Very Latest.

Montreal, Sept. 14.

The great event of the Longueuil Regatta, the four-oared race for a first prize of $1,000, and second prize of $250, came off this afternoon and resulted in a decisive victory for the Barton crew of Halifax. The Renforth English crew second, and the Taylor Winship English crew last No other crews competed The programme stated the distance to be six miles, but the actual course was about five miles. The time of the winning boat was 34 minutes 10 seconds.

At about 2.30 o'clock the boats began to come up to take their position for the start. The Barton crew were the first to come forward, and pulled out to their positions at starting boat No. 3. The Taylor-Winship crew followed soon. The Renforth crew were somewhat slower in coming up, but they pulled in good style, and looked well, and were greeted with loud cheers.

When the word "go!" was given, the Renforth crew took the first water. The Barton crew made a short spurt and took the lead, but were soon cut down by the Taylor-Winship crew, who then held the lead for the first quarter of a mile. Just opposite the Judge's boat the Renforth crew put on a fine spurt, pulling about 42 strokes a minute, and after a sharp struggle, showed about half a length ahead of the Taylor-Winship crew, the Barton crew pulling inshore seven or eight lengths behind.

At the first mile the Renforth crew led by nearly a length, and the Barton crew were apparently over 200 yards behind, but really closer on the course and in the best position.

About this time it became evident that the two English crews were steering wild, and were out of their course. The Barton crew had steered well and turned the stake boat over one hundred yards ahead the Renforth crew second and the Taylor crew third. On the first half mile of the home stretch the Renforth and Taylor crews spurted and closed the gap considerably, the Renforth crew gradually drawing ahead of the Taylor-Winship. The Barton crew kept the lead pulling easily and steadily, more like practice work than a great race, and holding about one hundred yards ahead. The Renforth crew pulled steadily and gradually closing the gap between them and the Barton crew; but the distance was to great to overcome, and the Barton crew held the advantage they had gained steadily to the end of the race, pulling in easy winners by over a 150 yards in thirty-three minutes and ten seconds.

The Renforth boat came in second, beating the Taylor-Winship by about four boat lengths.

The Barton crew drew home in beautiful style, cheer after cheer coming lustily from the crowds of spectators. At the close of the race they immediately rowed to their quarters, their faces beaming with joy.

As the judge's boat drew up to the wharf the only cry was "fair race," fair race."

It was said on the ground to day that the Renforth boat was damaged last night by indiscreet handling by persons who had broken into the shed, it is thought more from curiosity than evil intent.

Harry Kelly, of the Renforth crew, won the scull race.—*Halifax Chronicle.*

N. B.—The services of a Master have been secured, who, from the high character of his testimonials, and the fact of his having attended the full course in the University of Edinburgh, and been one of the Masters in the Training College for Teachers in Edinburgh, is eminently qualified for conducting classes in English and French, subjects which in future will occupy as important a place in the College curriculum as classics or mathematics. So that while the course of Instruction embraces a high classical mathematical and scientific education, it includes the various branches of a liberal English and commercial education.

A junior class will be formed on the re-opening of the College.

Mr. Alexander Anderson, the Principal, intends receiving into his family a few young gentlemen, as boarders, whose private studies will be carefully superintended by himself.

TERMS may be ascertained by applying to Mr. Anderson at the Prince of Wales College.

CLOTHING EMPORIUM,
BROADWAY.
CHAPTER III.

To the Gentlemen of P. E. Island, Greeting:

GENTLEMEN;

THE summer of peace and plenty, of clouds and sunshine, of pleasure and pain is drawing to a close, and Autumn's chilly winds, rainy weather muddy roads and streets, are next coming out on nature's programme, independent of the Road Commissioner or City Corporation. Next, Winter, grim king Winter, with his frosts and snows, will blow his Arctic breath across our little Isle, freeze the Straits of Northumberland, and complete the isolation of P. E. Island.

Notwithstanding that your yards barns, granneries cellars, greenhouses and dairies are stocked, stuffed, filled, stored, crammed, crocked and firkined with the fat of the land, the fruits of the vine and products of your stock, you call this "the winter of your discontent." While you have plenty to eat and drink, your discontentment comes from "wherewith are you to be clothed." Come into **Broadway** and be a contented people.

NOW, GENTLEMEN, FOR THE RAILWAY!

I, D. H. MACKINNON, of Broadway, bear good will to you all, and malice toward none; and now demand the immediate commencement and speedy completion of the aforesaid Railroad for the benefit of the travelling public; and as passing events cast their shadows before, I am taking time by the forelock, and preparing for you all. Accordingly, as fast as our European goods arrive, we are busily making every kind of warm cloth into fashionable and comfortable garments, suitable for the season, good, cheap and durable, so that you may travel with comfort on the Railroad or in your own private conveyance, without fearing the frowns of grim king Winter, or any mortal man who might wish to make you afraid.

Remember BROADWAY has the following GARMENTS!
