IN MEMORIAM

MRS. DICIE DARRACH
In loving memory of "Our Mother"
who passed away May 2nd, 1950.

No one knows the silent heartache,
Only those who have lost can tell
Of the grief that is borne in silence
Of the Mother we loved so well.

We have only her memory to guide us,
As we travel along day by day,
"But we know" she will stay close beside us,
Till we reach the last mile of the way.

Ever Remembered by Her Family.

Death In Montreal Monday Of Sister Alice McQuillan

The death occurred at the Grey Nuns Home, Montreal on Monday, April 19, 1954 of Sister Alice McQuillan, a former resident of this Province.

Sister McQuillan was the daughter of the late Mr. and Mrs. John McQuillan of New Haven. She joined the Grey Nuns Order fifty-two years ago during that time served in various capacities. She also served as Superior at Fort Resolution and Fort Chipewyan.

The late Sister McQuillan who was in her 78th year was well known here. She last visited in this City in the summer of 1950.

She is survived by one sister, Mrs. T. L. Smith 294 Sydney St., City. Three other sisters, Mrs. John Keenan and Mrs. James Finnegan, Brooklyn, New York. and Mrs. John Callaghan, Charlottetown, predeceased her, also a brother Rev. Patrick McQuillan, Halifax.

Mental Clinic Moving Today

The Mental Clinic, a division of the Department of Health and Walfare presently administered by Hon. B. Earle MacDonald, M.L.A., is moving this morning to newly assigned quarters in the Peardon Building on Great George street, formerly occupied by the Temperance Commission permit office.

It is a forced move to make room for the erection of the proposed new Federal Building on the block bounded by Queen, Richmond, Pownal and Sydney streets.

Yesterday Dr. O. H. Curtis, in the absence of the Minister, stated that the new set-up would have two psychiatrists, Doctors A. A. MacVicar and J. C. Theriault, who are specialists in their field. In addition it is planned to have one psychologist, a psychiatric worker and a guidance consultant.

The latter is being specially trained to offer help to parents of 'problem' children. It is conceded that some of these have extremely high intelligence quotients, but are possessed of some quirk of mentality which actuates them to behaviour not of the norm. The new consultant, especially trained in the field, will be available to discuss individual problems with parents.
