**SCOTT ACT.**—Meeting of Scott Act friends at Y. M. C. A. at 8 o'clock tonight. Those called by circular on Saturday are especially invited to be present. Meeting of the executive of alliance at close of general meeting.

**REMARKABLY EARLY.**—Mr. S. R. Huston corner Lutes and Park streets, has in his garden potatoes and peas which he is now using. The potatoes are a little small, but firm and dry. This is remarkable early for this backward season, when in some gardens things are only fairly through the ground.—Moncton Times.

**THEATRICAL.**—The Ethel Tucker Company closed their engagement in Charlottetown on Saturday night when "Escaped from Sing Sing" was cleverly presented. In this play Mr. Melton assumed seven distinct characters, and the rendering in each case was splendid.

**HAND MANGLED.**—The Pioneer reports that a son of Mr. John McArthur, engineer, of Summerside, got one of his hands badly mangled in a buzz planer on Saturday. One of the fingers had to be amputated, another is badly broken, and the remainder of the fingers on the hand are very badly cut.

**THE GROSHAUT TEA.**—Return tickets at one first class fare will be issued at all stations on the P. E. Island Railway to Selkirk Station and Rollo Bay Station in connection with the Great Eastern Tea at Groshaut. Teams will meet trains at said station to convey passengers to and from tea grounds free of charge. E. Walker, P.P.

**C. E. CONVENTION.**—Societies intending to send delegates to the Convention on August 10th and 11th will please not fail to forward names of delegates to D. L. McKinnon, Montague Bridge, before July 25th, and in any case not later than August 1st. Officers of the Convention and clergymen intending to be present are asked to do the same.—W. H. Spencer, Vice President.

**BOSTON SCHOOLS AND CHURCHES.**—The Boston Herald says: The schools have closed and the churches are closing, one by one while the city clergymen are rushing off to Europe or the country as fast as ever they can. Their sheep being all astray, these shepherds seek rest from their labors, and for the time being the wicked must manage without their guidance. If anybody wants to get married now it will be awkward; and as to dying, that is simply out of the question.

**NEW BOSTON LINE.**—Boston is to have a new steamship line. About Aug. 1, the Dominion Atlantic Railway Company, nominally a Nova Scotia enterprise, but really owned in London, will begin running its own vessels from Yarmouth to that port, carrying freight and passengers. Heretofore this company has shipped its freight to Boston, via the steamers Boston and Yarmouth. When the proposed new steamship line has been in running order, there will be lively competition between the two lines to Yarmouth, N. S., and the Plant system to Halifax, as the two steamers of the new line, one of which was only launched recently, will be the fastest running out of Boston. The new line will land at Long's wharf.

**MEETING AT CORNWALL.**

Outsiders Interrupt Representatives of the People's Party.

A large meeting of electors took place at the schoolhouse at Cornwall on Saturday night. The room was crowded, and many were obliged to stand in and about the doorway. Messrs. McMillan, Wise, Horne, Farquharson and W. S. Stewart discoursed on the political questions of the day until a late hour. Mr. Farquharson has exceedingly up-hill work defending the Government. In fact he scarcely attempts a defence at all. He pleads guilty to all the severe charges that are made against the Peters Government and only attempts to lighten their weight by arguing that previous governments were little better. But this defence meets with little sympathy. For the first time in the campaign some of Mr. Farquharson's hearers attempted to prevent free speech by hooting and yelling, and otherwise interrupting their opponents. They carried on this nefarious work from the outside of the building, and when the door was shut broke in the door. A cause must be exceedingly bad that requires this mode of defence. It is quite evident that the exposure of the present Government by the Opposition speakers is having a telling effect when rowdiness has to be resorted to. It is fair to state however that the organized interruption did not belong to Cornwall but was an outside importation. Messrs. Farquharson and Wise should be proud of their allies.

**CONTRIBUTIONS TO SCOTT ACT CAMPAIGN.**

To obviate difficulty respecting Scott Act contributions it is distinctly understood by the financial committee that no names of parties contributing to the funds will be publicly acknowledged. Anonymous, non de plume, church and society gifts however will be announced. At the close of the campaign a complete statement will be sent to each contributor, with a receipt attached acknowledging his contribution.

Mr Foster Arrives in London—His Success So Far

Mr. John W. Foster, the United States seal commissioner, has arrived in London from St. Petersburg, and has paid a visit to the United States ambassador, Colonel John Hay, Messrs. Foster and Hay will co-operate in pressing the sealing question upon the British Government. To a representative of the Associated Press. Mr. Foster said the details of the arrangement arrived at with Russia could not be revealed, but he added they were entirely satisfactory. Mr. Foster had no doubt Japan was equally ready to co-operate with the United States in the protection of seals. He was not going to Japan, but he had conferred with the Japanese minister at Washington and thought an agreement could be reached directly between the two Governments. The measure to be agreed upon, however, would not be made effective before 1898, but had Great Britain shown the same willingness as Russia they might have been applied this season. Speaking of Hawaii, Mr. Foster said: "We learned the sentiments of Russia and France during our visit to St. Petersburg and Paris. They will not object to annexation, and regard it as natural and inevitable. I do not believe Great Britain will object. The European Governments may not like it, but they are reconciled to it. Hawaii does not presage the annexation of Cuba. The cases are entirely dissimilar. Hawaii is settled by Americans, and the United States has obligations to fulfil there, whereas Cuba is a colony of a foreign Government."

A Washington, despatch reports that the Emperor of Morocco is to be coerced by the American men of war, in order that a just punishment may be inflicted upon one of his subjects, who assaulted an American citizen. The warships San Francisco, flying the flag of Rear-Admiral Selridge and the Raleigh are on the way to a Moorish seaport. The orders to the San Francisco and the Raleigh were the result of a request received by the State Department from Consul-General David N. Birke, at Tangier. Birke announced that an American citizen has been brutally assaulted; that he had asked the Moorish Government to arrest and punish the American's assailant, and that, up to the present time, there was no indication that the request would be granted. For the future safety of Americans in the Empire, he thought it necessary that Morocco should be compelled to mete out justice to the native who committed the assault, and he asked that an American man of war be sent to Tangier to support the demand.
