THE DAILY EXAMINER.

JUNE 7, 1892.

Opening Up the Northwest.

THE report of the Minister of the Interior, just published, shows that 563,680 acres of land in the Northwest Territories, exclusive of Manitoba, were homesteaded last year, as compared with 471,040 acres in 1890; and that 189,704 acres were sold, as compared with 139,030 in 1890. The increase is, of course, not great as we should like to see it. But in view of Grit slanders concerning the country and other circumstances, it is not unsatisfactory. We are reminded that the operation of the pre-emption system ceased at the end of 1889. It appears that the interests of the public have thereby been conserved. A *bona fide* settler who desires to add to the area of his holding of 160 acres may, however, still acquire another quarter section by purchase from the Government on easy terms. The payment for the additional quarter section and the fulfilment of the settlement duties in respect to the homestead are made to run concurrently, thus preserving the advantages of the pre-emption system without any of its drawbacks. It is, of course, always possible for the settler to increase the size of his farm by purchase from the C. P. R. and other railway companies.

We are told that the revenue from timber, mineral and grazing lands during the year amounted to $129,902, an increase as compared with 1890 of $4,024. The timber dues are larger than those of 1890 by $1,749, being for this year $104,700. Grazing lands show a revenue of $16,550, being an increase of $3,952. The dues for hay, $7,701, were less than the amount received the previous year by $2,065. The receipts for minerals other than coal were $1,259, being $638 of an increase over the previous year. The amount received for coal lands was $2,281, being $6,617 less than the amount received during 1889. The total area of coal lands sold up to date is 13,301 acres, and the total sum received therefor $137,708. The receipts on account of agricultural lands were $29,164 for homestead fees, and $91,664 cash and $171,425 scrip for sales. The total revenue for the year was $460,990. The net revenue on account of Northwest lands since 1872 has been $8,305,939.

The Dairy.

INTEREST in the dairy has been awakened all over Canada. Before the Agricultural Committee of the House of Commons, Dr. Roome gave notice of the following motion, which will be discussed ere long:

"Resolved, That owing to the depression in the grain markets of the world caused by the opening and development of vast territories of agricultural lands, we, the Committee on Agriculture of the House of Commons, believing that the success of our young Dominion depends to a great extent upon the farming industries, would therefore urge upon the Government the advisability of giving a bonus to assist in establishing creameries or changing in the fall of the year cheese factories into butter factories, thereby encouraging winter dairying, as the dairy industry must eventually supersede, or nearly so, the raising of grain for exportation."

In Quebec, the Provincial Government have voted $10,000 for the purpose of encouraging the dairy industry. It is explained that a school for instruction in dairying is to be established at St. Hyacinth, and that the best professor in the Dominion will be employed to complete the instruction in this important branch of agriculture. The Quebec Government also propose to form syndicates of butter and cheese factories, and to provide that inspectors shall go round and visit them at regular intervals, giving advice and correcting faults. It will be to the interest of every factory to enter the syndacite, as otherwise it will lose all the privileges that may accrue from membership. Samples of the product of each will be sent to inspectors at central points, and they will stamp those that are of uniform quality, and reject others. It is expected that a high character for Quebec butter will in this way be established, and that the Province may confidently look forward to a profitable participation in the British markets.

On the opening of the last session of our Legislature, His Honor the Lieutenant-Governor, in his speech from the throne, promised that "steps will be taken for the purpose of introducing a system whereby our farmers may receive practical instruction in the most improved methods of carrying on dairy operations." What about these "steps"?

— What is believed to be the largest aerolite ever known to have fallen is lying in the Caspian Sea, a short distance from the peninsula of Apsheron. In falling, the aerolite made a most terrific noise as it rushed through the air with incredible speed, and the white hot mass made a light that illuminated the country and sea round about for a great distance. Those who saw it were struck dumb with consternation. When it struck the water immense clouds of steam arose, and the hissing could be heard for a great distance. Huge masses of water were thrown upward, and the sight to those who were not frightened was a most beautiful one. So enormous is the aerolite that it projects 12 feet above the water, and, save for its fused black crust, which gives it the appearance of having been varnished, it has every appearance of having been one of the rocky formation met with along the coast. Scientists are deeply interested in the phenomenon, and a number of them are making preparations to visit the peninsula to examine the aerolite.

