MISCELLANEOUS.

APRIL.

I hear through all the solemn pines
The south wind's pleasant flow,
And see the clouds, like happy things,
O'er fields of azure go,
While all the sorrow from the earth
Seems melting with the snow.

The robin and the bluebird sing
O'er meadows brown and bare,
They cannot know what wondrous bloom
Is softly budding there;
But all the joy their hearts outpour
Seems pulsing in the air.

And we will sing, though all our days
Seem dark with pain and loss;
We know that Sorrow's furnace heat
Consumes alone our dross;
We know that our dear father's love
Gives both our crown and cross.

Oh, while beneath the snow-drift buds
The flower we love the best,
And on the wind-toss'd bough the bird
Still builds its happy nest,
Praise God for all the good we know,
And Trust Him for the rest!

INVOCATION TO SPRING.

Come, gentle Spring a thousand flowers
Thy coming wait to throng;
A thousand wild birds 'mid the bowers,
Would welcome thee with song;
And warble of thy coming, Spring,
With sunshine on thy gleaming wing.

Come, glorious Spring, the March winds sigh
With blust'ring voice or gentle tone;
Come, for our hearts would bring thee nigh,
And wintry storms are long and lone;
Come, bring thy loveliness, sweet Spring,
And make the mournful heart to sing.

Bring flowers, bring birds, bring sunshine gay,
Bring ships like sea birds o'er the wave;
Bring the sweet friends so far away,
Whose absence seems almost a grave!
O yes! a transient halo fling,
O'er life's dull path-way, glorious Spring.

Yet, why should I so worship thee?
A brighter joy is in my breast;
A sunny peace, a gush of song,
A something sweeter far than rest,
A whisper,—this is but the Spring
Of joys that never can take wing.

EUROPE ARMING.

(From the London Daily Telegraph.)

"*Si vis pacem,*" says the Latin proverb, "*para bellum;*" and by that account Europe must indeed be hankering after peace! Recent statistics give us means of measuring the pacific fervour of the times. In France, 480,000 Chassepot rifles are in course of manufacture, the most of which are to be finished before the 1st of March, 1868. In Prussia, the needle-gun and rifled cannon system are to be maintained. The gun manufactories are very busy in completing the stores for the arsenals, and 1,100,000 breech loading steel barrels have been ordered since the war. In Austria, the alteration of 600,000 guns proceeding upon the Wanzl principle; and 300,000 of them are to be completed by the end of the year. Bavaria, Wurtemberg, Baden, and Hesse-Darmstadt adopt the breech-loading gun, giving the preference to the Prussian rifled cannon, and large orders are in course of execution. In England, 150,000 Enfield rifles are already converted on the Snider principle. In the course of the year 350,000 guns of the same kind will be ready. The Government manufactories are converting 1,000 guns every day. By the end of the twelve months, 426 rifled cannons of various calibres will be manufactured. The Russian Government is converting 600,000 guns on the Carle principle—a modification of the needle-gun; and 300,000 will be ready by the beginning of next year; while 900 breech-loading cannon are in course of construction to complete the field batteries. In Denmark the Chambers have voted a large sum for the conversion of the present guns into breech-loaders, but the model weapon has not yet been decided upon. In Holland the Government is converting the present arm into guns on the Snider principle. In Italy, Spain, Portugal, and Greece the breech-loading gun is adopted. Spain and Greece have ordered cannon from the manufactory of M. Krupp, of Essen, in Prussia; and even Belgium will continue the use of the rifled Prussian cannon adopted in 1864, and will bring into use the breech loading small arm. We should like to know, under these dove-like and agreeable circumstances, what Dr. Cumming still thinks of the immediate prospects of Millennium.

THE PROGRESS OF A GREAT FACT.

ALL OPPOSITION VANQUISHED.

