WILL YOU MARRY ME?—The London Telegraph tells of a funny incident that occurred on a recent Sunday at a church at North London. A young man who carried a collecting plate after the service, before starting put his hand in his pocket and placed, as he supposed, a shilling into the plate and then passed it round among the congregation, which included many young and pretty girls. The girls as they looked on the plate all seemed astonished and amused, and the young man taking a glance at the plate, found that he had put, instead of a shilling, a conversation lozenge on the plate, with the words "Will you marry me?" in red letters starting everybody in the face. The young man's congregation had capped it by a second lozenge on which was printed, "Name the day."

PRETTY CALENDARS.—"Winter and Summer" were never more charmingly pictured than they are this season on Hood's Sarsaparilla Calendar. This calendar is made in the shape of a heart and is ornamented with two child faces, lithographed in bright and natural colors, one peeping out, and the snow flaker, from a cap, and the other lighted up with all the glory of the summer sunshine. The usual information about the lunar changes and other astronomical events is given, and the calendar, besides being "a thing of beauty" is also useful every day of the year. It may be obtained at the druggists or, if his supply is exhausted, six cents in stamps should be sent to C. I. Hood & Co., proprietors Hood's Sarsaparilla, Lowell, Mass., who will forward a calendar free for 10 cents two calendars will be sent.

DEPARTING COLLEGIANS.—It was rumored around town last night that the Lennox Island Indians had revolted and that a massacre of the pale faces of this city was imminent. We are pleased to state that this was not the case, and that the war whoops that did trouble the serenity of the east eiders did not come from the lips of red men, but were merely the parting yells of departing collegians. They were as follows:—Mount Allison;—Misses Picotte Large and Lillian Johnstone, Charlottetown; Miss A. Strang, Cape Traverse; Ellis F. Moore, Beloeux; D. Chouin, Brackley Point; Dalhousie;—Messrs V. L. Beer, H. P. Ducloux, D. A. McElae, Henry McEwen, G. S. McLeod and R. Coffin, Charlottetown; John Sterling, Clifton; Wm. D. Ross, Stanley Bridge; McGill;—G. Bayfield, city.

WESTMORELAND NOTES.

The farmers in the vicinity of Crapaud are busily engaged near Hampton digging marsh mud. It is estimated that fully two hundred loads are landed daily.

The creamery at Crapaud is running in full blast. Five thousand three hundred and fifty pounds of milk were received last week.

The company have recently erected a large refrigerator for storing liquid in warm weather, which we have no doubt will meet all requirements and facilitate business.

The directors are wide-awake business men and we expect to see the creamery booming next season, as the patrons are working in the direction of supplying more milk. John Moore, Esq., the enterprising secretary, will supply milk next summer from thirty cows.

The skating rink at Victoria opened New Year's evening. Although the weather was not favorable, a goodly number of young people from the adjoining settlements wended their way to the village and enjoyed themselves for a time skating with their best girls. Mr. Levi Frowde has rented the rink for the season, and as Levi is a good, honest fellow, he deserves the patronage of all lovers of sport.

I have been informed that our friend, Anthony Collet, Esq., of this place, has for sale about three thousand gallons of apple cider. Mr. Collet purchased the apples from the farmers at a fair price. The cider was circulated here and we hope Mr. Collet will be able to dispose of the cider, as he deserves to succeed in the enterprise.

As some of our boys belonging to Burns' Division were hauling apples to the cider mill, they of course tested the fluid and as a matter of course the question came up in the Division room for a legal decision as to whether or not they were violating the pledge. One legal luminary of Kingston fame decided to the boys did not violate the pledge. However the matter has not been finally settled and it is probable that it will be appealed to the higher courts.

Notes from Crapaud appeared in the Guardian some time ago, in which the principal of Crapaud West School had reported and was going to do the clerical part, but such is not the case as our worthy friend has changed his mind and is now going to study geology and astronomy.

The School Inspector, A. B. Campbell, Esq., has lately visited Crapaud West, Hampton, Victoria, and Tryon schools, and we are pleased to learn that he gave a favorable report of each school.

