

Back Stretch

breaks. Scott Frost would win it. His colt has just won three heats handily from all the major Hambletonian opponents and had trotted in 2:00 for fun. Even O'Brien was impressed. But that opinion was changed for the young Canadian trainer on the Monday morning preceding the Hambletonian and a certain amount of doubt hung over O'Brien's mind from then until they crossed the finish line in the second and final heat. For on the Monday morning before the Hambletonian Scott Frost became a problem child.

O'Brien intended to work him four miles, the fastest in 2:18. Scott Frost trotted his first mile in 2:48. O'Brien intended that the second should be in 2:30 and Scott Frost, uninterested and unconcerned, trotted in 2:35. The third was to have been in 2:30; Scott Frost went in 2:26. But it was the final mile that really alarmed O'Brien. With 2:18 in mind, Scott Frost trotted in 2:29. He was single footing and pacing and between the quarter and the half made three breaks, something he hadn't done within memory. "He acted as though he had never known how to trot," O'Brien said later. "He wasn't lame or sore but he just wasn't any account." So for two days, O'Brien sweated him out alone with caretaker Don Beall who, if anything, was more concerned than O'Brien. The moods of the very successful young farm trainer are varied and they reflect themselves about the barn area. When O'Brien is chipper, the Camp stable is chipper. But when the little guy really worries, the others worry with him. They try to rationalize by telling themselves "Oh well, Joe always worries," but the Scott Frost crisis had them sweating.

On race day, O'Brien warned Scott Frost up peculiarly and while he was much more satisfied than after the Monday workout, he knew too, that the real trick was missing. Prior to the first Hambletonian day, Scott Frost was jogged his usual three miles the wrong way and went a mile in 2:52. But the next time out, Scott Frost was still jogged a wrong way mile before going in 2:33 and before his final warmup mile in 2:15, he was again jogged a single mile the wrong way. "I wanted to make sure that his muscles were well flexed," said O'Brien in explaining the extra wrong way miles preceding the last two spins. It was at the end of the 2:15 mile that O'Brien determined that his colt wasn't quite right. Butch Hanover trailed in this mile and in a final quarter in 2:30. Butch gained on Scott Frost and was even with him at the finish line. "If Scott had been completely right," said O'Brien, "Butch could never have caught him."

When starter Steve Phillips sent them away the first time, O'Brien rushed to the front with Leopold Hanover second, Wayahead third and Butch Hanover fourth. Galophone was hung up and moving on the outside. Past the quarter in 29.45 they went with Galophone

three eighths, O'Brien let him take the lead and then regained it immediately, a switch which many in the crowd missed. That order remained unchanged until past the half in 1:01 when Jack Richardson began to move on the outside with Butch Hanover. At the three-quarter mark in 1:32.35, Butch had his head in front on the outside but stabled or no, O'Brien wasn't surrendering the lead and he took it back as they straightened out in the stretch. Galophone, coming three wide and probably tired after his tough early trip, moved on but it was not he who was to become the challenger. That role fell to the 25-1 outsider, Leopold Hanover owned by Mrs. Charlotte De Van, of Hanover, Pa. and driven by Johnny Simpson. Perfectly placed throughout the mile, Leopold got loose after they passed the three quarters and set sail for the leader. Actually, although the margin was drawn to a half length at the end, there was never any doubt in anyone's mind that it was Scott Frost's heat as he rattled off a final quarter in 29 seconds. "We leave our readers to imagine the joy in the Sol Camp Stable!!"

Adios, the harness horse sire recently sold to Hanover Shoe Farms of Hanover, Penn., for \$500,000, established a new record price for harness horses. Previous to that in 1891 J. Malcolm Forbes of Milton, Mass., bought the 2-year-old world's record trotter Arion 2:10 3/4 to high wheels for \$125,000 and in 1951 Hanover Shoe Farms paid \$125,000 for the 3-year-old pacer Tar Heel. Adios held several world records during his racing career in the early 1940's but as a stallion has proved an unequalled producer of pacers. Last year his progeny averaged \$11,288 at standard bred sales with Noble Adios bringing \$34,000. What has really turned the spotlight on him was the setting up of a new world's pacing record in a race by the 4-year-old Adios Harry at Vernon Downs, N. Y., time 1:55. Last year Adios Harry was the winner of the \$70,000 Little Brown Jug pacing classic. Others of his progeny are setting up world's records this year. The price tag on his services next season will be \$5,000.