Plunge a stone into the middle of a lake, and from the point where it falls ripples will spread in ever-widening rings, until they reach at last every portion of its margin. So it is with a great discovery or invention; whenever it may be ushered to the light, its fame is certain in the end to fill the world. This has been strikingly illustrated in the progress of Professor Holloway's invaluable remedies. Twenty years ago they were first announced in London; now they are the standard medicines of both hemispheres. Such is the resistless far-circling sweep of a grand utilitarian discovery, when applied to the highest philanthropic purposes, and aided by the motive power of the Press. What are the greatest military achievements compared with those of Thomas Holloway? If it be true that the man who causes two blades of grass to grow where but one previously grew, what shall be said of him who cures ten sick persons where but one was cured before. Holloway, if the accumulated testimony of all nations is to be believed, has done much more than this. Diseases which, prior to the introduction of his Pills and Ointment, had baffled science, are now relieved with an expedition and certainty which are literally astounding. There is no getting round or over the fact, for it is avouched by the voluntary declarations of convalescent multitudes. Professional jealously and prejudice, the most formidable antagonists that Truth encounters, have been vanquished by the success of these preparations, and time-honored medical institutions of Continental Europe have been constrained to admit their value and sanction their employment.

In this country, where the people are always ready to test whatever is new, and equally sagacious in discriminating between the chaff and the wheat of the great mass of novelties submitted to them, the rapidity with which Holloway's Pills and Ointment have obtained universal confidence has, perhaps, no paralell in the history of science. Their fame has radiated from the local point in London to the remotest section of the Globe.

Usually we improve upon most things; but even human ingenuity cannot enchance the value of these remedies. We take them as they are, and are not only satisfied, but grateful.—*Albany Knickerbocker.*

A STORY OF LONGFELLOW.—Some of the Bohemian letter writers give us this story of Longfellow:—He was staying a few years ago at Newport, shut up in seclusion, deeply intent upon the production of some poetical work. A man demanded admittance, but was refused by the servant. He was importunate, and Longfellow was consulted, and admittance again denied. At last the man broke through all obstructions, and burst into the poet's study. Said he, heedless of the poet's frown, 'Mr. Longfellow, you must excuse my interruption, but I have business that is of more importance to you even than me, and I have come down from Boston on purpose to see you. You know those English blacking fellows, Warren, and them others keep a poet, and their blacking went off because of their verses. Now I am in the blacking business and I thought if we were to go partners, you could make the rhymes, I the blacking, and we could divide and make a good thing out of it. You see you would have the best end of the thing.' 'Put him out! Put him out!' shrieked Longfellow, in an excess of indignation and astonishment; and the indiscreet blacking maker left the room with greater speed than he had anticipated for the sale of his blacking.

Husband—Mary, my love, this apple dumpling is not half done. Wife—Well, finish it then, my dear.

A COMMON SENSE VIEW

OF THE

Mode in which

HOSTETTER'S

STOMACH BITTERS

ACT UPON THE

HUMAN SYSTEM.

This is an age of inquiry. People want to know the why and wherefore of all statements submitted to them as facts, and as far as this

GREAT PROTECTIVE AND INVIGORANT

is concerned, it is proposed to gratify them.

All the physicians admit that the greatest difficulty they encounter in their practice is in conveying to the seat of a disease the medicament that will counteract and neutralize it. Electricity has been tried for this purpose, but it is now generally admitted that the electric fluid is too subtle an agent to be made the vehicle of medication. It shocks the nerves, but cannot distribute through the system anything except itself. Medicated electricity is, in short, an exploded humbug. But a liquid stimulant, as everybody knows, can be charged with the essential properties of any and every substance in the *Materia Medica,* and there is no herbial extract which it will not hold in solution with all its preventive and curative virtues unimpaired.

Now, the pure liquid stimulant of which

HOSTETTER'S BITTERS.

are in part composed, is charged with invaluable vegetable remedies, and these, by reason of its powerful diffusive principle, it conveys to every organ and introduces into the circulation. To use a common expression, it goes to the spot, taking with it just what is wanted there. The *essence of ry* would undoubtedly diffuse itself through the organization as swiftly, if administered pure and simple, as if mixed with the juices of tonic and alterative roots, barks and herbs. But of what use would it be without their healing, strengthening, life-sustaining balm? It would merely excite. It could neither *protect* nor *cure.* And herein lies the essential difference between the effect of the purest stimulant, when given *alone,* and the same stimulant, when administered in the medicinal form of

HOSTETTER'S STOMACH BITTERS.

Good Monongahela spirit is doubtless the mildest and most innocuous of all the varieties of liquor, but it only becomes a *healthful medicine* when impregnated with the vegetable elements employed in the preparation of the Bitters.

