John Morris, Foreman; James Reddin, Stephen Swaby, Stephen Bovyer, Henry Longworth, Edward Robertson, Charles Higgins, William Orr, George Wright, Wm. Haslam, David McEwen, John McLeod, George McKay, Charles Kennedy, Mark Butcher, Lauchlin McMillan and George Peake, Esquires.

The criminal calendar contains one case of riot and assault, one forgery and two larcenies. For a population of 50,000, this is, we think, a small amount of crime. On the civil docket there are eleven appeals, in addition to the following

Archibald Lord and another *vs.* D. W. Palmer, was sworn off till June next, for want of a material witness. In the first cause on the Docket, there was some irregularity in the pleadings, to which the defendants took exception, so the trial could not be proceeded with this term. Beer & Sons *vs.* J. Reardon, an absconding debtor, was decided yesterday. Verdict for £493 8s. 9d. For the Plaintiff, Messrs. Alley & Davies. In McGill, *vs.* Currie, a special has been moved for, and the case set down for hearing on Wednesday next. In the Summerside Bank *vs.* T. Crabb, the defendant moved to have the trial put off till June term, and pending the decision of the Court on this point, the Plaintiffs applied for a special jury. The Grand Jury brought down several true Bills yesterday. They will probably be discharged from further attendance to-day or to-morrow.—*Pat.*

The Grand Jury were discharged on Thursday evening. MacIntosh, indicted for stealing sundry articles from W. Inman, Esqr, of Crapaud, was tried on Wednesday, and convicted. Two young lads, charged with stealing confectionary from a store in Kent street, were tried on Thursday and acquitted; the principal witness against them was a boy named McLeod, who turned Queen's evidence. The case of M. Traynor *vs.* the London and Lancashire Fire Insurance Company was concluded last night, and resulted in a verdict for the plaintiff for the full amount claimed.

☞ HAVING received them since the article on our first page was written, the Editor of the *Patriot* has kindly handed us the returns from Rustico and Crapaud. For the past season the exports from Rustico were 6,894 bushels oats, 4,959 do barley, 8,267 do potatoes, 612 do turnips, 30 qtls. codfish, 1,457 bbls. mackerel and 612 do oatmeal. From Crapaud the exports for the same period were 41,027 bushels oats, 28,560 do potatoes, 1,189 do barley, 320 do turnips, 126 bbls. oatmeal, 6 do pork, 103 hams and 22 tubs butter.

ON THE BURIAL OF THE LATE HON. E. WHELAN.

They lowered him gently down below,
To rest with the silent dead;
And over his grave the falling snow
Like a winding sheet was spread.

So they left him there, all still and lone,
A pallid and lifeless corse,
While slowly the followers wended home
To grieve oe'r a public loss.

For he, who had left the moving crowd,
Worn down with disease and pain,
To the stroke of death had meekly bowed
In the midst of life and fame.

A hapless widow, and only son,
The patriot left behind,
Two loving hearts, with misery wrung,
Submissive, if not resigned.

Let a grateful Country haste to show
Their sense of his truthful zeal,
And thus to lessen the bitter woe
The bereav'd ones sorely feel.

A MOURNER.

January 20, 1868.

The Miramichi *Gleaner* reports the death of the Rev. John McCurdy, D. D, who for thirty-six years was a minister of St. John's Presbyterian Church in Chatham, N. B. The deceased was a native of Ouston, in the county of Colchester, where a large share of family connections and warmly attached personal friends reside. The *Gleaner* says:—

"The deceased was remarkable for his prudence, sterling uprightness of character, and a sense of truth and justice which never unbent to the influences of factions or sectarian prejudices. While he ever strove to uphold the interests of the church to which he belonged, he had a heart full of love and sympathy for other denominations, and was always ready to co-operate with them in every good work.

As a citizen of his adopted Province, he took a deep interest in all her concerns, and as far as the nature of his calling would permit, did what he could to enlarge the importance and prosperity of the community of which he was a member. The respect and esteem in which he was held by persons of all classes and creeds with whom he came in contact, will testify to the kindly nature of his disposition, and to the courteous firmness with which his opinions were maintained."

IRELAND.—The *London Times says*: "We hear on all sides that the next session of Parliament is to be devoted to the affairs of Ireland. The whole genius of the legislature, free from the shackles of reform and no longer distracted by remote obstacles of Abyssinia, is to be turned, whole and undivided, on this arduous and intricate subject. The mists of error are to be swept aside by the logical application of a few sound well selected principles, and this standing disgrace of British politics is to be removed forever."

