Mr R. Morrow Cured of Lumbago by Dodd's Pills

TORONTO, Nov 28.—The vast majority of Torontonians know and esteem Mr. R. Morrow, the able and popular agent for the Toronto Auer Light Co.

For this reason the following statement made in writing by Mr. Morrow, possesses unusual significance.

"Two years ago I was attacked by Lumbago and I tried every remedy which caused me intense suffering, I took several different remedies without any benefit. Then I began using Dodd's Kidney Pills, and was completely cured by them."

Lumbago is unusually prevalent this fall. All sufferers should know that Dodd's Kidney Pills are the only known cure for it. They never fail.

Keep Minard's Liniment in the House

The Egyptian Government is about to send a circular to the Powers proposing that a term of the mixed tribunals, which ends on February 1st, be prolonged for a year. The mixed tribunals were instituted in 1875, to deal with civil actions between persons of different nationalities, and with crimes committed by foreigners.

Every household should have on hand a box of Dr. Chase's Ointment. The diversity of uses to which it can be put and the many doctor's bills it saves warrant its taking first place in the family medicine chest. All dealers sell and recommend it.

Application will be made next session for power to build a line of railway from Lake Winnipegosis to Edmonton.

Pain in the Back.

Being troubled off and on with pains in my back, caused by constipation, I tried several kinds of pills I had seen advertised, and to put the truth in a nutshell Dr. Chase's Kidney-Liver Pills are the only pills that have proved effectual in my case. I can heartily recommend them.

Ancestors. A family tree is a good thing to have, and that the descendants of the pilgrim fathers, of the Puritan preachers, of the Revolutionary sires, the colonial dames, should come to the front every little while and impress the fact of their lineage upon people is rather pleasing than otherwise. It adds a certain repose to the rush of everyday life. It may, however, be carried too far. Apparently it is carried too far in New York, where in certain circles it amounts almost to a monomania. Women to whom one is introduced cannot chat for five minutes without leading the subject to ancestors, and if the stranger never happened to have had any the result is most embarrassing, even distressing; hence those persons given over to conversing entirely on the family tree, etc., should be cautioned to become milder advocates of the necessity of a long line of ancestors, for they are fast forming a class which is obnoxious to intelligent, self respecting human beings.

Rubber Bands.

"Rubber bands have supplanted twine to a great extent in the last few years," observed a salesman in a drug store as he slipped a band around a 5 cent package of sodium bicarbonate. "Up to ten years ago rubber bands were seldom seen outside of a courthouse or a lawyer's office, and their use was confined almost exclusively to the filing of court documents and papers. Now you find them everywhere. Bands are used on all small packages in drug stores, and they have become an important factor in the grocery business. They answer the same purposes as twine, and are adjusted much easier.

"It may not be generally known that a rubber band is the best tooth cleaner known. It can be forced between the teeth, no matter how close together, and it removes accumulations that cannot be reached with a toothbrush. Yes, the rubber band has come to stay. I don't know to what extent it has hurt the twine industry, but it must be considerable."—Philadelphia Record.

Meaning of Protocol.

Like many other English words derived from other languages, "protocol" has long since lost its original meaning. It is derived from the Greek "protos," meaning first, and "kollan," meaning glue, and meant originally a sheet glued in front of a manuscript, bearing the writer's name and other particulars. From this the meaning evolved into that of a rough draft of a document and was so used by the Romans, who called it "protocollum." The definition of the word as used in modern diplomacy is given as a rough draft of any document or a document preliminary to some transaction. It likewise is defined as "a diplomatic document or minute of proceeding signed by friendly powers in order to secure certain diplomatic ends by peaceful means."