The Commissioner of Crown Lands In The Patriot.

No one can say that the Commissioner of Public Lands has been premature in coming forward, as he did in Saturday's Patriot to give explanations regarding the important department which he is supposed to control. But in writing a letter to the press, one would expect that he would reply to some of the grave charges preferred against the management of the office, instead of quibbling about the phraseology of the questions asked in the Legislature by members of the Opposition. The shortage of nearly $5000.00 in the balances due the Government and the scandalous reductions given to certain favored persons should surely receive the attention of the Commissioner, in the first place. He might also very reasonably be expected to endeavor to clear himself of the serious charge of having made an erroneous statement to the House regarding the audit of the Township ledgers.

While Mr. McMillan gives Mr. Rogers questions in full, he takes care to withhold the question asked by Mr. McKay, as also the material parts of his own answers to those questions. We give below the question asked by Mr. McKay and also the two questions subsequently asked by Mr. Rogers, with the purport of the answer given to each question:

Mr. McKay asked the Commissioner of Crown Lands if the system of double entry book-keeping, as recommended by the commissioners, Messrs. Arnaud and Carvell, appointed to investigate the Public Land Office, had been carried into effect, and if the township ledgers have been regularly audited and checked during the year 1891, as recommended by the said commissioners.

Hon. Mr. McMillan said in reply that the Government had not followed any of the instructions of Messrs. Arnaud and Carvell, as they had not the means.

April 12th, 1892.—Mr. Rogers gives notice that he will to-morrow ask the Commissioner of Crown and Public Lands whether before taking the balances on the Township Ledgers in order to prepare the figures given in the annual statement as balance due on the 31st of December, 1891, he did or did not cause the entries for the year on the Township ledgers to be compared item by item with the corresponding entries in the counterfoil receipts and cash book, and if so whether check marks were made in the said Township Ledgers, counterfoil receipt book and daily cash book to denote the credits were duly made.

Hon. Mr. McMillan did not at once reply to this question. He took several days to consider. Then he replied in effect, that before taking off the balances, the entries for the year in the township ledgers were compared with corresponding entries in the cash book and counterfoil receipts by officials of the department, and that check marks denoting that such comparison was duly made were placed on such entries on the township ledgers.

April 19th, 1892—Mr. Rogers will, to-morrow, ask the Commissioner of Crown and Public Lands to lay on the table of the House the Township Ledgers of Townships No. Thirty-four and Sixty-five respectively, so that the Members of this House can be satisfied that a correct reply has or has not been given by him to the questions asked, if the entries for the year 1891 were compared item by item with the corresponding entries on the counterfoil receipts and daily cash book, and if so whether check marks were made in said Township Ledgers, counterfoil receipt books and daily cash books to denote that the credits were duly made.

Hon. Mr. McMillan said it would not be proper to expose the accounts of private persons publicly to the House, and therefore he must decline to produce the ledgers asked for.

It is charged against Mr. McMillan that his statement in reply to Mr. Rogers' first question is not true. Hon. Mr. McLeod and other members of the Legislature examined several of the Township Ledgers and found that the check marks were not there, and Mr. McMillan's refusal to produce the Township Ledgers shows that he was conscious of having misinformed the House. It is now apparent that the Provincial Auditor did not audit the Township Ledgers before the meeting of the Legislature, and the fact of no check marks appearing on the Ledgers affords a pretty strong presumption that they were not audited by any person before the balances were taken off.

FRIENDS who are interested in the Union Prayer Meeting held in Euston Street Hall, will please attend to-night at 8 o'clock. Strangers welcome.

