10,000 P. E. I. Farmers Wanted

Your attendance at a Meeting to be held at Provincial Building, Charlottetown, May 3rd, 1:30 P.M. with Prov. Government Cabinet is of great importance to you as producers of livestock and to the economy of P.E.I. The purpose of this meeting is to ask the Provincial Gov. to build and equip a complete killing and processing plant for livestock which will be operated under Federal Meat Inspection by the farmers and pay damages to the Company that was organized to do this job but was refused Gov. Loan which was promised under Order In Council No. 205-56 for \$50,000. A leading Nova Scotia meatpacker is willing to amalgamate with the livestock producers regarding this project, and if Nova Scotia farmers can own and operate a plant successfully, why can't P. E. I. farmers?

A serious monopoly exists to-day in the marketing of livestock and whether you know it or not, every individual farmer is losing thousands of dollars yearly and your attendance at this general meeting in Ch'town will be proof that you are opposed to this marketing condition and intend to demand your rights as free citizens in a democratic way of life. At present your marketing bidright is being sold very cheaply... do you want it to continue?

Signed:—ANDREW STEVENSON

Potato Growers And Operators Of Potato Machinery
All potato growers and operators of potato machinery are reminded of the amendment to the "Plant Disease Eradication Act" which has reference to the disinfecting of potato machinery and the registering annually of operators of such machines. All farmers, or others, who operate Potato Planters, Set Cutters, and other equipment used in the handling of potatoes on more than their own farms, must apply immediately to the Provincial Department of Agriculture, Box 2000, Charlottetown, for a license and enclose the license fee of fifty cents (50c). When application for a license is received a record book will be forwarded to the operator and the receipt of the record book will be evidence that the operator has registered. Operators of custom machines should contact the Seed Potato Inspector in their respective areas, or the Prince Edward Island Department of Agriculture, for instructions in the proper method of disinfecting their machines. REMEMBER TO TREAT YOUR SEED BEFORE CUTTING. THIS WILL ASSIST IN COUNTERACTING FUSARIUM ROT INFECTION AND OTHER DISEASES. PRINCE EDWARD ISLAND DEPARTMENT OF AGRICULTURE
