ISRAEL PARADES ITS ARMS MIGHT

Israeli armored vehicles — chassis of U.S. Sherman tanks with French 155mm field gun mounts — file past spectators Thursday in Beersheba, Israel, during a military display in connection with nation's 16th Independence Day celebrations. Thousands of new immigrants in Beersheba, Israel's "d e s e r t capital," were joined by members of Bedouin tribes watching the parade by combined armed forces.

NEW YORK

NEW YORK (AP)—It was another big day for Texas Gulf Sulphur on the New York Stock Exchange Friday and the stock market made its only clear-cut gain of the week. Trading was heavy.

Volume swelled to 6,030,000 shares from 5,270,000 Thursday and was the heaviest since April 2 when 6,840,000 shares changed hands.

All the popular stock market averages made historic closing highs.

Texas Gulf, a 7 - point gainer Thursday on news of its rich mineral discovery at Timmins, Ont., rose 3⅞ to 40¼ on 499,200 shares, making it the most active stock by a wide margin for the second straight day.

The stock was delayed in opening and trading had to be halted later in order to match the influx of buy orders.

CURTIS FOLLOWS GULF

Riding on Texas Gulf's coat tails, surprisingly, came Curtis Publishing, up 2⅝ at 11 on 105,700 shares. Trading was halted in this stock several minutes before the close because it was swamped with buy orders. Curtis, which has been having financial difficulties, sprang into prominence because its 46,000 acres of timberland near Timmins were said to be apparently adjacent to Texas Gulf's mineral discovery. A Curtis spokesman said his company has an agreement with Texas Gulf for participation in profits from any mineral discovery under the woodlands.

Meanwhile, the excitement about the mineral find at Timmins led to further excitement on the Toronto Stock Exchange where some 30,000,000 shares were traded in the biggest day in history for that exchange.

The speculative atmosphere heated up other big board stocks late in the day. Steels, airlines, big three motors, chemicals, rails and utilities joined in the advance. Coppers, electronics and cigarette stocks declined.

Although stock averages have been making highs this week, Friday's session was the first this week when more stocks rose than fell, the score being 616 to 472 among the 1,363 issues traded.

The Dow Jones industrial average advanced 1.68 to 827.33, latest in its series of historic peaks.

The Associated Press average of 60 stocks rose 1.3 to 306.7, another new high.

Barber Oil, which owns 300,000 shares of Texas Gulf, added a gain of ½ to its 4¼ - point rise of Thursday.

Chrysler, up ⅞ at 48¾, was third among the volume leaders on turnover of 105,700 shares. Following C u r t i s Publishing came American Broadcasting-Paramount, up ⅜ at 76⅞.

Airlines rebounded vigorously from recent profit taking. The most active in the group, Pan American, gained 3⅝.

American Telephone also was heavily traded and up 2⅛ to 142⅝. Its when - issued stock, based on the forthcoming 2-for-1 stock split, rose 1¼ to 71¾.

Losers included Liggett and O y e r s, Lorillard, Anaconda, Phelps Dodge, Cerro, Goodrich and International Paper. Woolworth slumped 1¾.

Among C a n a d i a n issues traded, Dom Mines gained ¾, International N i c k e l ⅝ and Canadian Pacific ⅜. Aluminium Ltd. and Granby Mining fell ⅛ and McIntyre Porcupine ¼.

Prices on the American Exchange were mixed. Canadian Javelin gained ⅞ and Scurry Rainbow Oil ⅛ among Canadians. Jupiter Corp., Fargo Oil and Canadian Marconi lost ⅛ and Preston and Molybdenite 1-16.

MONTREAL

MONTREAL (CP) — A dizzy rush of frantic trading in speculative mines sent volume in mines and oils booming to the unprecedented figure of 6,558,700 shares at the close of trading on the Montreal and Canadian stock exchanges.

This spurt of trading was a carry-over and amplification of Thursday's trend toward speculative shares which brought volume to a record high of 4,865,600 shares.

