O'Leary and Vicinity

Sincere sympathy is extended to the family of the late Mr. George Dumville in Unionvale.
Mr. and Mrs. Stanley Dumville and family of O'Leary, were visitors to Murray River recently.

The man from Manitoba who wouldn't talk

For sheer exciting reading, Quentin Reynolds' true narrative of the Canadian Intelligence agent in the hands of the Gestapo is a thrill you must not miss in November Reader's Digest.
Read how George DuPre, native of Winnipeg, saved the lives of thousands of Allied troops by keeping tight-lipped through the Gestapo's most fiendish tortures. It's a recital that will both challenge and renew your faith in human nature!

introducing a BRILLIANT NEW DODGE

the ROYAL V8

Lowest-priced car offering these 2 great engineering triumphs for '54

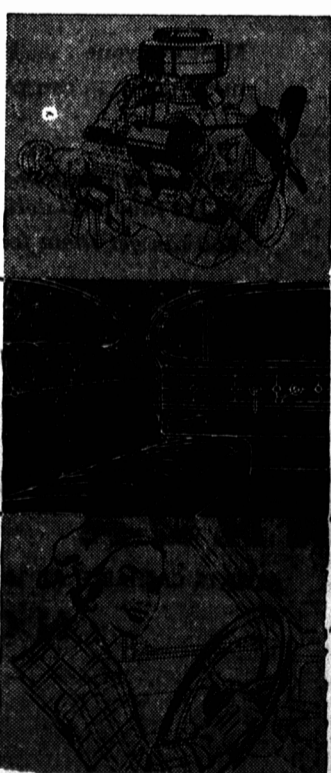

NEW COMPLETELY AUTOMATIC TRANSMISSION

THE V-8 ENGINE THAT'S YEARS AHEAD

You'll find the Dodge Royal V-8 is Dodge at its finest - a more powerful, smoother, more luxurious successor to the Dodge Coronet V-8. It offers you matchless performance in the medium-priced field... a combination of the "ideal-design" Red Ram V-8 engine, famous for efficiency and economy and now rated at 150 H.P. ... a torque converter which greatly increases the engine's accelerating ability ... and a simple, smooth, fully automatic shift.

PowerFlite, the industry's newest and finest completely automatic transmission, is standard equipment on all Dodge Royal V-8 models. It gives you three great advantages. First, its simple design and automatic shift (without moving your foot from the accelerator) give you smooth, quiet, easy operation and assure long, trouble-free life; second, it provides the extra acceleration of a torque converter for fast oil-cushioned starts; third, while there is no clutch, simple operation of the selector lever between first and reverse allows you to rock the car to get out of snow or mud.

You'll find new beauty and comfort, too, in the 1954 Dodge Royal V-8... new chrome treatment that produces that longer, lower look... beautifully upholstered, colourful two-tone interiors... wide, restful, chair-high seats. Arrange today for a demonstration of this brilliant new Dodge Royal V-8. You'll find that it has all the style, appointments, pick-up and performance that anyone could desire - and it remains in the medium-price class.

150 H.P. Red Ram V-8 Engine
Here's the engine design universally recognized as the ideal! The new Dodge Red Ram V-8 engine packs more power punch per cubic inch displacement... delivers a full 150 H.P. on regular grade gasoline.
It is the only engine in the Dodge Royal price class which brings you the triple design advantages of "dome-shaped" combustion chamber... short stroke design... high lift lateral valves. More fuel energy is converted into useful power, less is wasted in heat and friction.

Colourful Beauty, Inside and Out
There's a real feeling of luxurious comfort in the interior of the Dodge Royal. The design is completely new, using the latest type nylon, rayon and vinyl fabrics, harmonized into colourful and pleasing ensembles. Floors are covered by rich, deep, wool-type carpeting.
Twelve attractive new body colours can be used overall or adapted into 48 two-tone colour combinations to please the most discriminating.

Full Power Steering
You'll be astonished how easily you can steer or park with Dodge Full Power Steering. From the moment you start the Dodge engine, hydraulic power does 4/5ths of the work for you. It's on the job all the time - when parking, driving through traffic, turning corners, over rough roads, on snow and ice - giving you effortless control of your Dodge and much greater safety.
