NAVAL.—Two German warships, the Kaiserin Augusta and the See-Adler, put into Halifax a few days ago, on their way to New York to take part in the Columbus World's Fair naval parade at New York.

ANOTHER SUMMONS.—A summons has been served on Charles McMillan for selling intoxicants between the prohibited hours on Saturday evening and Monday morning. The summons is returnable on Wednesday.

THE W. C. T. U. will hold a public meeting in the Second Methodist Church on Thursday, April 20th, at 8 p. m. Addresses by popular speakers on some phases of the temperance question. s t w t—ap15

LYCEUM.—The wailings of an injured people, the type of a whole-souled race, the devilish schemes of landlordism, all so vividly represented at the Lyceum to-night that the necessity of home rule will be fully demonstrated.

ADVANCE.—We are informed that all American rubbers have advanced from 25 to 40 per cent. owing to an advance for crude materials. Canadian rubbers have also taken a jump in the same direction.

ON several occasions, writes Rev. Wm. Lawson, formerly of Carmarthen Street Methodist Church, St. John, I have suffered from severe nervous exhaustion and general debility. I was advised to use Hawker's justly celebrated Nerve and Stomach Tonic, and have great pleasure in testifying to its restoring, toning, invigorating and building up properties. ....

REPAIRED AND LAUNCHED.—The wrecked schooner, which has lately undergone extensive repairs at Souris, has been safely launched and is now alongside the breakwater. Mr. Peter Stewart had the contract for repairing and putting her afloat. The job was anything but an easy one, and we are glad to know that Mr. Stewart's well known mechanical skill still stands Al in such undertakings.

THE DEADLY CYCLONE.—One day last week a cyclone swept over the states of Iowa, Missouri, Kansas and Illinois, and the papers at hand this morning contain lengthy accounts of the results. Whole towns and villages were destroyed, and many persons were killed; barns and fences were levelled and there is ruin on every hand. We have no such luxuries as this in Canada.

CITY ASSESSMENT.—The city assessors, Messrs. O'Callaghan, Davy and Martin, have completed their work and handed over their books to the City Clerk. Their returns show an increase of $32,000 in real estate and a decrease of $28,000 in personal property. The decrease in the value of personal property is the result of the recent fires and of several firms having gone out of business.

FIRST ARRIVALS.—On Friday afternoon last the steamer St. Olaf steamed into Souris harbor on her way to the Magdalen Islands. She remained there a few hours and started out again to finish her trip, but it is not likely she can reach her destination this time, as northeasterly winds setting in soon after she left, will block the way with ice, if there is any at all left in the gulf. The schooner Eddie, of Rustico, arrived at the same port on the day following. These are the two first arrivals at Souris this spring.

FIRE APPARATUS TESTED.—The new improved controlling nozzles and play pipes recently imported by the Fire Department from the Gutta Percha and Rubber Manufacturing Company, Toronto, were tested this forenoon and the result was very satisfactory. By means of these nozzles the pipeman can easily regulate the size of the stream and make it anywhere from the size of a straw to an inch and a quarter. They throw the largest stream fully higher than the old nozzles, and are much easier on the hose as the shut-off is more gradual.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. 1yr

Blake vs. McCarthy.

LONDON, April 17.

Mr. Blake took part in the Home Rule debate on Satuaday night. He dealt fully with T. W. Russel's speech in which the latter contended that the alleged evils in Quebec Province arising from the domination of the Roman Catholic majority over the Protestant minority would be repeated in Ireland, as betwwen the Ulster Protestants and the Roman Catholic majority. Mr. Blake took the opposite view of the question and showed his reasons why the Protestants in the north of Ireland, assuming the two cases to be of similar character in many respects, should have no reason to fear the ascendancy of the Roman Catholics.

There is said to be disappointment in Royal circles over the fact that the new baby born to the Duke and Duchess of Fife is a girl. The idea of the succession descending to another queen is not so popular with the interested parents, as long experience of a woman's reign has been calculated to make it to the rest of the Empire.