A valued friend of this column attended the races at Saratoga last Saturday night and had a long chat with the "Angie" Allen, former well known Maritime driver. The previous night Angie had three wins and two seconds, all catch drives with horses that had not won with other drivers before. Bad news was in the letter too, in that Aubrey Rodney with whom Angie is second trainer, was in a bad spill last Saturday night and broke his collar bone and ribs and will be sidelined for a long time. We regret this happening to one of the oldest and most popular drivers, who in 1913 had world record earnings with the trotter Baden 2:04 1/4 which led to his being sold to the Russian government for \$50,000.

At Sydney Sports Center last Tuesday night four horses registered double wins. Mitchell 2:09 1/5 (E. Frost), owned by Wludyka and Saunders, won the Junior Free for All, Crusader Chief 2:2. Best time in 1913 was in races 1 and 4 Inkus

(W. Lewis) owned by W. Young, won in 2:19, 2:17 2/5, Jacob Withrow 2-3, Amtico 4-2. In races 2 and 6 Mr. Nibble (M. Chaisson) owned by W. Karlachuk, New Waterford, was 1-2, Gary D. 2-6, Judge Morris 8-2, Time, 2:17 4/5, 2:18. The trotter Jack C. Chips (J. Moffat) owned by Mrs. Mas Kendall, Glace Bay, won races 5 and 8 in 2:17, 2:16, Question V 2-4, Loretta Lee 3-2.

At Yonkers raceway last week the pacer Torrid, driven by Johnny Simpson, won the \$7,500 race from Adios Boy (Camden), time 2:00 3/5. World's record holder Adios Harry was 4... We almost overlooked a former Island pacer, Ladie Seymour, in the 9th race at Richieu last week, time 2:12 2/5. The attendance record was broken at Saint John track last week when 4,487 fans passed through the turnstiles. They saw great racing in the 4th and 7th dashes when Ben Brooke C (Davidson) of the D. and R. Stables, was a double win, looked at Seymour in the 9th race at Richieu last week, time 2:12 2/5. The attendance record was broken at Saint John track last week when 4,487 fans passed through the turnstiles. They saw great racing in the 4th and 7th dashes when Ben Brooke C (Davidson) of the D. and R. Stables, was a double win, looked at Seymour in the 9th race at Richieu last week, time 2:12 2/5.

At Fredericton, N. B. Exhibition races last Tuesday night in the 1st and 5th dashes King Hedge-wood, owned and driven by G. Giberson, was 1-4, Agnes Hall, owned and driven by W. H. Keyes, 2-1, Time, 2:21 3/5, 2:22. In the 2nd and 6th dashes Vanity Lee (Lindon) owned by Newcastle Stables, was 1-3, Betty's Princess (Devlin) owned by Lloyd McKinley, Gagetown, 5-1, Chris McElwain (Troy) 2-2, Time, 2:19, 2:18 2/5. In the 3rd and 7th dashes Bay State Joe (MacArthur), owned by J. D. Mehan, St. Stephen, was 1-2, Donald G. R. (Devlin), owned by Lloyd McKinley, 2-1, Time, 2:21 3/5, 2:22. In the 4th and 8th dashes Lakeside Mity Linn (Harmon), owned by Arthur B. McGee, Augusta, Me. was 1-4, Homestretch Ade (T. Weir), owned by A. L. Sadler, Calais, Me. 3-1, Time, 2:15, 2:14.