TO DYSPEPTIC SUFFERERS.

Under the general head of Dyspepsia may be classed all the varieties of indigestion. Its symptoms are so various, and differ so much in different individuals, that it is almost impossible to classify them. In fact, some of them are utterly indiscribable. It may be safely asserted, however, that half of the diseases of mankind spring from a disordered state of the stomach; and that the other half, whatever their origin, react upon that sensitive and important organ. Among the ordinary indications of Dyspepsia or flatulence, a bloated and full feeling about the stomach and abdomen immediately after eating, a gnawing sensation, or a sense of hollowness at the pit of the stomach, between meals, a heavy dull feeling in the head, feeble or unsteady appetite, occasional nausea, a restless dull feeling during the night, and a weary, unrefreshed feeling on rising in the morning, palpitation of the heart, depression of mind, sometimes amounting to monomania, loss of memory, confusion of thought, sour stomach, with rising of food, and a choking sensation in the throat, dimness of the eye, pain in the diaphragm, feebleness and disinclination for exertion, and sometimes emaciation and a corpse-like palor. These are a few of the *direct* signs of Dyspepsia, but it is generally complicated with specific affections of the bowels, the liver, and the nerves; its victims have many additional torments which are technically attributed to other causes.

The best advice that can be given to any one who has the slightest predisposition to Dyspepsia, is to fortify his or her digestive organs by the daily use of

HOSTETTER'S BITTERS.

The disease proceeds from a lack of vigor in the stomach, and this vitalizing preparation will tone and renovate that organ. If the gastric apparatus is in good working order, and can perfectly dissolve and thoroughly assimilate the food submitted to its operation, there will be no dyspepsia. If it cannot do this, it *requires reinforcement,* and the best of all reinforcing agents should be forthwith resorted to. The stomach is the commissary of the system. It supplies the elements of life to the whole body. In it is prepared the material of blood, muscle, bone and fibre, and if it fails to purvey that material in sufficient quantity, and of a proper kind, the whole body suffers, and with it the mental faculties. Therefore protect the "Commissary Department." Don't let the enemy obtain possession of it. It is easier to prevent disease from getting into an organ than to expel it after it becomes a *chronic fixture.* Consider the first indication of uneasiness in the stomach as a sign that dyspepsia is preparing to attack, and baffle it at once with this *great repellant.*

But if it is too late to *prevent,* remember that it is *not too late to cure.* It is believed that there is no case of chronic indigestion that can withstand the remedial operation of.

HOSTETTER'S STOMACH BITTERS.

This belief is grounded on *twelve years' experience* of the efficacy of the preparation. The first instance of its failure to give relief is yet unchronicled. If it ever had failed, the voluminous correspondence addressed to the proprietors from all parts of the United States and South America, would, at least, include one letter expressing dissatisfaction. But no, *there is not one.* The testimony, extending over a period of more than a dozen years, is all of the same approving tenor. Certainly this is a sufficient warrant for claiming that the Bitters are a

Specific for Indigestion in all its varieties.

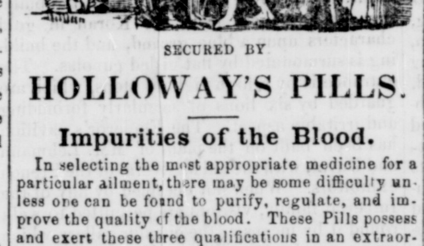
THE ROAD TO HEATH
AND LONG LIFE



SECURED BY

HOLLOWAY'S PILLS.

Impurities of the Blood.

In selecting the most appropriate medicine for a particular ailment, there may be some difficulty unless one can be found to purify, regulate, and improve the quality of the blood. These Pills possess and exert these three qualifications in an extraordinary degree. They enable the stomach to digest any ordinary food, increase the secretory powers of the liver, cleanse and purify the blood, expel all morbid matter, and throw into the circulation the purest elements for sustaining and repairing the frame.

Weakness and Debility.

How many persons suffer from debility without knowing the causes why they are feeble! In most cases the stomach is the aggressor. Holloway's Pills have long been famed for regulating a disordered stomach, and restoring its healthy digestive tone; they are, therefore, confidently recommended as a never failing remedy in all cases where the constitution, from any cause, has become impaired or weakened.

