Water At Two Harbors Is Undergoing Tests

Waters of the Charlottetown and Summerside harbors are being tested to determine the degrees of contamination.

The surveys are being conducted by J.L. Richards and associates, Ottawa.

The firm was employed for the Charlottetown project by a committee representing the department of health, the City of Charlottetown, and communities bordering on the harbor.

Testing in the Charlottetown area began in July and more water samples will be taken next week by representatives of the Richards firm.

Analysis of water samples is being done by the sanitary engineering division of the department of health.

It is expected that the engineering firm's report on harbor contamination will be ready in October and it will show the extent of water contamination and recommend methods to control pollution.

Island Delegates Attending National Kinsmen Sessions

Kenneth Yeo, president of the Charlottetown Kinsmen Club yesterday announced that president elect Andrew Humphrey and Brian Scott, accompanied by their wives are attending the 42nd annual convention of the Association of Kinsmen Club in Hamilton, Ont., on Aug. 29 to 31.

During the four day conference, representatives of some 40 Kinsmen Clubs from all ten Canadian Provinces will discuss the operations of the association at the national level, and will elect a new executive for the 12 month period starting September 1st. The convention will deal with resolutions which have been forwarded by the national executive council, and individual clubs through their respective district conventions.

Expected to come in for considerable discussion during the convention is the World Council of Young Men's Service Clubs, a world-wide group of autonomous service organizations which includes in addition to Kinsmen, the Apex Clubs of Australia and New Zealand, Round Tables of Great Britain, Europe, Africa, and India and Active 20-30 International with clubs throughout North, Central and South America. Danny Step of the Round Table of West Berlin, Germany will be a special guest of the Kinsmen for the Hamilton convention.

The association will also welcome the founder of the first Kinsmen Club, formed in Hamilton in 1920, to his 42nd National convention. Harold A. Rogers has witnessed the growth of Kin from one small group of men in Hamilton to over 12,000 members.

Considered an excellent means of training for men between the ages of 21 and 40, the Association of Kinsmen Clubs owes its growth to the enthusiasm of its membership for the aims and objects of Kin, which includes education of its members in business and professional methods and ethics, the stimulation of interest in the welfare of his community, the upholding of constitutional authority, the fostering of a spirit of equality between all nations and all people, and the carrying on of service work within their community.
