### TELEGRAPHIC NEWS.

SPECIAL DESPATCHES TO THE EXAMINER.

#### STORM IN ENGLAND.

##### Vessels Lost in British Channel.

LONDON, Oct. 28. A heavy gale swept over the channel all day yesterday and during the night several vessels went ashore. Heavy weather also prevailed all along the east coast of England. A severe wind and rain storm prevailed off the mouth of the Tyne during which the schooner Resolute, in attempting to enter the harbor, was driven ashore. The schooner soon pounded her bottom out. The crew were rescued. The schooner Annie, of Liverpool, was wrecked in Lough Strangford, Ireland. Her crew and six men were drowned.

##### Blair's Defeat.

ST. JOHN'S, Oct. 28. Attorney-General Blair is so annoyed by his defeat in York that he has shaken the dust of Fredericton from his feet. He is about to open a law office in this city and is said to be looking for a residence here. It is also reported he will seek election in King's, making a vacancy by appointing Flawwelling Auditor General. Another report is that he will retire from provincial politics and cultivate St. John with a view of government leadership. His name is never mentioned in connection with coming the election in this city and the county Liberal-Conservative standard bearer will be selected by a convention. The names of Mayor Peters, George McLeod, George Robertson, and others are mentioned. Geo. McLeod, who ran against Sir Leonard Tilley in 1882, and was an opposition candidate in the bye-elections in 1886, left his party when it adopted unrestricted reciprocity.

##### Two Year Old Record.

STOCKTON, Cal., Oct. 28. Rowena, a two-year-old Palo Alto filly, made a mile against time in 2:18 1/2 yesterday. This is the fastest mile ever made by a two-year-old filly. Stamboul cut down the world's stallion record, trotting a mile in 2:08 1/2, beating the Palo Alto record by a quarter of a second.

##### Mrs. Harrison's Funeral.

WASHINGTON, Oct. 28. The funeral services over the remains of Mrs. Harrison took place at the White House yesterday morning. They were profoundly impressive and of the simplest character.

##### The Ralph B. Peake Ashore.

FORT MULGRAVE, Oct. 24. The barque Ralph B. Peake, thirty-five days from Liverpool, in thick fog and rain, ran ashore on Isle Madame. The vessel lies in a bad position.

##### Writ Against O'Brien.

DUBLIN, Oct. 28. The Court of Queen's Bench has issued a writ of execution against William O'Brien for £3,000, amount of a judgment given him in a libel suit.

##### Sudden Death.

BOSTON, Oct. 28. Ralph Ahl, a broker, dropped dead on the floor of the Stock Exchange yesterday.

##### General Telegraphic News.

LONDON, Oct. 26.—At a cabinet council, to-morrow, John Morley will present proposals for the release of political prisoners in Ireland.

TORONTO, Oct. 26.—At Carleton station, a F. T. R. box car loaded with freight, broke away from the train and despite the efforts of the brakeman on top, rushed down grade toward Toronto, junction at a terrific rate of speed. The brakeman jumped and escaped serious injury. At Toronto junction the car hit a locomotive standing on the main line, converting the car into kindling wood and the engine into a scrap heap. The engineer and fireman jumped and escaped serious injury.

DORCHESTER, Oct. 26.—Buck, under sentence of death for the murder of Policeman Sheadman, shows no sign of weakening, preserving his stolid demeanor and frequently swearing at those who call to see him. "Jim," his partner in crime, is said by the penitentiary officials to be a contented prisoner. He works in the bucket making department, chiefly painting, and while very tractable refuses to give his name or any details of his past life.

LONDON, Oct. 26.—The executive of the Masters' Federation announced that the federation are willing to submit the cotton trade dispute to arbitration if operatives wish to adopt that means of settling the trouble.

MONTREAL, Oct. 26.—The Star cable says: London, Oct. 26.—Sir John Abbott and Hon. George E. Foster are now devoting themselves to city matters. The question of Canada's financial agency in London is being discussed fully and with an open mind apparently, though, perhaps, there is a leaning towards placing the work in the hands of a Canadian house like the Bank of Montreal, if it is found that important Canadian interests here will in no wise suffer.

LONDON, Oct. 26.—At a meeting of the London Chamber of Commerce, held today, Sir John Lubbock, president of the chamber, delivered an address, in which he dwelt upon the satisfactory state of trade, which he declared was not affected by the McKinley tariff to the extent expected. The Canadian exporters, Sir John added, were in a condition of commercial paralysis which could not be indefinitely prolonged. The McKinley bill constituted the grand opportunity for Canada. This bill had placed the American farmers at a disadvantage. If Canada profited by the position and lowered her import duties, her merchants would be benefited because many British products required in the west would inevitably find their way through Canada and across the border without paying the heavy American custom duties. Sir John said that Bunstalism could never be adopted by Great Britain, as it would be impossible to fix the ratio of value.
