

below this address, and we have marked the last passage of it in italics, because it looks as if that part of it was intended to furnish a commentary on Mr. Haviland's sagacious opinion, that His Excellency's Message was a branch of Parliamentary privileges!

To His Excellency Sir Dominick Daly, Knight, Lieutenant Governor, and Commander-in-Chief, in and over Her Majesty's Island Prince Edward and its Dependencies, Chancellor, Vice Admiral and Ordinary of the same, &c. &c.

MAY IT PLEASE YOUR EXCELLENCY:

The House of Assembly most respectfully thank your Excellency for the various communications and messages sent to the House by your Excellency during the present session; also for the readiness with which your Excellency has complied with the wishes of the House in furnishing such information as they have required; and from your Excellency's parliamentary experience your communications have tended to assist the House of Assembly in its deliberations.

THE ALIEN BILL.

In our issue of the 29th ult., we stated that the above Bill had passed the Legislative Council, and was then before the Assembly. This assertion was incorrect; and with the full sanction of the party from whom we received it, viz., the Reporter of the Council Debates, we throw the blame upon his shoulders. When that gentleman told us that the Bill had passed the Legislative Body of which he was an officer, it had passed through the second reading, and been committed; and as the third reading was made one of the orders for the following day, we presumed, justifiably enough, that the principle and details of the measure having been sanctioned by the Branch in which it originated, the third reading and passing would be a mere formality. However, as

"The best laid schemes of mice and men  
Aft gang agley,"

this Bill was not to be an exception, and, on the motion for the third reading, its consideration was deferred till next Session. Our article having been written immediately after the Bill had passed through the stage in which the principle and measure of any Act receives approval or condemnation, we had not been reminded of the fact of its subsequent rejection by the Council, and consequent non-appearance before the House of Assembly.

In noticing this matter, we cannot refrain from the expression of our regret that a measure so well calculated to increase the moral, social, and commercial prosperity of our country, and so eminently in accordance with the progress of the age, should have been delayed. The reasons which induced the postponement of the passage of the Bill will appear in due course, in our reports of the proceedings of the Legislative Council.

REORGANIZATION OF THE LIBERAL PARTY.

We have great pleasure in being able to give the following Circular a conspicuous place in our columns. It will show that measures are about being adopted for a thorough and complete organization of the Liberal Party from one end of the Island to the other; and to show that the leaders of the party, unlike the Political Alliance, are not ashamed to make their acts known to all the world, it is the intention of the new Central Liberal Society to give the widest publicity to all their proceedings; and so soon as Branch Societies shall be formed in the interior, they will be advised to do the same.

CHARLOTTETOWN, 1858.

SIR—At a meeting of some of the leading members of the Liberal Party, recently held in Charlottetown, the following gentlemen were constituted a Provisional Committee, to be designated the Executive Committee of the Central Liberal Society, to be established for the purpose of communicating with persons holding like political principles in the various localities and Districts throughout the Island, with the view of bringing about a more efficient organization of the Liberal Party, preparatory to the approaching General Election, viz:—

- GEORGE COLES, JAMES WARRINGTON, WILLIAM E. CLARK, ROBERT HUTCHINSON, STEPHEN SWABY, JOHN TRENSWAX, DONALD McISAAC, SILAS BARNARD, ROBERT MOONEY, EDWARD WHELAN, WILLIAM MCGILL.

Arrangements are now in progress for securing the co-operation of all true Liberals in Charlottetown and its vicinity, and to establish the Society on a footing commensurate with the intelligence, influence and numerical strength of the Party, so that they may exercise their legitimate weight in the management of Public Affairs.

In accordance with instruction given to me by the above named Committee, I have to request that you will take the earliest opportunity to convene a meeting of those persons in your District who are favourable to the advancement of Liberal principles, and whose influence is such as to entitle them to this mark of consideration. The object of such meeting will be to organize a Branch of the Liberal Society, to be governed by rules similar to those which will be adopted for the Central Society, a copy of which will be forwarded to you; and to make preparations for the approaching general election, such as selecting candidates who are worthy of public confidence, and canvassing the respective Districts on their behalf.

I have only to say that I shall be happy to communicate with you when required, and to give such information on public questions as it may be in the power of the Executive Committee to afford.

A copy of this Circular is herewith sent to the following gentlemen in your District or vicinity; and should they be inclined to act, they will exercise their own judgment as to whether it would be advisable to add to their number.

By order of the Executive Committee,

WILLIAM MCGILL, Secretary pro tem.

We are requested to state, that so soon as some necessary arrangements are completed, a general public meeting will be called in Charlottetown, under the auspices of the Central Liberal Society, for the purpose of bringing forward two Liberal Candidates for the representation of this City; and the Tory Party will be challenged to come out and discuss the questions at issue between the two parties. In the meantime, we trust that the Liberal electors of Charlottetown, Common and Royalty, will be on their guard, and promise their votes to no man.

