LAST Wednesday evening, Oct. 1st, the home of Mrs. Mary A. Eyle of Stasley was the scene of a pretty wedding, when Rev. G. A. Sellar united in marriage her daughter, Georgia A. to James D. McLeod of Clifton. The bride looked lovely in her dress of brown trimmed with white. She was attended by her sister Angeline, and the groom was supported by Allan A. Campbell of Clifton. There were about 60 guests present. After the ceremony a bountiful supper was served, and a most enjoyable evening was spent. The bride, who is held in high esteem was the recipient of many costly gifts. Mr. and Mrs. McLeod will reside at Clifton. The best wishes of their friends go with them to their new home.

The Toronto World, commenting on the purchase of Rattenbury's packing establishment at Charlottetown, P. E. I., says: "The World a few days ago published an item indicating that the Swifts of Chicago were at work in Prince Edward Island, and the above despatch may or may not mean that the projected United States meat packing combine has designs on the Canadian trade. An official notice in the last Canada Gazette contained the following item: 'The Dominion Packing Company Limited, Montreal, Que., \$1,000,000, R. D. McGibbon, T. C. Casgrain, E. F. Sarveyor, Douglas Armour and Montague Miller. This gives the capitalization and the names of gentlemen connected with the Prince Edward Island undertaking."

Sterns' Fashionable Livery

Fashionable Livery means stylish rigs; that they are rubber tired, drawn by live and well groomed horses; that we have every style of waggon and carriage that a man of reason could ask for—in fact, rigs that compare favorably with those from the finest private stables in town. Our livery-stands haven't got that "Livery-stand-like" stamp about them. This is very reasonable weather for driver—roads are excellent and the air bracing. Use telephone if you like—200.
STERN'S
GREAT GEORGE STREET.

A first class ladies tailoring store is one of the things often wished for by the ladies of the city and surrounding country. We feel that this want will be fully supplied when we announce that S. A. McDonald is opening a first class ladies tailoring department in connection with his custom tailoring and clothing business, where ladies tailoring in all its branches will be attended to. This department will be under the management of F. J. Stanley who has had many years experience in some of the best ladies tailoring houses in the United States; and we feel assured that the work turned out in this department of the big store will be in keeping with its past reputation of turning out stylish garments. The ladies will now fall in for a full share of their fashionable tailoring and we feel that the sentiments of every lady in the city, when we say it will supply a long felt want and will be fully appreciated. The firm has just opened a large shipment of materials for ladies coats and winter suitings in all the popular shades. This popular house is now so well known all over this island that any further introduction at our hand seems unnecessary. The same success for the firm in this department as it has already made of it in its large and growing business is predicted.

STRANGER THAN FICTION.

A Remedy Which Has Revolutionized the Treatment of Stomach Troubles.

The remedy is not heralded as a wonderful discovery nor yet a secret patent medicine, neither is it claimed to cure anything except dyspepsia, indigestion and stomach troubles with which nine out of ten suffer. The remedy is in the form of pleasant tasting tablets or lozenges, containing vegetable and fruit essences, pure aseptic pepsin (government test), golden seal and diastase. The tablets are sold by druggists under the name of Stuart's Dyspepsia Tablets. Many interesting experiments to test the digestive power of Stuart's tablets show that one grain of the active principle contained in them is sufficient to thoroughly digest 3000 grains of raw meat, eggs and other wholesome food.

Stuart's Tablets do not act upon the bowels like after dinner pills and cheap cathartics, which simply irritate and inflame the intestines without having any effect whatever in digesting food or curing indigestion.

If the stomach can be rested and assisted in the work of digestion it will very soon recover its normal vigor, as no organ is so much abused and overworked as the stomach.

This is the secret, if there is any secret, of the remarkable success of Stuart's Dyspepsia Tablets, a remedy practically unknown a few years ago now the most widely known of any treatment for stomach weakness.

This success has been secured entirely upon its merits as a digestive pure and simple because there can be no stomach trouble if the food is promptly digested.

Stuart's Dyspepsia Tablets act entirely on the food eaten, digesting it completely, so that it can be assimilated into blood, nerve and tissue. They cure dyspepsia, water brash, sour stomach, gas and bloating after meals, because they furnish the digestive power which weak stomach lack and unless that lack is supplied it is useless to attempt to cure by the use of "tonics," "pills" and cathartics which have absolutely no digestive power.

Stuart's Dyspepsia Tablets can be found at all drug stores and the regular use of one or two of them after meals, will demonstrate their merit better than any other argument.

WANT DUTY ON COAL REMOVED.

OTTAWA, October 2.—The city council decided to-night to memorialize the government to temporarily remove the duty on coal in view of the present coal famine. Municipalities throughout Canada will be asked to take similar action.

Bicyclists and all athletes depend BENTLEY'S Lignum to keep their joints limber and muscles in trim.

Forty-two years we have catered to the drug wants of the good people of Charlottetown—with pardonable pride we think our stock as large and as varied as any in the City. Our prices always the lowest.—Reddin Bros., Opposite Post Office, Phone 86.