Mr. Peter McDonald has rented the harness shop lately vacated by Mr. P. Newson, who has removed to Charlottetown to engage in business with Mr. John Saunders. We wish the new firm of Saunders & Newson every success.

Westmoreland, Jan. 5, 1895. ERASER.

GENERAL TELEGRAPHIC NEWS.

New York, January 5.—Braidstreets save. Fairly good business, reported by Halifax jobbers. They are not inclined to report the near future bright. Collections are unusually slow. Some improvement in trade is to be expected, although the fur business is disappointing. At Toronto business is quiet. The prospects are thought not favorable, although stock of merchants are general small. 32 failures are reported in London this week against 36 in the same week a year ago.

St. John's, N. F., January 2.—The governor will assent to-morrow to the bank circulation guarantee bill. This is certain. The government has obtained a loan of four hundred thousand dollars from the Bank of Montreal, the specie to arrive on Saturday. Interest on the government debt is being paid here as usual. The salaries of the civil service will be paid soon. Manager Cooke and Messrs. Goodridge, Pitts, Duder, Goodfellow and Hutchings appeared before Judge Conroy to-day charged with presenting a fraudulent balance sheet. The evidence was heard and the case adjourned for a week. The provincial trustees of the Commercial bank were discharged by the supreme court to-day. Others will be chosen.

New York, Jan. 2.—The Brooklyn Eagle to-day says: One of the largest lumber deals on record has just been completed. It includes the purchase of 800,000 acres of Nova Scotia lumber land, together with sixteen lumber mills, all in operation and with established markets in England. The syndicate which is back of this is composed of unusually strong men in the financial world. The company is to be known as the Dominion Lumber Co., (Ltd.) and is organized under the laws of the province of Nova Scotia. Its capitalization is several millions of dollars.

Quebec, Jan. 4.—The rumor is again revived that Archbishop Beign has notified the Superior of the Redemptorist Order at Baltimore that Father Ross, of St. Patrick's, must leave the archdiocese of Quebec without delay, and in some quarters it is thought that the trouble will end in the removal of the Redemptorists from Quebec altogether. Father Ross is the priest who declared on the occasion of the Requiem Mass for the repose of the dead premier's soul, that Sir John Thompson could not be a Catholic, and that the only true religion was to be found in the Roman Catholic Church, and that all others were frauds and shams.

London, Jan. 7.—A despatch to the Times from Peking says that the Chinese envoy to negotiate peace with Japan had a farewell audience with the Emperor on Friday. Japan refuses to grant an armistice. Mr. Deakin, the British minister, believes that the negotiations will be fruitless. The Japanese will withhold their terms until they have occupied Peking.

London, Jan. 6.—There was a drop in emigration to Canada during the past year. The total number which went out to Canada in 1894, was 27,731 against 50,381 in 1893. Emigration to the United States was also less during the year, 25 per cent. as compared with 1893.

New York, January 4.—Mayor Strong made the following statement to-day: "I am going to investigate every department of the city government from top to bottom. If there is any corruption, or if abuses exist anywhere, I propose to find it out. As soon as the commissioners of accounts are ready to go to work, I shall direct them to begin thorough and systematic investigations." The Mayor said his purpose is to ascertain the exact condition of the city government, and every department is to be examined.

New York, Jan. 4.—Mail advices from Panama say: "A correspondent of the Star and Herald at Quito, Ecuador, writes under date of Nov. 27: An earthquake to-day, lasting thirty-seven seconds, did great damage. Valcan church was destroyed and fourteen bodies have been taken from the ruins. Many persons were taken from the ruins. Many persons were killed and injured."

Thirty per cent. off when goods have been marked one hundred per cent. on is not much of a snap after all. Forty per cent. is a nice little profit. Don't lose your heads. Merchants are not in the habit of giving you gold dollars for ninety-nine cents.

STOP AND THINK! That money you are tempted to spend (because of big discounts offered) belongs to someone else.

Sign up your 1894 bills before you load up with goods you are not in need of. Honesty is the best policy."