ROLLO.—There will be a special meeting of the Rollo Hose Company this (Tuesday) evening at 8 o'clock, sharp, in their rooms, City Building.—James McQuillan, Sec'y.

GRAND PICNIC.—We understand it is the intention of the Hillsborough Boating Club of this city, to hold a monster picnic near Farquharson's wharf, West River, about July 11th. There will be men's four-oared and boys' four-oared races, men's double scull, bobs' double-scull, tub-races, etc, Foot races and games of all kinds will be on the grounds. An energetic committee are dealing with the matter, and we hope the affair will prove a grand success. Particulars in a few days.

THE MARKET.—There was a fair attendance of buyers and sellers for a while at the market this forenoon. Butter fresh was in good supply and found a ready sale at 20 cents per lb. Eggs were in fair supply and sold at 10 cents per dozen. Hay was in small supply and sold at usual prices. Codfish fresh sold at 7-10 cents each, and corned at 7-8 cents each. Haddock in small supply at 8 to 10 cents each.

NEW ORGAN.—At a meeting of the congregation of St. James' church, held last evening, it was decided to purchase a new pipe organ for the use of the church. the cost of same not to exceed $3,000. Mr. Ryder, who built the organ for the First Methodist Church, will likely get the contract for the erection of this one. Half of the cost of the organ will be paid by subscriptions from the congregation, and the trustees will issue bonds for the remainder. The following constitute the "ways and means" committee: John Maceachern, Artemas Lord, J. E. Bell, Fred Perkins, Rob Angus, D. Stewart.

TELEGRAPHIC NEWS.

SPECIAL DESPATCHES TO THE EXAMINER.

Return of the Commissioners.

OTTAWA, June 7.

Hon. Messrs. Bowell and Foster have returned from Washington. It is learned that their conference was of a very friendly character. The discussion on the canal tolls question has been in progress for some months, and it was with a view to reaching a better understanding, by personal conference, that the recent trip was taken.

A Hopeful Outlook.

MONTREAL, June 7.

At the seventy-fourth meeting of the Bank of Montreal, Sir Donald Smith's speech was important and hopeful He gave the shareholders to believe that the fast Atlantic Steamship Line would be established in the near future.

Home Rule Resolution.

OTTAWA, June 7.

Mr. Devlin moved his Home Rule resolution and spoke strongly in its favor. After a lengthy debate, the subject was tabled for the present. Probably the matter will not be heard of again this session.

The Presidency.

WASHINGTON, June 7.

It is authoratively denied that the President has telegraphed to Senator Cullom or any one else to withdraw his name, unless he was nominated on first ballot. President Harrison will be in it to the finish.

Drowning Accident.

CHAMBOY, Que., June 7.

A pleasure boat capsized in Bourget Lake last evening, causing the death by drowning of seven students, a priest, and the boatmen.

General Telegraphic News.

CHICAGO, June 5.—President Van Horne of the Canadian Pacific and party, passed through here to-day bound east. They report business booming and crop prospects excellent throughout the Canadian Northwest.

MONTREAL, June 5.—County Master Mackey, of the Montreal Orange Lodge, has written to the mayor protesting against his refusal to turn out the fire brigade in honor of Catholic Foresters, and says if the Grand Lodge suffered through the discourtesy of several aldermen, it is no reason that the Foresters should be treated in the same way.

OTTAWA, June 5.—If by any possibility Mr. Devlin brings up his Irish home resolution in Parliament, Mr. McCarthy will move an amendment declaring the question is no concern of the Dominion Parliament, and expressing regret that the Federal House ever placed itself on record on the subject.

TORONTO, June 5.—The committee having in charge the collecting of subscriptions to the Mackenzie memorial fund have decided that the most fitting tribute to the memory of the late Hon. Alex. Mackenzie would be the establishment of a scholarship in political science at Toronto University, and will devote the funds collected for that purpose.

