Fast Time on a heavy Track.

"MAUD S," DRIVEN A MILE IN 2.16 WITH WIND AND TRACK AGAINST HER.

HARTFORD, May 58.—A high wind from the west was blowing, and the Character Oak course was heavy from the effects of a thunder storm, when Mr. Blair drove "Maud S." from the quarters this afternoon. The fact that the mare was to be given a trial to-day was well known, and four or five hundred people, prominent in sporting circles were present. Charley Delmonico, Dan Mace and William H. Vanderbilt's friend, William Turnbull, were among the crowd in judges' stand. On the quarter stretch and the grand stand were many of the best known sports of New York, Boston, New Haven, and Springfield, and here and there a prominent business man. A few minutes before 2 o'clock the little mare came up to the wire with a coquettish toss of her head and at a gait that was half trot and half skip. She was in splendid condition. Her hide was smooth, and she had been so well rubbed down that she fairly glistened. Just as Blair brought her to a standstill under the wire, Mr. Turnbull touched Charley Delmonico on the shoulder and said, "I'll bet you a dinner for ten that she makes a mile in 2.15." Charley looked at the heavy track, which had already some what marred the cleanliness of the sulky wheels, observed that the breeze was growing fresher and stronger every minute, and said "I'll take you." On the quarter stretch and grand stand tablets and money were produced, and many wagers were made on the probable result. Even bets were made that the mare would do the mile in 2.17 and a few wagers were laid at $50 to $100 that she would make it in 2.15.

Dan Mace and Mr. Delmonico stood over the wire watches in hand. Blair turned the mare's head, drove her up the track about a hundred yards, turned her head again, and started down the wire at a rapid gait. He threw up his whip for the word, and when Mace said "Go!" the queen shot out like a flash of light, amid the wild cheers of the spectators. She passed the first quarter pole at 2.20 gait. Her speed gradually increased until, when near the last turn she was going at what it was estimated was a 2.10 gait, She lost a little on the turn, but headed for the homestretch at a rattling pace. Blair leaned over and tapped her gently with the whip. She let out another link, and the men on the quarter stretch began to dance in their excitement. As the mare neared the goal a loud hurrah broke from the spectators. Maud S., with every motion as even and steady as clockwork, went under the wire like an express train. The timer announced that she had made the mile in 2.16 and the last quarter was ended in a 2.08 gait. Blair jumped from the sulky, the grooms threw a blanket over the queen, and she was led off to her stables.

"If any one wants to bet that Maud S. cannot trot a mile under 2.10 he will not have trouble in finding takers," said Mr. Turnbull. Blair was warmly congratulated on the time, which is the best ever made in the month of May. Mr. Robert Bonner's Picard has a record of 2.16¾ in the same month. He said the mare could have made the mile in several seconds less if it had not been for the heavy track. "Practically speaking," said he, "she went at her own gait. I urged her but very little, and only used the whip on the home-stretch, and then touched her very lightly. I do not think that there is any doubt that she can beat 2.01.

After Maud S's feat, Early Rose was hitched up and went the mile in 2.22. Then Maud S. and Aldine were hitched together, and made the mile in 2.24¼.

Sir Arthur Sullivan will not let the brand new spurs of his knighthood rust in idleness. He is hard at work with Mr. Gilbert, preparing another opera—not of the "pinafore" pattern. It is to be something grand, and a hitherto unheard of prima donna is to be found to bring it out next fall.

The Great French Remedy, Dr. LeDuc's Periodical Pills.

For the cure of Leucorrhœa or White's Excessive of sinful Menstruation, Green Sickness, Falling of the Womb, Catarrh of the Uterus or Vagnia, Hysteria, ain in the Back, or Piles, or for the purpose of invigorating and giving tone to the Generative Organs, two pills should be taken twice daily, or in very enfebled conditions, one pill three times a day. To effect cures in chronic cases it will be necessary to continue the use of the remedy for some months. A reasonable trial will create sufficient confidence in the remedy to insure its being taken until a permanent cure is effected.

STARR KIDNEY PAD CO., 31 King Street, Westoronto. All Druggists. dec. 16

MRS A. E. McLEOD, Dressmaker and Milliner, has removed from Mrs. Burris' premises, to the house next to the St. Vincent Nursery, and immediately opposite the entrance to the old Burying Ground, Malpeque Road, where she will be most happy to attend punctually to all orders entrusted to her, and at reasonable rates. Parties having anything to do in her line would do well to call.

Nov. 4, 1882.

Rev. Father Wilds' EXPERIENCE.