MRS. DUNDAS gave the pupils of the Bog School her usual New Year's entertainment at Government House on Tuesday evening last. After partaking of a substantial tea in the Dining Room, the youngsters, 62 in number, of all creeds and colors, amused themselves in the hall till 10 o'clock at plays and games of various kinds. Their behaviour during the evening, which was most orderly and becoming, reflects much credit upon their efficient and pains-taking teacher, Miss Harris, who is doing a very good educational work in the west end of the city. Before the party broke up, Mrs. Dundas made each one of them a present of some article of winter clothing. To the boys she gave caps, shoes, jackets, pants, etc.; and to the girls frocks, hoods, boots, gloves, etc. Such acts of benevolence by the great ones of the land cannot be too highly praised, and we are sure that when the period of Mrs. Dundas' stay in P. E. Island comes to a termination, which we hope it will not do "yet a wee," no one will regret her departure from our shores more than the pupils of the Bog school, whose young hearts she has so often gladdend with her kindness and liberality.

Those deeds of charity which we have done
Shall stay forever with us; and that wealth
Which we have so bestow'd we only keep:
The other is not ours.

re-organization of the Army is still under consideration in the Corps Legislatiff. The article obliging every Frenchman to serve in the National Guard was adopted 107 to 71,—an amendment exempting the infirm from operation of the article was introduced, but was opposed by Rouher. During the debate which preceded the final action of the Corps upon the Bills, M. Rouher said:—"This article will startle attentive ears abroad, and will inspire the Army which precedes the National Guard to the battle field."....The authorities are very active in searching out the leaders of the Fenian movement. A man was arrested in the County of Cork to-day, who is supposed to be the celebrated Colonel Michael Doheny. The police were on his track for a long time, and it is known he has been lurking in unfrequented places in disguise, and under assumed names, and has attempted several times to make his way to the United States. The man Lennin, arrested in Dublin yesterday, is charged with killing a policeman in that city, in October.....On New Year's day, King William of Prussia sent the Emperor Napoleon a cordial autograph note, which was answered in the same conciliatory spirit, and much better feeling has prevailed since publicity was given to this intelligence, and nowhere was it better received than on the Bourse.....Most of the actions taken recently against the journals of Paris by the authorities, are alleged violations of privileges, and have been abandoned......Mr. Edward Thornton, the British Ambassador to the United States, sailed from Liverpool yesterday in the Steamer *Liberia*, for New York.....Consols 92⅞; 5-20's 71¾. Markets unchanged.

LONDON, Jan. 13.—Despatches received from the South indicate that a more liberal policy is to be pursued by the Sublime Porte in the matter of the Eastern question. A decree has been issued, guaranteeing not only equality of rights in Candia, but a suspension of the collection of tithes for two years..... The Paris *Moniteur*, this morning contradicts the vague rumors which have been floating about, of popular disturbances in Naples, and assures its readers that perfect tranquility prevails in that city, and in the surrounding provinces.....Telegrams from Aden announce that Gen. Sir Robert Napier arrived at Annesley Bay, and immediately set out for Senate, to place himself at the head of the British advance.....Warwick Jail, where the Fenian prisoners, Burke, Casey, Shannon and Mullvany, are awaiting trial, is occupied and surrounded by troops, which were sent by order of the Government, to guard against any attempt at rescue.....In the Queen's Chamber to-day, a motion was made by the Counsel for the defence that the prisoners be returned to London for trial, on the ground that the bitter religious prejudice existing against the prisoners in Warwickshire would render it impossible for them to obtain an impartial jury and a fair trial in that county. The motion was heard, and the Judges reserved their decision.

FROM SOUTH AMERICA.

LONDON, January 12th.—Accounts from the interior of Paraguay, received by the last steamer from Rio Janeiro, show that the condition and prospects of the Paraguayans are better than the Brazilians are willing to admit. President Lopez, in person, was in command.

FROM CANADA.

OTTAWA, Jan. 13.—Great fire here last night on corner of Rideau and Sussex streets, five stores and several dwellings consumed.....The "Ottawa Times" of Saturday morning says, that the Upper Canadians would not pull a trigger to keep Nova Scotia into the Union a day longer than she desired. Whatever Imperial Government may do, Canada will acquiesce in; that Repeal is no question for the Dominion Parliament, but should Great Britain grant it, Canada would be consoled by saving a large expenditure on Intercolonial Railway, which would then only go to St. John, N. B. It is necessary for Canada to have winter seaports, but they can, if necessary, get along without Nova Scotia. It invites Nova Scotians to take Railway question into account..... Weather extremely cold.

