

THE DAILY EXAMINER.

AUGUST 5, 1890.

Notes and Comments.

The manufacture of cotton goods in Ceylon has for the last few years made considerable progress.

The new Croton Aqueduct, New York, was opened on the 15th July, and water from the Croton Lake, after running 30 miles, was admitted to the reservoir in Central Park.

English syndicates have their drawbacks. The Rev. Camille Isoult, French missionary returned from Chili, says that the people in Chili generally are satisfied with the present government, but there is much complaint at the enormous revenue which that country pays to Great Britain.

A question of some concern to the peace of domestic life has been judicially pronounced upon in Glasgow. A husband took legal steps to prevent a certain individual from entering his house.

A woman charged with being "a common and turbulent brawler and sower of discord among her quiet and honest neighbors, so that she has become a public nuisance to her neighborhood by her scolding, quarrelling and inciting strifes, controversies, quarrels and disputes among Her Majesty's liege people against the peace of Our Lady the Queen, her crown and dignity, to the common nuisance of divers of Her Majesty's liege subjects," is certainly worthy of punishment in some degree commensurate with the length of the statement of her offence; but the time has gone by, so a Toronto magistrate, called upon to sentence an old sinner, thinks, when the only penalty provided by law, that of ducking her in a pond, can be carried out; so he has referred the case to the higher courts, which will probably dismiss it.

"Terminal City" is again the subject of speculation. The place is five miles east of Port Mulgrave, on the Intercolonial Railway, and the government has consented to an extension of the railway to the place, and agreed to operate the extension as part of the Intercolonial system. The harbor there is said to be one of the finest harbors on the Atlantic coast, having sufficient depth of water for the largest vessel afloat, being completely land-locked, absolutely free from ice, comparatively free from fog, and open to navigation at all times.

THE BONAIVISTA.—The steamer Bonaivista, Captain Anderson, arrived here from Montreal, on her way to St. John's, Nfld., about eleven o'clock on Sunday evening, bringing a general cargo and the following passengers: Saloon—Mrs O Cook and two children, Mr and Mrs L W Pratt, A McLellan, Colonel Ince, S H Parsons, for St. John; Newton Wolverson, Miss Campbell, Miss Strange, F G Sharpe; Master R Willis, J F Moseley, D Buckborough, Rev P J O'Sullivan, Rev W J O'Sullivan, Miss O'Sullivan, Miss Rosie O'Sullivan, Mr Kingman, Master R Kingman, for Charlottetown; Mrs W H Harrington and two children, J A Matheson, Jr, for Sydney; Mrs John Terrance, Miss McFarlane, Miss C D McFarlane, Eugene Primeau, Dr N Duchesnois. Steerage—Mrs Martin, John Hope, John Lawrence, Miss Reid, for St John; Assett Chamais, Master Teedo, Geo Teedo, Miss Teedo, for Charlottetown. She left for St. John's about 5 o'clock yesterday afternoon with the following cargo: 250 bags oats, Carvell Bros; 232 bags oats, John Wheatley; 316 bags oats, A Horne & Co; 29 bags potatoes, P J Cahill; 37 rolls leather, 12 head cattle and 66 sheep, Wm Boyle; 5 head cattle and 48 sheep, Fredk Masters; 15 head cattle and 6 sheep, Geo Wheatley; 1 head cattle and 16 sheep, Sam Wheatley; 6 bales peat moss, McLeod & Stewart, 1 horse and 1 coop fowl, G H Toombs; 1 splitting machine, Peake Bros & Co; 10 pkgs household effects, Mrs Parks. The passengers were: Mrs Parks and four children, for St John's, and Mr and Mrs J Clarke for Sydney.

POLICE COURT.—One drunk, a countryman, was fined \$2 or 8 days, and a case of cruelty to animals was adjourned. Two Scott Act offenders confessed and were fined \$50 and \$100 respectively.

FAMINE IN NEWFOUNDLAND.—Late advices from Cape Norman, Nfld., report that the people there are suffering greatly for want of food. Not a pound of flour is to be obtained in the district and some families have subsisted for months on mussels and shell-fish. On June 20th snow fell to a depth of four inches. A similar state of affairs is reported from Quirpon.

Country Editor (out West)—This has been a lucky day for me. Faithful Wife—Has some one been in to pay a subscription? Editor—Well, n-o, it wasn't as lucky as that; but I was shot at and missed.