Large crowds attended the races at Truro on Wednesday afternoon and evening. Top money in the \$2,000 Free For All raced in the afternoon, went to Josedale Clansman with 1-2 placings. A great surprise came in the second dash when Prince Maplecroft, recently brought from Richelieu Park and now owned by Stan Cleary of North Sydney, headed the Clansman and other fast free-for-allers to the wire in 2:09, equalling the time made in the 5th dash with the same field, Jerry's Nightmare (C. Smith) was 2-5. Other winners were, races 1 and 4 Foxy Grapes, owned and driven by F. G. Daniels, 1-2, the trotter Frammer Brown, that won in Charlottetown Old Home Week in 2:17 was 6-1 and took a new record of 2:15 1/5 for owner-driver Ed Haley, Antigonish. In races 2 and 6 May S. Grattan, owned and driven by Herb Wisener, was 1-1, Time, 2:14 2/5, 2:14 2/5. In races 3 and 7 Athlone 2 Ruler (Connors), owned by Miss Sharon Barker, Amherst, was 1-1, Leahy's Dream (C. Smith) 2-2, Time, 2:11 4/5, 2:09 3/5.

In response to our request for a wire on the results of the \$74,000 3-year-old trot stake race at Yonkers Raceway on Thursday night, we received the following from Mrs. Betty O'Brien: "Joe won with the one and one-sixteenth mile 2-year-old trot stake, Galophone 2: Black Rico 3, Home Free 4, Scott Frost has earned \$119,600 this year for a new world's record for money won in a single season regardless of age or gait. Our sincere thanks to Betty for a very prompt reply... In the Horseman and Fair World is the following: Scott Frost has passed up at least temporarily the world of grease paint for a shot at the big \$74,000 3-year-old trot at

At the night races in Truro four new marks were set up with Barbara Ann Queen (E. Haley) owned by H. M. Monaghan, Sydney, lowering her mark to 2:09 2/5. In races 1 and 4 Leo's Dream, owned and

driven by S. Finlayson, South Cole, was 1-2, Rusty Miller (Haley), owned by H. R. Cleveland, Berwick, 5-1, Lady Ruthie T. (LeBlanc) 2-5, Time, 2:19 1/5, 2:17, the former a new record for Leo's Dream. In races 2 and 6 Time Counts, owned and driven by W. B. Piers, Pugwash was 1-2, Resourceful (MacLeod) owned by H. F. McGregor, Truro, 2-1, Time, 2:16, 2:16. In races 3 and 7 Bud Henley (G. Turner), owned by Harry Wheby, Dartmouth, was 1-3, Sea Plant (C. Smith) owned by Ray Stewart, Murray Harbor, P.E. I. 4-1, Bob Clegg (Bernard) 2-5, Time, 2:14 2/5, 2:14 2/5—new records for Bud Henley and Sea Plant. In races 5 and 8 Jet Master (Ratchford), owned by P. J. Cadegan, Glace Bay, was 1-4, Barbara Ann Queen (Haley) 3-1, Keppoch Playgirl (Willis) 2-5, Whispering Hope (C. Smith) 8-2, Time, 2:12 2/5, 2:09 2/5.

The Prince Edward Island Harness Racing Club's Futurity Stakes which have become an institution here over the years and have been so capably managed by the President, Dr. R. F. Seaman, and secretary-treasurer W. G. Gillespie, will have their annual race meet at the Charlottetown track next Wednesday night, September 7th. There will be a Two Year Old Trot, Two Year Old Pace, Three Year Old Trot, Three Year Old Pace and Four Year Old Trot. The Two Year Old Trot will be first on the program, probably brought on about 7:30 and after that the Two Year Old Pace followed by the other events. There are good entry lists and people from all over the province and also from Nova Scotia and New Brunswick will be present to show their interest in the juveniles. Two trophies will be given, one for the winner of the Three Year Pace, donated by J. K. Williams, jeweller, in memory of his father, the late "Johnny Williams, and the other for the Four Year Old Trot, donated by the writer. A handsome cooler will be presented to the winner of each event.

