GIT ALONG GOATS

Neither Gary Shaver, the 12-year-old driver, nor his team of goats, Rosa and Tony, seem to be overly impressed with this arrangement for winter travel. Gary, of Templeton, Que., near Ottawa, is trying to persuade the animals to give him a ride but the goats have an obstinate look about them that would indicate they're not budging an inch.

Independent Bush Group Appeal For End Of Strike

KAPUSKASING, Ont. (CP)— A cavalcade of 80 cars has toured this Northern Ontario district calling for an end to a strike of 1,400 bush workers.

About 300 persons, mostly independent truckers, settlers, farmers and contractors, all of whom have been affected by the strike, were in the cars.

The cars bore signs saying "People want to work," "Government union, company sit down and settle soon."

The independents and the settlers and farmers who make part of their living by logging, have been kept off work since the bush workers walked off the job Jan. 14 to back demands for a new contract with Spruce Falls Power and Paper Company, and its subsidiary Kimberly - Clark Pulp and Paper Company at Longlac, 240 miles from here.

OVERTURN LOGS

The settlers and truckers say they are being intimidated by strikers who roam the bush overturning loads of logs.

The demonstration was peaceful, moving east from here to Fauquier, 20 miles away. In Moonbeam, the cavalcade was met by Rene Brunelle, member of the Legislature for Cochrane North, who told them the government was aware of the seriousness of the situation. He requested both sides to respect the rights of others.

Twenty-five members of the Ontario Provincial Police are on strike duty and the force has started an investigation of the allegations of intimidation.

A meeting was held in Toronto Friday between union and labor department officials. President J. K. Laforce of Local 2995 of the Lumber and Sawmill Workers' Union (CLC) said following his return from Toronto that the next move is up to the company.

MARKET UNSTABLE

The last contract expired Aug. 31. The union wants a similar contract for both Spruce Falls and its subsidiary calling for a 10-percent general wage increase. Spruce Falls said it can not make the same terms as Kimberly-Clark because of an unstable market for sulphate pulp used in production of fine paper.

The entire area from Smooth Rock falls 100 miles west of Hearst has been affected by the strike. Businessmen in Kapuskasing have laid off staff and stopped credit to many persons.

In smaller logging communities, stores, their credit cut off by wholesalers, are doing business only on a cash basis. As the strike continues, welfare payments will be the only income of many.

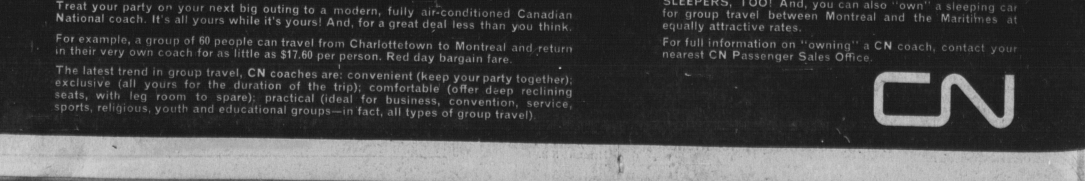
NOW an exciting idea for group travel "OWN" A COACH



It's smarter to charter—and cheaper by far!
Treat your party on your next big outing to a modern, fully air-conditioned Canadian National coach. It's all yours while it's yours! And, for a great deal less than you think.
For example, a group of 60 people can travel from Charlottetown to Montreal and return in their very own coach for as little as $17.60 per person. Red day bargain fare.
The latest trend in group travel, CN coaches are: convenient (keep your party together); exclusive (all yours for the duration of the trip); comfortable (offer deep reclining seats, with leg room to spare); practical (ideal for business, convention, service, sports, religious, youth and educational groups—in fact, all types of group travel).
SLEEPERS, TOO! And, you can also "own" a sleeping car for group travel between Montreal and the Maritimes at equally attractive rates.
For full information on "owning" a CN coach, contact your nearest CN Passenger Sales Office.