The Rifle.

Windsor Mills still leads in the league shooting, with the 54th Sherbrooke second and the 13th Hamilton third. The score made by the Sherbrooke team in the last competition was wonderful; it is a greater average than that of this year's English Kolapore eight at Bisley with Martinis. The leading teams have now the following aggregates:

Table with 2 columns: Team Name and Points. Includes Windsor Mills, Q. (4,925), 53rd Sherbrooke, Q. (4,879), 13th Hamilton (4,730), 45th Bowmanville, Ont. (4,720), 1st Artillery, Halifax (4,711), 21st Essex (4,647), 96th Prince Albert (4,583), 45th Lindsay (4,556), 12th Toronto (4,472), 63d Halifax (4,410), Q O R Toronto (4,410), 10th R G Toronto (4,382), 82d Charlottetown (4,327), B Battery, Quebec (4,327), G G Guards, Ottawa (4,319), 8th Royal Rifles, Q. (4,279), V V Rifles, Montreal (4,208), 62d Fusiliers (4,204), 57th Peterboro. (4,177), Engineers, Ottawa (4,098), 6th Fusiliers, Montreal (4,077), M G Artillery (4,033).

The St. John Sun's Halifax correspondent telegraphs that paper as follows: Local riflemen are considerably exercised over the phenomenal scores reported as made by the 54th Quebec in the Canadian military rifle league matches. The score with the Snider, as reported at yesterday's match, is higher than the crack shots of Great Britain made in the Kolapore match at Bisley with Martinis. The Haligonians are anxious to test the skill of the Quebec marksmen face to face, and where no mistake can be made as to the counting of the scores.

A SUGGESTION.—The writer of "A Word of Warning" should make his charges over his own signature, or he should, at least, let the editor of THE EXAMINER have his name in confidence.

SCHOLASTIC.—The examination for entrance to Prince of Wales College and Normal School began to-day. There are in all 221 applicants, about 190 of whom are taking the senior examination.

WHAT ABOUT IT?—Complaint is again rife concerning the shanty that has lately been erected near the corner of the Catholic Graveyard, on the St. Peter's Road. The authorities would do well to keep an eye upon this place.

BISHOP McEACHERN'S CENTENARY.—The centenary of the late Bishop McEachern will be observed in St. Dunstan's Cathedral on the 13th inst. There will be a Solemn High Mass at ten o'clock and a sermon appropriate to the occasion will be preached by Rev. Dr. McMillan, of Grand River. It is expected that all the priests of the Province will be present.

St. James' Picnic.—The regular annual picnic of St. James' Church Sabbath School was held at Red Point, East River, yesterday. The attendance of children and visitors was very large, and the weather was all that could be desired. All the arrangements made were carried out in an excellent manner, and every one was well satisfied with the manner in which they were treated. The Band of the 82nd Battalion was present during the afternoon and contributed largely towards the success of the gathering. The Managing Committee desire THE EXAMINER to return their hearty thanks to John Maceachern, Esq., of this city, for his kindness in allowing them the use of his beautifully situated grounds on which to hold the picnic. The day's proceedings were brought to a close with an exceedingly enjoyable excursion on the river in the steamer Southport.

Against the Czar.

PARIS, Aug. 4.

The Sicile and Figaro print reports of a fresh Nihilist plot against the Czar that has been discovered in St. Petersburg. According to these reports, Professor Corlewski, of the University of St. Petersburg, and a number of students of that institution who, it is claimed, were concerned in the plot, have been arrested, and many persons have been taken into custody in Moscow on the same charge. Two officers of high rank in the Russian army have committed suicide. It is supposed that they were found to have been implicated in the conspiracy against the Czar, and took their lives rather than undergo arrest and the punishment which was sure to follow.

Wheat Destroyed.

WINNIPEG, August 4.

The head of a large grain-purchasing firm estimates that a million bushels of wheat were destroyed by Friday night's hail storm. Nine-tenths of this damage was done at Boissevain and Deloraine and the intervening districts, but some damage was also done at Killarney, Manitou, Ste. Agathe, Holland and Glenbarro. Elsewhere in the Province no damage was done. Barley cutting was begun to-day, and by the end of next week the farmers will be into the wheat.
