TORONTO (CP) — The gold index attained an all-time high to climax a day of broken index records, higher prices in all sections of the stock market and moderate trading Tuesday.

The 10-stock gold index skyrocketed 7.81 to a record 146.72, its all-time high. The 15-stock base metals index also reached a high—70.34—with a gain of .64.

Most major gold producers made impressive gains. Dome led the advance with a 2¼-point gain to a new high of 35¼, while Giant Yellowknife rose 1¼ to a new high of 14. Lakeshore also attained a new top—$2.32—with a gain of 52 cents.

In other gold trading, Cochenour Willans rose 20 cents to $3.10, as did Dickenson to $4.95, while McIntyre Porcupine advanced ¾ to 58¾.

Industrials were strong all day and set new index highs at the noon compilation of the 80-stock barometer. Gains were mainly fractional, but some issues attained new highs with advances of a point or more.

Distillers Seagrams rose 1⅝ to a new top of 67¾.

Utilities were strong with CPR ahead ¾ to 53¾.

Motors were a losing group. U.S. Ford fell 2⅜ to 61¾.

The speculative list was dull in little volume. Consolidated Morrison, the day's most heavily-traded issues with volume of more than 168,000 shares, gained five cents to $1.02.

The senior base metals list was strong all day and established a new index high at the close. Hudson Bay gained ¾ to 70½.

On index, industrials rose .50 to 163.90 and the exchange index .37 to 132.95. Western oils fell .31 to 93.91.
