Montague Boy And Parents Home From 'Disneyland' Trip

MONTAGUE — A week recently spent in "Disneyland" that place of wonderful fable and fantasy, will long be remembered by Douglas MacLean, son of Mr. and Mrs. Richard MacLean, Montague. The exciting trip for Douglas was realized as the result of his being declared a winner in a contest recently conducted by the Salada Tea Company. He was one of five boys under nine years of age who were regional winners from across Canada. Each of the boys were accompanied by their parents.

The trip to the modern world of fantasy was made by air, which took Douglas and his parents, from Prince Edward Island to British Columbia and down the west coast of the United States. Host and representative of the sponsoring firm was John Pierce of Toronto. During their week's stay in Los Angeles, the group were taken on a conducted tour of Disneyland and another day was taken up with a visit to one of the more famous film studios, where they watched part of the filming of the Toby Tyler television show. This was followed by a bus tour of Hollywood.

One day was left free so that the touring party could take in a shopping tour without guides and gave them time for a leisurely look at some of the points of interest. On the return trip the party was treated to stop-overs at San Francisco, Seattle, Vancouver and Montreal.

Truck Rolls, No Injuries

Shortly after 8:00 o'clock last night the RCMP were called out to investigate a truck which had rolled over into the ditch on the Riverside Drive which runs between the Belvedere Golf course and the grounds of Riverside Hospital.

At a late hour last night, the name of the driver was not available. When the police first arrived on the scene no driver could be found, and he is reported to have returned to the scene sometime later, and has apparently escaped without any injury.

From investigation it was learned that the driver has apparently lost control of the truck while navigating a curve at that point of the road. The truck took to the ditch and flipped over on its back.