Disease of the Head and Heart.

These formidable diseases are, unfortunately, of frequent occurrence; for the most part they creep on gradually, but may be prevented by proper precautions. Holloway's Pills are the surest preservatives against all derangements of the brain, and are the speediest correctors of irregular circulation. If they be taken without delay, when tingling in the limbs, drowsiness, or giddiness comes on, the effect will be marvelious.

Females of all Ages & Classes.

The fame of these Pills is partly based upon the beneficial effects they have upon the constitutions of females. From the domestic servant to the peeress, universal favor is accorded to them for their invigorating and purifying properties, which render them so safe and invaluable in all disorders peculiar to the sex. Obstructions of every kind, either in young persons entering into womanhood or approaching the turn of life—the most critical period—may be radically removed by a recourse to these Pills.

All Disorders affecting the Liver, Stomach and Bowels.

Whenever the stomach, liver, or bowels are disordered by high living, climate, over-indulgence, undue exertion or other causes, these fine regulating Pills will soon rectify the evil, and speedily bring back energy, strength and cheerfulness to the frame where previously all was lassitude, gloom and dejection.

Despondency, Low Spirits.

The misery occasioned by a disordered disgestion is, unfortunately, felt by most. These famous Pills should be taken in appropriate doses to adjust the disturbed functions. They dispel headache, biliousness, nausea, lowness of spirits, and all similar ailments. A course of these invaluable purifying Pills never fails in removing the cause of such morbid affections, without subjecting the sufferer to any inconvenience

Influenza, Diptheria, Bronchitis, Coughs and Colds.

In our changeable climate few persons escape without colds, sore threats, influenza, diptheria, or bronchitis, for all of which these famous corrective Pills may be taken with the certainty of effecting a cure. While the Pills are expelling all impurities from the body generally, Holloway's Ointment should be well rubbed upon the chest and throat; it will penetrate the skin, reduce inflammation, and restore lasting soundness.

Holloway's Pills are the best Remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula, or King's Evil
Asthma	Fevers of all kinds	Sore Throat
Bilious Complaints	Fits	Stone & Gravel
Blotches on the Skin	Gout	Second'ry Symptoms
Bowel Complaints	Headaches	Tic-Douloureux
Colics	Indigestion	Tumours
Constipation of the Bowels	Inflammation	Ulcers
Consumption	Jaundice	Venereal Affections
Debility	Liver Compl'nts	Worms of all kinds
Dropsy	Lumbago	Weakness from whatever cause &c. &c.
Dysentery	Piles	
Erysipelas	Rheumatism	
	Retention of Urine

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers her

Soothing Syrup,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay **all pain** and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over thirty years, and **can say, in confidence and truth** of it, what we have never been able to say of any other medicine—**never has it failed, in a single instance, to effect a cure,** when timely used. Never did we know an instance of dissatisfaction by any one who used it; on the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter **"what we do know,"** after thirty years' experience, **and pledge our reputation for the fulfilment of what we here declare.** In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most **experienced** and **skilful nurses** in New England, and has been used with **never-failing success** in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcomes convulsions, which, if not speedily remedied, end in death. We believe it the **best and surest remedy in the world,** in all cases of **Dysentery and Diarrhœa in Children,** whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—**do not let your prejudices, nor the prejudices of others,** stand between your suffering child and the relief that will be **sure—yes, absolutely sure**—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the facsimile of **CURTIS & PERKINS,** New York, is on the outside wrapper.

NOTICE.

THE SUBSCRIBER begs to inform the citizens of Charlottetown, and the public generally, that he has RE-OPENED his

Tailoring Establishment

on QUEEN STREET, two doors west of T. Des Brisay's; and solicits—while gratefully acknowledging past favors—a return of that public patronage which was formerly so generously and extensively conferred upon him.

Having acquired a thoroughly correct knowledge of the Cutting Department, on a purely geometrical principle, together with many years' successful practice, he is prepared to compete, for superiority, with any of his profession in this Colony.

Having also selected Mr JOHN CHRISTIAN, whose name is proverbial for superior workmanship, as his Parnter, he guarantees the Firm of "McLEOD & CHRISTIAN" to give every satisfaction.

Orders from the country promptly attended to.

