

# ROSES AND THORNS

The "Sun" is out! Yes, our very own weekly newspaper, the "Sun" is once again circulating among the students of our fine campus. Although this column did not find its way to the 1982 premiere of the Sun, it will hopefully find its way to the Sun each week in the future.

Let me at this time apologize to the various individuals and groups whom I will attack and probably offend in this column during the coming year. Please don't feel anything personal is meant by my comments and by all means feel free to express your own point of view in this paper. If I can get only one person to write a letter to this newspaper during the coming year I will feel I have succeeded in fulfilling the purpose of my weekly comments.

As you may already be aware, CIMN, the campus radio station is now broadcasting. CIMN has been moved to the Barn and is much improved. All groups and organizations on campus should make it a point to use CIMN when advertising their events, as a great deal of money (a staggering amount!) was spent by your Student Union to have it moved and improved.

Bouquet of thorns this week goes to the members of the faculty and freshman class who did not participate in orientation week (3 days). It's your university.

Bouquet of roses this week goes to Lori Lawless and Ronalda Murphy for the many hours of work they put into making orientation week a tremendous success, also the rest of the orientation committee and S.U. Executive.

### PANTHER NOTES:

- Soccer Panthers are rumored to be better than last season.
- Panther Lounge seems to be doing quite a business early in the year.
- Lori and Ronalda also tell me the Junior Class is organized and has a number of events in the works.
- Engineer's pub last Thursday was a great success.
- Lady Panthers field hockey team won their first game. Congrats girls!

Have an enormous week and have fun!

COME MEET

## JOE GHIZ AND PAUL CONNOLLY

THIS FRIDAY, SEPT. 24th AT 1:30

IN THE ROBERTSON LIBRARY LOUNGE

Joe Ghiz  
Assemblyman

Paul Connolly  
Councillor