LATEST NEWS BY TELEGRAPH
To the Reading Room and Examiner.

ST. JOHN, N. B., 18th.—Reported that Bloomfield and Clarendon are gone to Rome, to request the Pope's influence for the suppression of Fenian agitation in Ireland. It is expected that the Fenian Deasey who was rescued from the police at Manchester, is captured. Two Americans—Barret and O'Neil, arrested at Glasgow and imprisoned. Gold 138¾.

SATURDAY EVENING'S MAILS.

LATE on Saturday evening English, Colonial and United States Mails were received here. In the English papers, which are as late as the 5th, we observe no news of any great importance, being merely extended accounts of the intelligence already furnished by Telegraph, for which we are unable to find space this week.

The following are the most interesting items of news which we can find in our United States and Colonial papers.

UNITED STATES.

There is a report that the proprietors of the New York *Tribune* are negotiating—whether for themselves or others is not stated, for the purchase of the New York *Herald*, at the round sum of $1,000,000. This statement is made in connection with a former report that Mr. Bennett had offered the establishment for $1,100,000, and now offers it for $100,000 less. It is also stated that several of the leading writers and some fifty employes have been discharged within a week.

A fire, on the 7th inst, destroyed the Hall of the Chicago Young Men's Christian Association. This building had just been completed at great cost and sacrifice. The loss is $300,000.

There is a great reduction in wages going on throughout the United States.—The times being very bad the employees generally concur in what they see is a necessity.

CANADA.

SHOCKING DEATH OF A YOUNG GIRL IN ONTARIO.—A young girl named Adelaide Corps lost her life on the 30th ultimo while attempting to cross the River Thames, at London, Ont. She had not advanced more than 20 yards from the bank when the ice gave way beneath her, and she fell through in about four or five feet of water. In this position she remained for nearly two hours, in vain calling for assistance. At length a young lady hearing her screams gave the alarm, and some men were soon on the spot. They were speedily reinforced by three soldiers of the 53rd Regiment and a number of citizens. But they failed to reach the poor girl, and after a fearful struggle of three hours duration—through all of which time her head and neck remained above water—her system became thoroughly chilled and benumbed, her struggles ceased, and she died. For one whole hour several men stood upon the bank watching the unfortunate girl struggling in water only four or five feet deep, and yet she was allowed to perish. Brave men, truly!

The Speaker of the Quebec Assembly, Dr. Blanchet, entertained the members of the Press veay handsomely, on the opening of the House.

The Hon. Mr. Masson, of Terrebonne, has sent £400 to the R. C. Bishop of Montreal, to defray the expenses and equipment of the Pontifical Zouaves about to embark for Rome.

NEW BRUNSWICK.

AN EDITOR ASSAULTED.—The Editor of this paper was assaulted on Water street on Wednesday by Albert Eaton of Houlton, because of a paragraph respecting assailant which appeared in this paper on the 22nd of March last. Eaton was arrested and bound over for life before Justice Rose to keep the peace. Having received a satisfactory apology the Editor stayed proceedings in an action which had been entered in the civil court.—*St. Croix Courier.*

A most remarkable escape from death occurred on the Railway on Tuesday. A man named Hamilton was carrying or handling a keg of gunpowder when it exploded, fearfully injuries cannot yet be known. Hamilton will entirely lose one of his eyes. Dr. Campbell was in attendance, promptly rendering every assistance.—*Woodstock Sentinel.*

DROPPED DEAD.—Mr. Moses Austin fell down dead at Mr. James Gallagher's door, in Woodstock, on Tuesday morning last. Cause, disease of the heart. An inquest was held before Coroner Connell and a verdict rendered in accordance with the facts.

The total expenditure in connection with the City Government of Fredericton for the past year was $14,944.07—a pretty round sum for that community. The *Reporter* says that one-fifth of this was paid to office-holders, and not one of them is overpaid.

NOVA SCOTIA.

His Excellency the Lieut Governor has donated the handsome sum of One Hundred Dollars towards the fund for the distressed fishermen on the coast.