DR. LA'MERT
ON
SELF-PRESERVATION.

PRICE WITH ENGRAVINGS AND CASES, 1s. 6D, BY POST, 3s. CURRENCY.

SELF-PRESERVATION: A popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence, by DR. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The author is the only legally qualified practitioner whose name stands on the 'Medical Register,' (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford Square, London, England.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

"SELF-PRESERVATION" may be had of the undermentioned Agents, price 1s 6d; free by post, 3s currency:—Halifax, N. S., Mr. Johnson, Chemist. Yarmouth, N.S., Messrs. Young & Baker, Booksellers. DR. KNIGHT'S
ORIENTAL HAIR RESTORER,

Is the only preparation in use which invariably CHANGES GRAY AND FADED HAIR TO ITS ORIGINAL COLOR. Its effects are so UNIFORM AND SPEEDY, as to be regarded almost MIRACULOUS.

It gives UNIVERSAL SATISFACTION, a single trial proving its superiority over all other articles offered to the public under similar names.

LIEUT. E. G. WHITE, writes from Eastport, Me., April 17, 1866: "Though but twenty-six years of age, my hair had become quite gray, when, at the suggestion of Dr. Carpenter, I gave your *Oriental Hair Restorer* a trial. In TEN DAYS from the first application my hair was dark and soft as in childhood. I believe no other preparation can boast of such remarkable effects."

REV. EDWARD ORR, writing from Alexandria, Va., February 5, 1866, says: "I am too old to regret that the frosts of winter should glint perpetually in my hair, but to gratify my daughter, I have used your *Oriental Hair Restorer,* and with the happiest results. My hair, which two weeks since was white as silver, is COMPLETELY RESTORED TO THE COLOR AND TEXTURE OF FORTY YEARS AGO. In my daughter's behalf, I thank you heartily."

CAPT. C. C. COWAN, of the "Sea Queen," dates at Bermuda, December 27, 1865: "Your *Oriental Hair Restorer* is looked upon as something miraculous by the people here. Such uniform, speedy, and satisfactory effects have never followed the use of any other preparation."

MRS. OLIVER, of Carleton, N. Y., says in her letter, dated May 9, 1866: "I won't say that I have used your *Oriental Hair Restorer,* for what use can a person of my age have for such things? But my friends have used it, and I have witnessed its wonderful effects. If I ever should get gray, I shall know what to resort to."

Columns might be filled with testimonials like the above, but their publication is not considered necessary. In the preparation of the *Oriental Hair Restorer* the most costly material is used, and no pains are spared to make it an article which shall STAND THE TEST OF ALL TIME.

The verdict of the people is in its favor.

DR. KNIGHT'S
HAIR DRESSING.

A VEGETABLE PREPARATION

For Preserving and Beautifying the Hair.

Contains neither Oil nor Alcohol.

This article has been prepared with a view to supercede the pernicious compounds so common in the market, the use of which has been almost invariably detrimental to the growth and beauty of the hair. It is especially adapted to the use of ladies and children, with whom it is a UNIVERSAL FAVORITE. Persons whose hair has been thinned by sickness or age should give it a trial. A luxuriant growth will result. By the use of Dr. KNIGHTS' HAIR DRESSING, the hair is beautified, its growth is improved, the scalp is cleansed, Nervous Headache is cured, hair eaters are eradicated, and all cutaneous eruptions are removed.

DR KNIGHTS' HAIR DRESSING,

Is a scientific discovery, prepared under the superintendence of an eminent chemist, and is approved, recommended and used by the medical faculty. It will not soil or stain the skin, or any article of apparel, is exquisitely perfumed, is put up in large bottles, and is sold by all Druggists, Perfumers and Fancy Goods Dealers.

Price, $1.00 per Bottle.

Prepared by E. R. KNIGHTS, M. D Chemist, Melrose, Mass.

DR. LAROOKAH'S
PULMONIC SYRUP,

FOR THE CURE OF

Coughs, Colds, Whooping Cough, Croup, Asthma, Cattarrh, Influenza, Bronchitis, Spitting of Blood, Pleurisy, Inflammation of the Lungs or Chest, Pain in the Side, Night Sweats, Hoarseness, Consumption in its early stages, and all Diseases of the Throat and Lungs.