The Rev. J. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows

"78 *E. 5th St., New York, May* 16, 1882.
MESSRS. J.C. AYER & Co., Gentlemen:

Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intolerably at night, and burned so intensely, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. WILDS."

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.

Ayer's Sarsaparilla

cleanses, enriches, and strengthens the blood, stimulates the action of the stomach and bowels, and thereby enables the system to resist and overcome the attacks of all *Scrofulous Diseases, Eruptions of the Skin, Rheumatism, Catarrh, General Debility*, and all disorders resulting from poor or corrupted blood and a low state of the system.

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists; price $1, six bottles for $5.

AYER'S CATHARTIC PILLS.

GAS COOKING STOVES.

WE have made arrangements with the best makers of Gas Stoves in the United States, which we will be able to supply the public, at the lowest possible price.

We have also agreed with the Gas Company (for the purpose of introducing these Stoves) to sell the first fifteen (15) for which we may receive orders,

At their Net Cost,

LANDED HERE.

TESTIMONIALS.

The following are a few testimonials from a list of several hundred:—

The capacity of the Stove is surprising. With a No. 8 Stove we cooked for a party of seven, giving them broiled oysters, steak, lamb chops, and baked biscuit, in 45 minutes, at a cost for gas of 4½ cents. On another occasion we gave a dinner in courses of twenty men, the bill of fare as follows: Broiled shad, beef steak, roast quarter of lamb, baked biscuit and coffee; heating the water for washing the dishes four times, re-setting the table three times. All was accomplished in one hour and forty minutes, at an expense for gas of eleven cents. This work was all done on one No. 8 Stove. All were enthusiastic over the manner in which the oysters, fish and meats were cooked; none had experienced any so tender, juicy, and of such full flavor before. We consider the stove a great success, and most complete in all its parts and arrangements.

A. C. WOOD, Supt.

I bought one of your No. 12 Gas Cooking Stoves last September, for use in my restaurant, and have used it ever since for baking, broiling and stewing.

I can say for it that it is always ready and does its work rapidly; that there is no dust, no dirt, no surplus heat, as we are using only that portion that we need, and as soon as the article is cooked the gas is extinguished and there is no waste. I think it will do the same amount of work at less cost than coal, even at the high price of gas. It takes much less room than a coal range that would do the same work. I am perfectly satisfied with it and would not be without one for double the price.

J. T. HARKER.

The Gas Stove you sent me, I am glad to say has proved an entire success.

If my testimony is of any value to you, you are at liberty to use it. The decrease in the coal bill more than offsets the increase in the gas ditto. The cooking is excellent and uniform in its operation.

No dirt or dust irritates the careful housewife, and Mrs. S. describes it as a "real treasure."

In my humble opinion, any man who really wants to add to the number of allotted days of his better-half, had better invest in a Gas Stove and save her worry, and himself expense.

W. H. SEYMOUR.

We are perfectly delighted with our Gas Stove. It gives entire satisfaction in every respect.

MRS. M. PENNINGTON, 2103 Vine St.

Your favor of the 1st inst. was duly received asking my opinion of the Gas Cooking Stove bought last May, and in reply, would state that the satisfaction rendered by the stove was far beyond my expectations, and the work it will accomplish is marvelous, together with the small expense and comfort attending the same.

EDWIN A GARETT.

Having used one of your No. 7 Gas Cooking Stoves for a considerable time past, it is with pleasure that I bear testimony to its genuine merits.

It boils, bakes, broils, roasts, and in fact, does everything that a first class stove or range can do, and with a saving of time and labor, that can only be appreciated by those who use them.

It has given us the most entire satisfaction and to use my wife's words, "I would not be without it for ten times the cost."

From statements of our gas meter taken, we find it *more economical* than coal

NOTICE TO CONTRACTORS.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for the Formation of Basins near St. Gabriel Locks," will be received at this office, until the arrival of the Eastern and Western mails on WEDNESDAY, the 6th day of JUNE next, for the formation of TWO SLIPS or BASINS, on the north side of the Lachine Canal, at Montreal.

A plan and specification of the work to be done can be seen at this office, and at the Lachine Canal Office, Montreal, on and after TUESDAY, the 22nd day of MAY next, at either of which places printed forms of tender can be obtained.

Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms.

An accepted Bank cheque for the sum of $2,000, must accompany each tender, which sum shall be forfeited, if the party tendering declines entering into contract for the works at the rates and on the terms stated in the offer submitted. The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

The Department does not, however, bind itself to accept the lowest or any tender.

By order.
