A REMARKABLE MARRIAGE.—A remarkable wedding took place near Parksburg, W. Va., one night last week. The contracting parties were James Sevall and Mrs. Amy Terrance. The groom, who was a widower, but had outlived his children, was 101 years old, and the bride, a widow, also without encumbrance, was 83. The best man was 81 years old, and the bridesmaid 78. The bride and groom are still quite sprightly for their age. The affair was widely attended and is the talk of the entire state. The bride was dressed in a handsome silk gown, made 64 years ago, on the occasion of her former marriage.

TEA AND BAZAR.—The Convent Tea and Bazar in the Lyceum closed last evening. The attendance throughout was very large, and the tables were well patronized. The lotteries resulted as follows: cake, Miss Fennessey; crucifix, Mrs. D. D. Ryan; banner, Miss Smith; toilet set, John Trainor; doll, Rev. J. J. McDonald. The auction sale was conducted by Mr. Charles Hermans. We have not heard the total amount realized.

AN OLD LANDMARK GONE.—We regret to chronicle the death of Mr. Gregory Campbell, of Priest Pond, Lot 46, who died at his late residence, on Tuesday morning, 6th inst., after a brief illness of one week. Mr. Campbell was remarkable for his industry and hospitality, and was working in the field one week previous to his death. He contracted a cold which turned to inflammation. He was born at North Lake in 1802, and was 88 years of age. He received the last rites of his church, and his remains were followed to their last resting place in the cemetery of St. Columba's Church, on 7th inst., followed by a large number of relatives and friends. He leaves a sorrowing widow, (nearly at the point of death) besides three sons and one daughter, to mourn their irreparable loss.

SCOTT ACT IN MONCTON.—Moncton advises to the St. John Star report: The Scott Act is still a burning question here, but for the most part the liquor sellers go on in the even tenor of their way and mix water in their whiskey as usual. The police court receipts are beginning to look fat as a result of the greater activity in the prosecution of offenders. Last month's return showed a total of \$598, of which some \$550 was on account of the Scott Act. The council, at its last meeting, decided to engage Geo. P. Thomas, the gentleman who was so prominent two or three years ago in defending liquor sellers, to assist in their prosecution, and the liquor sellers, when they fight, employ David Grant, who, when he was Scott Act lawyer, attended and took a prominent part in all the temperance gatherings.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. ap18'90byedwkyly

SPECIAL DESPATCHES TO THE EXAMINER.

DOMINION PARLIAMENT

Summary of Proceedings.

OTTAWA, May 8. The Speaker took the chair at 3 o'clock. After routine, the Banking Bill was read a third time, and passed, after an amendment by Mr. Armstrong, requiring banks to be kept open until three o'clock on Saturday afternoon, had been declared lost on a division. Hon. Mr. Foster moved that the House go into Committee of Supply, and, in amendment, proposed a motion of censure in connection with the subsidies which have been granted to the Carquet Railway. Mr. Blake followed, arraigning their subsidy system, and especially for the distribution in the Maritime Provinces. Sir John Macdonald, in reply, said the subject had so often been before the House that he did not care to discuss at present the general attack on the government policy of assisting railways, but he wished to emphasize the fact of the success of that policy, all the roads whose construction had been assisted by the government being subsequently operated regularly. Referring to the apprehension that had been expressed that the government would yet take over these branches of the Intercolonial Railway, whose construction had been assisted by the government, he said the Intercolonial Railway was burden enough, and no one need be alarmed that the Government were going to absorb any more branches. The subject was dropped after a few remarks by Cartwright and Hon. Mr. Haggart. Mr. McMullen, returning to his crusade against General Laurier's mileage allowance, moved a resolution affirming that no member of the Commons or Senate should be permitted to draw mileage from beyond the limits of the Dominion. Sir John Thompson said this resolution could not be adopted, being in direct contravention of the statute which governed that subject. McMullen's resolution was declared lost on division, he failing in an attempt to have the required five members to stand up to demand the yeas and nays. The House then went into supply, and having passed a few items of supplementaries, adjourned at 12.50.

Free Ammunition. OTTAWA, May 8. The Minister of Militia and Defence has decided to allow the different rifle leagues throughout Canada the necessary ammunition free of charge to shoot their matches with during the present season.

The Longue Point Holocaust. MONTREAL, May 8. There has been very little change in the state of affairs at Longue Point since yesterday. The number lost is now estimated at 50.

Again in the Field. TORONTO, May 8. Rykert has issued a lengthy address to the electors of Lincoln, and announces himself a candidate. His chances for reelection are said to be fair.

Passed Without Amendment. WASHINGTON, May 8. The Senate to-day passed, without amendment, the House Bill, providing for the classification of worsted goods as woolsens, and it now goes to the President for his signature. It was a party vote.

Weather Bulletin. TORONTO, May 9.—10 a. m. Moderate winds, fair weather with a little lower temperature.

DIED. Gently fell asleep in Jesus the Honorable William Warren Lord, on the 9th May inst., in the 93rd year of his age.