We learn from the Liverpool, N. S., *Advertiser* that last week, while a number of boys were skating on the river at that place, a son of Mr. John M. Cole, aged about ten years, broke through the ice and after being in the water for some time, was rescued by the heroic conduct of Mr. Stephen McLeod.

The Yarmouth *Herald* reports a sad accident at East Chebogue on the 7th inst. Mr. Eben Allen, who had several years ago lost the use of his legs, went about half a mile from his dwelling, in company with two of his children, to get a load of wood. While cutting the wood a large tree fell on Mr. Allen's head, causing almost instant death.

THE Grand Jury, with the High Sheriff, the Attorney General and Solicitor General, were entertained at dinner, at the North American Hotel, on Tuesday evening last. The dinner, which passed off in a pleasant and social manner, was provided by George Peake, Esq, who was for the first time on the Grand Jury. The Jury were also entertained on the following evening by Lauchlin McMillan, Esqr.

The *Cork Examiner* states that the remittances to Ireland from emigrants to their friends are beginning to assume something like the proportions they bore five or six years ago. During the American war the absence of many at the scene of action, and the inadequate rate of exchange, caused the transmission of money to Ireland to sink to almost nothing, prepaid passage tickets forming the staple of the gifts from the other side. Now, however, numerous money orders are passing through the different Irish banks from Irish Americans to their relatives in this country.

We regret to learn that the Dwelling House of Mr. Lemuel LePage, situate on the St. Peter's Road, in the Royalty of Charlottetown, was consumed by Fire on Monday night last. We understand Mr. LePage was absent at the time of the Fire. Part of the Furniture was saved. House and Furniture partially insured in the London and Lancashire Office. How the fire orignated we have not yet learned.—*Isl.*

A man named Shaw, a patient in the Lunatic Asylum, Halifax, who was only admitted to that institution last week, committed suicide on Monday last by hanging himself to the bed post.

CHARLOTTETOWN DEBATING CLUB.

The subject for discussion next evening will be "Would the Government be justified under the present Land Purchase Acts in remitting the future instalments due from the tenants on the Selkirk Estate, assuming that the instalments already paid are sufficient to make the estate self-sustaining. If not, should a new Act be passed for the purpose of remitting all moneys paid in or to be paid after the estate has been made self-sustaining?" Opener Mr. A. McNeill.

R. R. FITZGERALD, Sec'y.

ST. DUNSTAN'S TEMPERANCE SOCIETY DEBATING CLUB.—On Monday night last, Mr. M. P. Rotchford opened the subject, "Whether the Maine Liquor Law could succesfully be applied to this Island or not?" and after a lively discussion, the opinion of the Meeting appeared to be, that in the present state of public opinion on the subject, it would be impossible to carry this law into successful operation. On Monday night next, the following subject will be discussed:—Should imprisonment for Debt be abolished in this Island?

Jan. 14, 1868. W. C. GRANT, Sec'y.

CHEAPER THAN EVER.—Now is the time for those who are in want of Dry Goods to make their purchases. And we would desire to call the attention of our friends to ROBERT'S YOUNG'S large and well selected stock, confident that those who favor him with their patronage will get the best value for their money at his establishment.

Pain Killer.

NORTHAMPTON, March 11, 1867.

Dear Sir:—I wish to add to your numerous testimonials. Last September, while at work cutting sole leather with a die and a heavy iron mallet, I made a mis-strike, and the mallet came down with its whole force on my thumb, splitting it from the first joint entirely open, and laid the bone bare. I supposed I had ruined my thumb forever; but I thought of your Pain Killer, as I had often heard of its healing qualities. I went about a half a mile, and obtained a small bottle. I saturated a little cotton batting, first winding a waxed thread around the wound, and applied the Pain Killer, saturating the bandage two or three times a day. In five minutes the pain ceased, and in a week it entirely healed up; and I will say that I have never seen anything for healing qualities that equalled it; and I would earnestly recommend it to the public as a pain killer and a healer.

Holloway's Pills.—Protectors of Health.—In the hand-to-hand struggle for existence in the present day good health is everything. Holloway's purifying, digestive, and gently laxative Pills are *admirably adapted for restoring soundness to invalids* whose functions are so feebly performed that life itself seems most precarious. The stomach may have its many maladies removed by a judicious use of these Pills, the torpid liver is roused to active secretion, and every other organ subserving digestion is placed at its natural standard and better fitted for its duties. It is impossible to have a doctor at our elbow at all *seasons and places, but these pills will supplant* that loss, for they universally act beneficially in every ailment.