Fano led trading to Friday's record, advancing 12 cents to 40 cents on a volume of 2,389,900 shares with White Starr Copper backing it up with a rise of 16 cents to 83 cents on 1,551,950 shares. Both of these companies have properties in the area of the large strike north of Timmins, Ont., reported by Texas Gulf Sulphur Thursday.

Other speculative mines also traded heavily, carritd along by the trend. New formaque climbed 4½ cents to 11 cents on 475,400 shares and mistango five cents to 36 cents on a total turn over of 255,000 shares.

TORONTO

TORONTO (CP)—Stock market officials were in a daze as they cleared away the debris from the most frantic day's trading in the history of the exchange.

Shares traded during the day totalled 30,023,000.

Floor traders muttered "unbelievable" as the noon volume left the 16,000,000 mark way behind—but more was to come.

PCE Explorations, with property near the Texas Gulf strike in the Timmins area which started the wild gambling spree, rose 39 cents to $1.28 before sinking back to $1.02, a gain of 15 cents.

PARAMAQUE AHEAD

Paramaque was ahead three cents to 25 cents on 1,529,000 shares, Gulf Lead 10 cents to 23 cents on 1,264,000 shares and Bunker Hill two cents to 72 cents on 1,081,000 shares.

Industrial prices advanced with both the industrial and Exchange indexes reaching peaks$ during the day.

Papers were mixed to lower, Great Lakes Paper down ⅝ to 23⅞.

Consolidated M i n i n g and Smelting and Hudson Bay Mining both dipped ⅜ to 35⅝ and 68½ respectively among easier senior metals.

OILS HIGHER

Western oils moved higher, with the index reaching a 1964 peak. Scurry Rainbow advanced ⅜ to 14 and Dome Petroleum ⅛ to 16¾.

On index, the Exchange index gained .29 to 140.50, industrials .31 to 150.21, western oils .72 to a 1964 high of 90.08, golds dipped .08 to 130.31 and base metals .02 to 66.40.

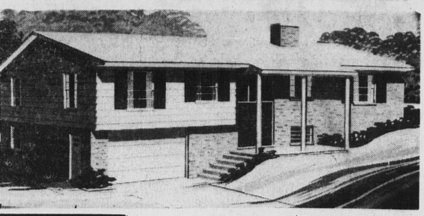
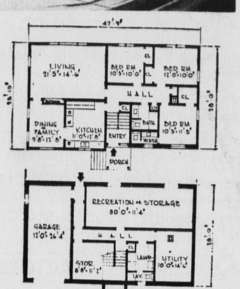
GUARDIAN-PATRIOT HOME OF THE WEEK





No. 1014 1350 Sq. Ft.

Here is a home designed especially for a lot w h i c h slopes to the left — or if built in reverse, with a slope to the right. Note the split level entrance with short stairs to both floors. If not required the upper washroom could be eliminated. This space could then be used for enlarging the bathroom and closet. The layout of the upper floor is excellent. Because of the sloping lot, a rear exit (at grade level) could be arranged, and lighting in basement rooms simplified. Construction is a combination of B r i c k Veneer and Frame, but instructions for building in all Brick are supplied.

HOW TO OBTAIN DESIGN BOOK

The latest design book entitled "Canadian Guide to Home Planning and Design", is now available at the offices of The Guardian and The Evening Patriot for $1, tax free. This new edition includes information on financing in Canada building construction details, landscaping, color selection, etc., plus over 100 popular new designs to choose from. Also included are full details on how to order blueprints.

Pension Link Is Suggested

By ALAN DONNELLY

OTTAWA (CP) — The new compromise p e n s i o n plan worked out between the federal and Quebec governments is expected to provide for a middle ground, in many respects, between terms of the federal and Quebec pension plans.

It is understood the Ottawa-Quebec deal, terms of which are to be announced by Prime Minister Pearson Monday, also will provide the provinces an improved tax-sharing arrangement—meeting to some extent Premier Lesage's urgent requests for g r e a t e r revenue sources for his province.

The pension arrangement—subject to concurrence by the other provinces which is expected here — would provide uniform pension terms for Canadians in all provinces.

It would be a single plan which could be administered by any province wishing to do so.
