LORETTA YOUNG AND VAN JOHNSON STAB IN "MOTHER IS A FRESHMAN", HILARIOUS TECHNICOLOR COMEDY

Capitalizing on the current trend towards realism, Twentieth Century-Fox has given the campus a fresh new look which the rah-rah brethren of the raccoon twenties and the frantic thirties wouldn't recognize.

According to previews, the Technicolor comedy, "Mother Is A Freshman", starring Loretta Young and Van Johnson, due today at the Prince Edward Theatre, is a college movie where students really act like students, with no chorus of shapely chorines, no absent-minded professor or not even a game-winning, last-minute touchdown in the final reel. Instead, there is projected against a realistic college background the novel story idea of a lovely young widow, who, financially embarrassed after years of luxury, discovers that she is eligible for a college scholarship. Following her sophomore daughter to the campus, she enrolls as a freshman and promptly falls in love with the handsome professor of English literature, with whom her

A Relief for COLDS That Acts Quickly

"I suffered from a stopped-up condition in my nostrils. A bad cold prevented easy breathing; my nose and throat were mucous-clogged. I used Catarrh-o-nose. Its vapor gave me breathing comfort. My sore nostrils were soothed. I stopped coughing. I didn't sneeze. It was almost unbelievable the benefit I derived from Catarrh-o-nose. The surest way I know of to help head off a cold, is to inhale the germ-destroying vapor of Catarrh-o-nose"; it is splendid for irritable throat, and helps to destroy the bacteria that excites Sore Throat, Colds and Bronchitis. At all druggists 35c and 75c sizes.
