A motion to quash the indictment has been reserved for the crown cases, which sits next month.

LOBSTER PACKING.—Le Moniteur Acadien says that the news arriving from the parishes of Dundas in Kent, and Shediac and Botsford in Westmorland are of great encouragement to the lobster packers. The lobsters are more abundant and of much larger size than for some years past. There has been a great decline in this industry of late years. Only a small number of the 23 factories in operation, in that vicinity some years ago are now doing business. ST. JOHN'S ADDRESS.—The Truro Guardian says:—The Hon. John P. St. John, Ex-Governor of Kansas, lectured before the J. T. S., in the Y. M. C. A. Building last Thursday evening, on the subject of "Prohibition." His lecture has, we think, fully sustained his reputation amongst us, and satisfied the expectation of his hearers. His argument was logical and convincing, and was delivered in a powerful and well modulated voice. The lecturer gave interesting and favorable accounts of the working of prohibitory law in the State of Kansas, with which he has always been closely identified, both as regards its introduction into the State and the enforcement of its provisions. He quoted statistics showing the great advancement which Kansas had during the past few years, which he maintained, was in a large manner the beneficial results of Prohibition.

SPECIAL DESPATCHES TO THE EXAMINER.

THE GENERAL ASSEMBLY.

Close of the Session.

HALIFAX, June 21.

One of the most successful sessions, if not the most successful session, of the Presbyterian Assembly ever held, concluded its labors to-day. There was nothing of great importance before it, but the members had what was better for the growth of the Church, a thorough examination and interchange of ideas. The committee on business always leave topics that require time for discussion to the last day, and this business was hurriedly done. In speaking on the Sabbath School report, Dr. Murray strongly recommended that Christian Endeavor societies be established wherever possible. The committee for the reception of ministers from other denominations passed Res. Messrs. Monseau, Glog, Rae, Morin, Stevens, Wilson, Moreton and W. McGregor, the latter to take two years course at any college. Four applications were withdrawn or refused. The report of the Committee on religious instruction in public schools recommended that religious instruction be an integral part of education in public schools, and that it was the duty of Provincial Governments to make provision for the same, subject to such conditions as shall not conflict with the consciences of parents, and that a committee ought to be appointed to watch legislation in the different provinces. Adopted.

The capital of the widows and orphans funds has increased.

The Nova Scotia Methodists assembled in conference sent a delegation headed by Rev. Dr. Lathern, in return to the one sent by the Assembly yesterday.

The committee reported recommending that chap. 159 revised statutes of Canada referring to lotteries be amended to exclude exceptions now made.

Loyal addresses presented by Judge Stephens and Dr. Campbell were agreed to. The question of higher education for women in the North-west was referred to the French Evangelization Committee and Synod of the North-west. The usual vote of thanks were passed before adjournment.

REPUBLICAN CONVENTION.

THE PLATFORM ADOPTED.

Names of the Candidates.

CHICAGO, June 21.

The platform presented to the Republican convention sends greeting to Brazil on emancipation of slaves and, and to Home Rule party in Ireland. Each sentiment was applauded.

"We are uncompromisingly in favor of the American system of protection," was a sentiment greeted with cheers, and all delegates on their feet.

The platform demands the reduction of letter postage to one cent. It condemns the administration for its attempt to demoralize silver, for the surrender of the fishery privileges, and for a spirit hostile to pension legislation.

The platform was adopted by a rising vote.

There were many scenes of great excitement during the presentation of candidates with wild applause and cheers.

Especially was this the case at the mention of the name of James G. Blaine, as leader of the Party.

The following candidates were presented in order:

Joseph R. Hawley, of Connecticut. Walter A. Gresham, of Indiana. Benjamin Harrison, of Indiana. Chauncey M. Depew, of New York. John Sherman, of Ohio. Russell Alger, of Michigan. Governor Rusk, of Wisconsin. Mayor Fildes, of Philadelphia, Pa. At 7.20 p. m. the convention adjourned till 11 a. m. to-morrow.

Niagara Park Opened.

NIAGARA FALLS, Ont., June 21.

The celebration here to-day, in honor of the opening of Queen Victoria Niagara Falls Park, was a great success. Fully 10,000 strangers were present. By permission of the Minister of Militia, troops of Military District No. 2, doing their annual military drill at Niagara, were present, and were received in the presence of a large number of people, the United States being well represented. All the islands and drives were thrown open free to-day. There were no orations, these being reserved for the formal opening later in the season.

Stipendiary Magistrate's Court.

Mary Ann Gillis, larceny of cotton from Beer Bros' store, one month's imprisonment. In this case the defendant, who belongs to the country, entered the store about half-past nine this morning, and in about five or ten minutes time had transferred three large remnants of cotton to a basket which she carried. One of the clerks noticed the woman covering up her plunder. The police were at once sent for and the woman arrested. In court she denied the theft, stating that her sister who had gone out of town for three or four weeks had given her one of the pieces of cotton, and as for the others she did not know how they came to be in her basket—but thought that they might have dropped in accidentally.

Ann LeBroek, violation Canada Temperance Act, first offence, \$50 or one month's imprisonment. Two other Scott Act cases were adjourned and one dismissed.

Coban, Captain Fraser, from Sydney to Montreal, with a cargo of coal, ran ashore about six o'clock on Saturday morning, on the west end of Green Island. It is reported that her first and second compartments are full of water. Sch. G. T. D. and pumps left for the scene of the disaster. It is thought that when a portion of the Coban's cargo is discharged the vessel can be floated and brought up to this port."
