Much Interest Shown In Big Two-Day Event

Prince Edward Island's first Fat Stock Show and Sale will open this morning at 10 o'clock at the Charlottetown Exhibition Grounds. The show and judging will be held in the Poultry Barn. Following the judging the sale will commence this afternoon and continue through Friday. The sale of animals will take place in the Fox Pavilion where ample room is available to buyers and spectators.

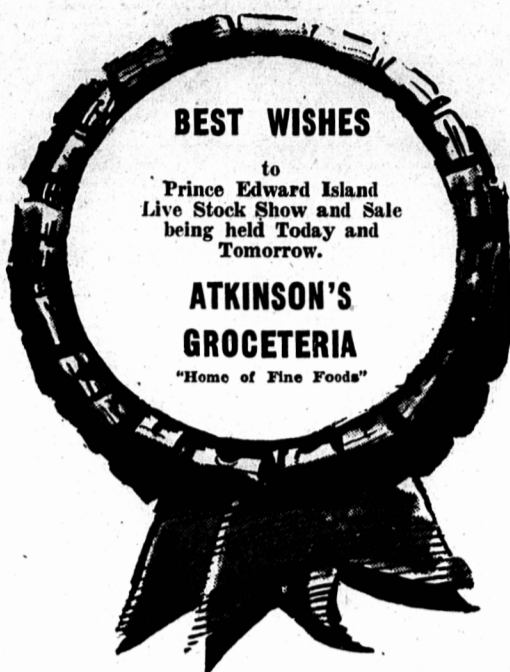

Some of the best beef and breeding cattle in the Province were weighed in yesterday and housed in barns in preparation for the two-day show.

Judge of Show will be Prof. L. H. Hamilton of Macdonald Agricultural College. Mr. Alex MacRae, Wheatley River, will be the auctioneer.

The show is under the auspices of the Provincial Exhibition Association. It is attracting a great deal of interest and it is expected a good crowd will be on hand. Among possible buyers of some of the cattle will be representatives of Canada Packers, Swift Canadian Company Ltd., and the T. Eaton Co.

No doubt, too, some of the local retailers will be keenly attentive as some of the animals will provide an attractive display of Easter meat for the consumer public.

All beef will be approved and stamped by veterinarians after sale. Sixty choice steers and beef heifers have been entered by many of the top commercial breeders in the Province. Forty head of high grade breeding stock including Shorthorns, Aberdeens-Angus, Herefords, both male and female, will come under the auctioneer's hammer.
