured can secure in the Travellers a Life Policy for over $5000 for the same annual premium as charged by other companies for only $4000, and the insurance take effect from date of policy without waiting for bonus additions, which are uncertain, and at best require the assured to have a guarantee of life for a number of years in order to realize.
