

personal safety, and amidst a storm of hisses, they beat a retreat.

An opposition to Mr. Fraser is "no go." The electors of the second District are so well pleased with the conduct of the new Collector, that they can not be prevailed upon to give their most sweet voices for the old Secretary, notwithstanding the recommendation of Mr. Speaker Rae. Prince bids fair to be a model county for Liberalism.

The Hon. Mr. Pope left Town yesterday morning, to represent the Hon. Mr. Warburton at one of his polling divisions, and to be in at the death of the opposition candidate. The Hon. Mr. Coles will represent the Secretary at Tignish. Poor Mr. Gall! We hope that before journeying hence, he will leave with the men of the West a lock of his hair.

The Colonial Secretary and his friends will arrive in Town on Friday next, at about 12 o'clock.

TO CORRESPONDENTS.—"M." and other correspondents will shortly be attended to.

We are compelled to defer the publication of the remainder of the Debate on the late Colonial Secretary's fees, in order to make room for the great amount of advertising matter we have been this week required to insert.

Nor shall we forget the claims of our fair readers, when our columns are relieved from electioneering matters, and from advertisements. We have some interesting Tales and literary Sketches, in readiness for their amusement.

IMPORTANT TO FARMERS.—We have been informed by some of the merchants of Pictou, that the article of butter, which forms a large export from this place to St. John's Newfoundland, has for some time past been very much depreciated, from being too much salted. Whether it is a mistake in judgment on the part of manufacturers, or a desire to sell salt which they buy at 2s. 6d. per bushel, at 7d. or 8d. per lb. along with the butter, we cannot tell; but it is now an undoubted fact, that the Pictou butter from this cause is almost worthless in that market.

Advices have been received, stating that if an improvement is not instantly made, the Canadian butter will drive ours out of the market. We give this hint for the benefit of our friends in the country, and hope they will take notice thereof and govern themselves accordingly.—[Halifax Chronicle.]

A BOY SHOT.—We regret to say that on Friday forenoon, about 11 o'clock, Louis Rousselle, a lad of 14, living on the Cote Visitation, lost his life in the following manner:—Accompanied by a younger boy, he went out shooting, when, in getting over a fence, his gun, the muzzle being pointed towards his breast, went off, lodging the entire charge—a marble and some peas—in his body. The poor boy died almost instantaneously, having merely time to exclaim, "Oh, mon Dieu."—[Montreal Herald.]

BOY CARRIED OVER NIAGARA FALLS.—A boy two years old, named James McGrath, was carried over the Falls on the 19th instant. He was playing on a board at Street's Factory, on the Canada side, in company with an elder brother; their father saw them, and chided the elder one, who suddenly jumped off, when the other was precipitated into the stream. He soon got into the rapids, and the father hurried to rescue him; but in vain—the boy went over the Falls!

The Montreal Courier says that three Roman Catholic institutions in Lower Canada possess a total income larger than the whole provincial revenue.

DAGUERRETYPE IN OIL.—The Editor of the New York Commercial says—

"We have recently seen some capital likenesses daguerretyped in oil. They have a life-like appearance which it is impossible to impart to the ordinary daguerreotype. The discovery is a new one, by a gentleman in this city, who is about to introduce this new style of portrait to the public, when it will probably do away with the old method altogether."

It is said, in the *Buffalo Advertiser*, that some parties in Naples contemplate the construction of a canal, from the sea into the heart of Mount Vesuvius, through which they intend to let in the waters of the Mediterranean, with the view of extinguishing the fires of the volcano! The value of the lands to be reclaimed by the project would, it is calculated, more than repay the outlay for the canal.

Texas papers say that the Indians of that country make a practice of stealing white children; and that lately two white children, who are now in possession at Fort Smith, were rescued from them. The children, one about five, the other about seven years, appear to have lost all recollection of the whites, and left the Indians with regret. It is not known to whom they belong, and probably never will be, as they are unable to make any statement themselves that may lead to the discovery of their parents.

MELANCHOLY ACCIDENT, AND LOSS OF TWO LIVES.—On Sunday morning, the 1st instant, the House of *James Kinlay, Esq., J. P.*, West Cape of this Island, was discovered to be on Fire. Mr. Kinlay, with great difficulty, succeeded in saving a very small portion of his property, nearly everything being consumed, and most melancholy to relate, his Son *Jabez*, a fine boy of 12 years of age, together with a brother of Mr. Kinlay's, who was both deaf and dumb, perished in the flames. The heart of the unhappy youth was found nearly entire, but not another vestige of either was discovered. The fire originated in the carelessness of a servant maid going to sleep, leaving a candle burning by her bedside.

Wonderful Cure Performed by

S. P. TOWNSEND'S

SARSAPARILLA.

To M. W. SKINNER, AGENT FOR S. P. TOWNSEND'S SARSAPARILLA:

SIR— This is to certify, that I was for the last 12 months troubled with Fits, and from their very severe attacks, thought each one would terminate my existence; and in addition to the fits I was reduced to a mere Skeleton, and was extremely weak and nervous.

I heard a great deal about S. P. Townsend's Sarsaparilla, for which you are Agent. I was advised to try it; and strange and wonderful to relate, before using the contents of one bottle, I was greatly benefited. Indeed, so rapid and effectual was the cure that it appeared to me to be almost miraculous; and I think that in justice to the public and suffering humanity, I am bound to make the above statement, and say that a greater blessing, in my opinion, than S. P. Townsend's Sarsaparilla never came to this Island.

(Signed)

MARY LOW.

Bungy, New Glasgow Road. Sworn before me, this 14th day of June, 1851.

CHARLES DEMPSEY, J. P. The Public will please bear in mind that the above cure was effected by the Sarsaparilla manufactured by J. R. Chilton, M. D. whose certificate in green paper is on the outside wrapper of every bottle, and be cautious not to buy any wanting this.
