

Distress After Eating

Nausea between meals, belching, vomiting, flatulence, fits of nervous headache, pain in the stomach, are all symptoms of dyspepsia, and the longer it is neglected the harder it is to cure it.

Hood's Sarsaparilla and Pills

Radically and permanently cure it—strengthen and tone the stomach and other digestive organs for the natural performance of their functions.

Accept no substitute for Hood's. "My appetite was gone; nothing tempted me to eat, and what little I did eat felt annoying and unpleasant in my stomach. I tried many remedies without any benefit whatever. Finally, Hood's Sarsaparilla having been recommended, I began its use. After taking one bottle my stomach would retain food, and my appetite began to improve. After taking three bottles I was completely cured." WILLIAM ROSS, Wellington Street, Sarnia, Ontario.

Hood's Sarsaparilla Promises to cure and keeps the promise.

About Coffee.

People who are particular about the flavor of their coffee, people who know good coffee from bad coffee and want the good, are the people who are building up our coffee business. There is no adulteration, no substitution—every pound is honest coffee.

THE AGE OF BRAIN WORK
"In these days, half our diseases come from the neglect of the body in the overwork of the brain. In this railway age the wear and tear of labor and intellect go on without pause or self pity. We live longer than our forefathers but we suffer more. They fatigued only the muscles, we exhaust the finer strength of the nerves." Dr. Chase's Nerve Food is the greatest medicine of this age because it is best suited to the needs of the present day. It restores and revitalizes wasted nerve cells and makes the pale, weak, and exhausted strong and healthy and vigorous.

A NEW industry which promises to develop to large proportions has been started in Halifax for the purpose of manufacturing ladies' ready-to-wear garments. Hitherto goods of this kind had to be imported, but with the advent of the Britannia Manufacturing Co. the making of these goods will be carried on in Halifax, and the money heretofore sent abroad will be kept in the Provinces. The company, who had an exhibit at the Halifax Exhibition, make not only a specialty of ladies' skirts, but also make blouses, wrappers and white wear, which will compare favorably with any in Canada. In addition to their own makes the company will as regular jobbers handle other lines of women's and children's wear of all descriptions. A set of samples will be on the road shortly and orders will be taken for immediate and spring deliveries.

THE many friends of Chas. McNeill, Lower Montague, will be grieved to learn of the death of his only daughter, Nettie, which took place Thursday after a lingering illness. Deceased enjoyed excellent health up to last March when she was taken ill. Everything that medical skill and attention could do was done. Much sympathy is felt for the bereaved family which consists of father Charles McNeill and two brothers Irvine, captain of a large schooner and Everett, late of Harvard University, where he graduated. Nettie who was 18 years of age, was a favorite among her young friends of the community and by her pleasant ways and beautiful character won friends whom death itself cannot sever. Her illness was borne in a resignation marvellous even in an older person, and she died fully trusting in her Savior. The Guardian extends its sympathies to the bereaved family.