PUBLIC MEETING AT BATTERY POINT, EAST RIVER.

THE Honorable Colonial Secretary, having publicly announced his intention to meet such of the electors of the second district of Queen's County as reside in the neighbourhood of the Hillsborough River, for the purpose of discussing certain important public questions now before the country, and of explaining his own views in reference thereto—a meeting took place at the house of Mr. John McNally, Battery Point, on Tuesday last, at 12 o'clock. Mr. Coles challenged the leaders or friends of the Opposition to meet him on that occasion, but they declined to come forward. Mr. Mooney

and Mr. Whelan were in attendance, and severally addressed the meeting. A very large number of persons responded to the Secretary's call, and gave the most unmistakable evidence of their approval of the course pursued by the Colonial Secretary and his political associates.

Mr. Daniel Mullins occupied the chair on this occasion; and the Hon. Mr. Mooney first addressed the meeting, in explanation and justification of his parliamentary career.

Mr. William Murphy, of Portage, next addressed the meeting, and read a lengthy and admirable speech, prepared for the occasion, by his brother, Mr. Peter Murphy, who was prevented by illness from being present. This speech embraced a great variety of topics, and displayed an accurate knowledge of all the public questions now and for many years past, agitated in the Colony. It was not only a forcible and argumentative defence of the principles of the Liberal Party, but a tasteful and ingenious composition. We regret that want of space does not enable us to give it a place in our columns. Mr. Murphy concluded by moving the first resolution, which is as follows:—

"Resolved, as the opinion of this meeting, that the administration of the Government, by the party now in power, has been highly advantageous in promoting the happiness, contentment and prosperity of the people."

Francis McQuaid, Esq., seconded this resolution, and addressed the meeting at considerable length in support of it.

The question having been put, the resolution passed unanimously, when

The Hon. Mr. Coles thanked the meeting for their approval of the conduct of the Government, and entered into a long review of the various measures which had engaged the attention of himself and his colleagues in the Government, and noticed the many reforms which had been agitated and carried to a successful issue.

Mr. John Mooney then came forward, and after briefly alluding to the general policy of the administration, dwelt at some length on the great question of Landhold and Tenant, which he believed could only be settled by a fair and equitable purchase, under the operation of the Laws passed for that purpose by the present Government. Mr. Mooney concluded his speech by moving the following resolution:—

"Resolved, That the measures passed by the present Government for the purchase of Township Lands in this Island, are the only remedies, in the opinion of this meeting, calculated to set at rest the long vexed question between Landlord and Tenant, and finally to settle the Tenantry in freehold, without loss or injury to any class in the community."

This question having been seconded by Mr. James Traynor, and passed unanimously,

Mr. Whelan addressed the meeting, reviewing the course pursued by the House of Assembly on the Land question, and alluding to other measures not noticed by the previous speakers.

Francis McQuaid, Esq., then proposed that the Hon. George Coles be nominated as a Candidate for the representation of that District in the next General Assembly. Mr. Angus Ban McDonald, of Pisiquid, seconded the nomination, which was agreed to without a dissenting voice. Mr. Coles responded, and expressed his willingness to be put in nomination for the representation of the District.

Mr. Gabriel McDonald moved that the Hon. Robert Mooney should be also put in nomination as a Candidate for the same District. Mr. Robert Carter seconded the nomination.

Mr. Patrick McQuaid proposed that Francis McQuaid, Esq., should be likewise nominated as a Candidate for the District. The motion was seconded by Mr. James O'Mara.

Some difference of opinion arose regarding the claims of the two last named gentlemen, whose appearance on the hustings, one in opposition to the other, while they both entertained similar opinions in politics, was believed to be injurious to the success of the Liberal cause. Mr. McQuaid declared, however, his determination to contest the election against Mr. Mooney, and though each had, evidently, a considerable number of supporters at the meeting, it was difficult to effect a compromise. We believe, however, that Mr. Mooney will carry a majority throughout the District; and we trust that Mr. McQuaid—while we respect his firmness, his good intentions, and his intelligence—will not persist in an opposition which is not likely to be advantageous to himself, and may be attended with injury to the cause he advocates.

The usual vote of thanks having been given to the Chairman, the meeting dispersed about five o'clock.

CORONER'S INQUEST.—An Inquest was held on the 5th instant, on the body of Angus Murray, of Lot 31, Farmer. From the evidence given before the Coroner, it appeared that the deceased left town on Saturday evening for his own home by the ice,—instead of the road, his usual and more direct course; upon reaching Mill Creek, the horse and sleigh fell through, and although there was scarcely two feet of water, the unfortunate man could not rise from the sleigh, and was suffocated and drowned before any assistance could be afforded him. He leaves nine children.—Pro.