This remedy is too well known and too highly esteemed to require commendation here. It is regarded a necessity in every household, and is heartily endorsed by the medical faculty, clergy men of every denomination, authors, editors, members of Congress, and many of our most distinguished men in public and private life.

COUGHS, COLDS, SOAR THROAT, &c.

Letter from Hon D. W. Gooch, Member of Congress from Massachusetts.

MELROSE, July 19, 1865.

DR. E. R. KNIGHTS—Dear Sir;

I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throats and all consumptive complaints, &c. I have recommended it to several friends, who have received great benefit from its use.

Letter from a well known Boston Druggist of of twenty years experience, and Steward Hanover Street M. E. Church.

BOSTON, March 9, 1865.

DR. E. R. KNIGHTS: Having used LAROOKAH'S PULMONIC SYRUP myself and in my family for the past six years, I am prepared to say that it is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat and all similar complaints. As I take cold very easy, I have had great opportunity to test the VIRTUES of this valuable remedy, and it has never FAILED me yet, however violent the disease. Having been in the Drug business for over 20 years, I have had good opportunities of knowing the virtues of the various medicines sold, and pronounce "LAROOKAH'S SYRUP" THE BEST of any article EVER presented to the public.

Yours, W. R. BOWEN, 86 Hanover St.

Space will permit the publication of but a tithe of the certificates which are constantly coming in from all quarters of the globe. Patients will find the most conclusive evidence of the value of this remedy in a trial of it, which will cost but a trifle, and which may yield priceless results.

Large bottles $1 00—medium size 50 cents. Prepared by E. R. KNIGHTS, M. D., Chemist, Melrose, Mass., and sold by all druggists.

DR. LAROOKAH'S
SARSAPARILLA COMPOUND,

For the speedy and permanent cure of
Liver Complaint, Scrofula or King's Evil, Dyspepsia, Dropsy, Neuralgia, Epilepsy, Erysipelas, St. Anthony's Fire, Pimples, Pustules, Blotches, Boils, Tumors, Salt Rheum Ulcers and Sores, Rheumatism, Pain in the Stomach, Side and Bowels, General Debility, Uterine Ulceration, Syphilisand Mercurial Disease,
And all complaints arising from or resulting in
IMPURE BLOOD.

It is double the strength of any other Sarsaparilla Compound in the Market, and is endorsed by the medical faculty as the best and cheapest Blood Purifier extant.

Read the following commendation from DR. ABBOT of Boston, widely known as one of the most successful practitioners in the country:—

BOSTON, Dec. 6, 1863.

DR. E. R. KNIGHTS, MELROSE, MASS.:

DEAR SIR; I have used DR LAROOKAH'S Sarsaparilla Compound in my practice for several years, and after a careful observation of its effects, I do not hesitate to say that it is, in my opinion, the SUREST, SAFEST, and CHEAPEST REMEDY for SCROFULOUS and SYPHILMIC DISEASES that has ever been made available to the medical profession.

Fraternally yours,
S. Y. ABBOTT, M. D.

From an eminent Druggist of Lowell:

C. R. KIMBALL, Esq., of Lowell, says that he regards LAROOKAH'S SARSAPARILLA COMPOUND as the BEST SPRING MEDICINE AND BLOOD PURIFIER THAT HE HAS EVER SOLD. The demand for it is increasing with great rapidity, and its good effects are remarkable.

DR. F. A. D'VOE, of New Orleans, La., writes that he has found LAROOKAH'S SARSAPARILLA COMPOUND a powerful alterative of uniform strength—especially efficacious in Scrofula and all cutaneous diseases, and eminently worthy of adoption by physicians generally in their practice.

As a PURIFIER OF THE COMPLEXION LAROOKAH'S SARSAPARILLA COMPOUND is unrivalled. Thousands of Ladies are indebted to this preparation for the marvellous purity of their complexions.

IN BRIEF, NO REMEDY HAS EVER BEEN DEVISED SO POWERFUL TO COMBAT AND ERADICATE THAT CLASS OF DISEASES WHICH ARISES FROM A DISORDERED CONDITION OF THE DIGESTIVE OR ASSIMILATIVE ORGANS, OR FROM IMPURE BLOOD, AS

Larookah's Sarsaparilla Compound,
