FURTHER AND LATEST NEWS FROM CANADA.

A despatch, in addition to the others received at the Reading Room here, came to hand last evening, but contains no further news than that which we have extracted from our St. John papers. A telegram received this afternoon, however, throws a little more pleasing light upon the whole affair. It says:—

"MONDAY, June 4, 1 noon.

"Although the Buffalo reports state that the Fenians were victorious at Fort Erie, reliable information has been received that they were defeated and surrounded by the 16th and 47th Regiments, and by the Volunteers."

As soon as we can get full and detailed accounts by the regular mails, which will be in the course of this week, we shall be able, we trust, to review the whole of this atrocious Fenian business, and to chronicle its end, which cannot be otherwise than overwhelming and disastrous for the mad, wicked and foolish conspirators engaged in it.

HORRIBLE ASSASSINATION.—A young man named William F. Humbert was assaulted in St. John, N. B., on the night of the 24th ult., by a ruffian named Patrick Cregan, and the assault resulted in the death of Humbert on the 29th. According to the evidence on the inquest, the blow which produced death appears to have been most treacherously administered by Cregan. It appears that there had been a dispute between the parties on the Confederation question—Cregan having sought to enforce his anti-views by the assassin's blow. The Coroner's Inquest returned a verdict of "Wilful Murder" against Cregan. There was much excitement in St. John, in consequence of the assassination; and it seems to have greatly embittered the contest between the Confederates and anti-Confederates—the latter being, as they should be, quite ashamed of their assassin champion. Humbert was much respected, and his funeral was attended by an immense concourse of people, hundreds of whom assembled on the melancholy occasion to show their abhorrence of the crime.

☞ It has been suggested to us that during the existing excitement consequent on the sad news of the Raid of Fenians on our fellow subjects in Upper Canada, that the Post Office authorities should be requested to deliver letters and papers in Charlottetown on Sunday for the period of one hour; and that the Reading Room be open on the same day for the period of two or three hours. The fact of our Canadian news not reaching us during the latter part of each week till the arrival of the *Princess of Wales* on Saturday, at midnight, and the probability of our communication by Telegraph being partially interrupted for some weeks, add weight in our opinion to the above most reasonable suggestion.

Holloway's Pills and Ointment.—The Good Friend.—Human suffering is so confessedly universal that the man who successfully relieves it is worthy of all praise. The above-named preparations were first compounded many years ago by Professor Holloway, who, since that period, has had repeated confirmations from all quarters of the globe of their surprising powers in curing both internal and external diseases. These medicaments give the greatest and speediest relief in all cases of dyspepsia, heartburn, flatulency, nausea, biliousness, and colic; they are also the safest and most efficient aperients. The Ointment, when briskly rubbed upon the skin, by exerting the most wholesome and regulating influence on under-lying nerves, vessels, and glands, checks inflammation in the throat, chest or bowels.

CURE FOR COUGH OR COLD.—As soon as there is the slightest uneasiness in the Chest with difficulty of breathing, or indications of Cough, take during the day a few "*Brown's Bronchial Troches.*" Containing demulcent ingredients, they allay Pulmonary Irritation. Military Officers and Soldiers should have them in readiness upon the first appearance of a Cold or Cough.

The Grand Secret.

The grand secret in medication is to help Nature. SUSTAIN and REGULATE—these are the Alpha and Omega of the only theory of cure that has common sense for its basis. If the nervous system is shattered, the muscles weak, and the mind, like the body, in a state of partial collapse—what is it best to do? Reason teaches us the answer;

BUILD UP YOUR MAN.

Brace him up as you would brace a tottering edifice. The pabulum he needs is a Tonic Alterative. Bring him up out of the depths of Debility and Despondency

WITH HOSTETTER'S BITTERS.

They cannot injure. A child may take them in doses suited to its years, without the possibility of harm. The enfeebled vital powers are as sure to respond energetically to their action as the wilted grass is to erect its blades under the vivifying and refreshing rain. In all cases of debility the Bitters are absolutely required. There is no substitute or succedaneum that will fill their place. Resort to this most wonderful of Modern Tonics,

AND ALL WILL BE WELL.

Bear in mind that in Dyspepsia, Intermittent Fevers, Bilious Disorders, and Affections of the Nerves, no other medicine will produce one tithe of the good effect that invariably follows the use of this excellent Invigorator and Corrective. Sold everywhere.—*N. Y. Tribune, Oct. 27, 1865.*

SEWING MACHINES.

ROBERT YOUNG has much pleasure in announcing that he has just been appointed sole Agent for P. E. Island, for the sale of

THE WEED SEWING MACHINES,

and would strongly recommend to all intending purchasers, an inspection of the sample now on his premises, so confident is he that they only require to be seen in operation to be appreciated.

THE WEED MACHINES

are better adapted than any others in the market to the changes and great variety of sewing required in a family. They will sew from one to twenty thicknesses of Marselles without stopping, and make every stitch perfect. They will sew from the finest gauze to the heaviest cloth, and even to stout, hard leather, without changing the needle or making any adjustment of the Machine. Two different sizes of the Machine are manufactured, fitted up, plain or ornamental, with or without cabinets, as may be preferred.

These Machines have obtained the highest premiums wherever they have been exhibited in competition with other Machines.
