SCHOLARSHIP FUND

Royal Canadian Legion Charlottetown Branch No. 1 again this year is offering a Scholarship in the amount of $200.00. Children of veterans in Charlottetown and area are invited to compete.

Applicants must have completed Grade X and must compete in the Jr. Matriculation examinations conduced by Provincial Dept. of Education.

Students whose education is already provided for by other endowments will not be eligible.

Application forms and further information are available at the Secretary Manager's office.

Deadline for applications is June 30th, 1962.

Signed:
ED. BROWN, President
LEO A. DOYLE, Sec'y. Manager.

FEDERAL GOVERNMENT OF NIGERIA

NIGER DAMS PROJECT KAINJI DEVELOPMENT

Pre-tender advertisement for preliminary works

The Federal Government of Nigeria expects to call for tenders in the near future for the construction of certain preliminary works required for the proposed Kainji Dam on the River Niger.

Four preliminary contracts are now envisaged namely:—

1) Construction of part of the camp required for the construction force.
2) Construction of about 39 miles of road from Mokwa northwards towards Kainji including a bridge over the River Eku.
3) Construction of about 30 miles of road from Wawa to the dam site and thence southwards towards Mokwa including a bridge over the River Kontagora and temporary bridges across the River Niger.
4) River Diversion, first stage, comprising two coffердams in the left channel of the River Niger at Kainji Island.

The contract for camp construction will include the provision of single storey buildings, a treated water supply, sewage disposal works, roads and services and the construction of a stabilised soil airstrip.

The two road construction contracts will each consist of cement stabilised soil with a sealed surface and will include all drainage, culverts and a small bridge.

The cofferdams — one upstream and one downstream of the main construction works — will be rock and earth fill.

Companies or consortia interested in tendering for any of the above work should supply the following data as a prequalification to tendering:

1) The legal and financial status of the company together with a general description of type and magnitude of works executed.
2) A detailed description of works, similar to those specified hereabove, executed in the past and those now in hand.
3) A description of the plant the company would have available for the works under consideration.
4) The number of technical personnel available for the works under consideration with details of their qualifications and experience.
5) The particulars submitted should be written in the English language although supporting references such as printed brochures may be in other languages.

The companies are requested to submit the above information in duplicate not later than 30th June, 1962. One copy is to be sent to the following addresses:—

Niger Dams Project,
Consultants Office,
P. O. Box 1288,
Lagos
Nigeria.

The Secretary,
Niger Dams Project Committee,
Cabinet Office,
Lagos,