Following are the next racing programs... Tonight at the Charlottetown track, eight dashes as advertised on this page, and on Monday night, Labor Day, there will be a big program at Summerside Raceway. Both are good cards and will give those who attend good finishes and plenty of excitement.

The many friends of that fine sportsman and champion athlete, Jim Pendergast, will be glad to know that he is back home from hospital where he was treated for injuries sustained some weeks ago. We hope to see Jim out and around in the very near future.

MAPLE LEAF SPEEDWAY MATINEE RACES
SATURDAY, SEPT. 10th Starting At 2:00 O'clock
Sponsored by MacNeill's Mills Women's Institute, Canteen Service. Anyone wishing to enter their horse, contact—
W. H. PHILLIPS, MacNeill's Mills

Fall Shoots Begin Today At Squaw Pt.

The fall shoots will start today at the Squaw Point Rifle Ranges. Shooting will start at 1:15 p.m. and will be fired at 200, 500 and 600 yard ranges. This will be a warm up shoot in preparation for the City Championship shoot which will take place September 10th and which will be followed with the United Services Officers Club Match on September 17th. This is shot under service conditions. A good representation from the Reserve Army is expected.

Word was received yesterday that Summerside Bantams and Little Leaguers would be unable to make a second appearance in Charlottetown due to several complications and a full program of playoffs and a track meet in the Western Capital. This unfortunately leaves the Island Little League and Bantam baseball titles undecided for the year with the teams in each bracket from each centre having won and lost one game. However, it could have been anyone's title in either bracket and as much as the boys on all teams would have enjoyed playing it out and fans would have enjoyed seeing final games played, officials in Summerside felt that the program of the weekend followed by school opening, too strenuous to fit in another trip to the city—hence the cancellation.

Wins Water-Skiing Title
TORONTO (CP) — Carol Anne Duthie of Toronto won her seventh straight Canadian water-skiing title at the Canadian National Exhibition Friday. Daughter of CNE sports director George Duthie, she won the senior women's crown for the second straight time. She had dominated the junior ranks for five years.

Starters For The Colt Futurities
TWO YEAR OLD TROT
Sandy Reynolds, Rutnie's First, Cheeky Dude, Col. Argot.
TWO YEAR OLD PACE
Ann McGee, Worthy Pointer, Just Betty's Mark, Helen's Dream.

Hunters' Corner

minimum effort and work. Furthermore have saved in this manner loses very little, if any, nutritional content. I have talked to a large number of farmers since haying was completed and only the odd one reported no nest losses observed. A distressingly large number reported as high as three. For instance: a farmer at Keppoch told me he destroyed three pheasant nests while cutting 16 acres of hay while a farmer at Southport just a few miles distant as the crow flies, reported three nests destroyed... two Huns and one pheasant. Incidentally the mower cut both legs off the hen. She flew away but returned later to the nest site and died. The breakdown shows an average of 1 1/2 nests per farm checked reported destroyed. There could be as many more cut over and ruined without being observed. Unless the mother bird is on the nest at the time the mower passes over it would not be noticed. Heavy hay... and they build where the cover is best. Foxes, skunks, prowling house cats, etc. have a habit of following hedge rows and dykes. To off set this danger Huns often make their nests in the middle of a 10 acre field. They don't appear to get wise to the haymower menace. The 1951 census shows that there were 10,137 occupied farms

Swaps Will Undergo Surgery
CHICAGO (AP)—Swaps are to undergo surgery on their right front foot and will be out of competition for at least three months, Rex Ellsworth, owner of the great three-year-old, said Friday. The California-bred chestnut was beaten by 6 1/2 lengths by Belair stud's Nashua Wednesday in a \$100,000 match race at Washington Park. Ellsworth and trainer Meschach Tenney said Thursday that soreness was discovered in Swaps' foot. The Kentucky Derby winner, beaten only by Nashua in nine starts this year, probably next will race at the Santa Anita meeting in California if his foot responds to treatment.

QUEENS COUNTY PLOWING MATCH TRACTOR ROADEO