ST. JOHN'S, N. F., June 5.—The session of the Legislature is closed. The Governor said in his speech that he deeply regretted that the Legislature had thrown out the bill designed to regulate the French shore and hoped no serious injury to the interests of the colony would follow. He congratulated the Legislature upon the excellent condition of the seal fishery, and thanked them for the supplies granted and for the increase in the education grant. Hon. A. W. Harvey has left on his mission to Spain, to endeavor to avert the threatened increase of duties on Newfoundland fish, and to negotiate a commercial treaty. He will act with Sir Charles Tupper.

PRAGUE, June 5.—Owing to the great excitement that prevailed when the fire broke out Tuesday night in the Birkenhead silver mine, near Priaibriam, many contradictory statements were made as to the number of those who had perished. One of the first reports had it that 40 had been killed. Now that the excitement has died out to a great extent and inquiries have been made among the survivors, it is estimated that fully 400 employes lost their lives in the disaster. Among those who were killed were five students from the mining academy. Gas continues to form in great volumes in the mine, and volunteers who are seeking to recover the bodies are greatly hampered in their work. It is thought that it will be a fortnight before all the bodies are taken out. Large trenches are being dug in the churchyards in which the dead will be buried.

SCRANTON, Pa., June 5.—A terrific thunder storm played havoc throughout Lackawanna county last night. Joseph and Casmir Choyinski, boys, were caught beneath a large oak tree in South Scranton. Casmir was part of the way up the tree while Joseph was standing underneath when the lightning struck. Joseph was instantly killed and Casmir was set on fire by the electric fluid. He caught on one of the limbs of the tree and was frightfully burned before aid could reach him. He died this morning. In the Hyde Park section a 3 year-old son of Sylvester Arnold was struck and his injuries are regarded fatal. At Elmhurst, seven miles east of this city, a girl named Andrews, while seeking shelter under a tree, was killed by a thunder bolt.

THUNDER, lightning and rain last night.

LOST.—Opportunities lost are never to be found again. The people of P. E. Island never had a better opportunity to buy clothing, hats and men's furnishings cheaper than we are now offering them. Our ready-made clothing is made by ourselves, and is, without a doubt, the best shown in town. If you want the cheapest and best goods call at D. A. Bruce's. j7 3i

SUNDAY SELLING.—Three informations against persons charged with selling intoxicating liquor on Sunday were laid by the City Marshal to-day. The cases will come up for hearing before the Stipendiary Magistrate to-morrow.

—The parliament of Victoria, Australia, has now before it a resolution declaring in favor of differential duties to promote interimperial trade. Mr. McNeill started a big wave by his resolution in the Canadian Commons. The effect in England must be good.

Personal.

Rev. Messrs. Sutherland and Sinclair and Messrs. T. C. James and John A. Lawson left this morning for Montreal to attend the annual session of the Presbyterian General Assembly.

Miss Carolina McCarron and Mrs. Capt. Yates left yesterday morning for San Francisco, Cal. The former's brother, Mr. Peter McCarron, accompanied them as far as Moncton THE EXAMINER wishes them a pleasant trip and health and prosperity in their adopted country.

Miss Eda E. Y. Squire, daughter of the late Charles Squire, of Charlottetown, was married to Charles S. Perry, of Bozeman, Montana, in San Francisco, Cal., on the 19th of May, 1892, by the Rev. Mr. Buck, pastor of the First M. E. Church, of San Francisco. After the ceremony the happy couple started for Bozeman.

The many friends of Wilfred J. Gaffney, Esq., of Summerside, will be glad to hear that the degree of LL. B was conferred on him on the 1st inst. at Tremont Temple, Boston, where the beauty and fashion of the city assembled to assist at the commencement exercises of the Boston University. Mr. Gaffney has been already in practice in the courts of Boston, having been admitted to the Suffolk bar in February last. Possessing as he does talents of a very high order, Mr. Gaffney will no doubt make his way rapidly to the front ranks of his chosen profession. We extend congratulations.

Rare Chance.

AS I am desirous of selling my entire business, I will offer by private sale, Land (about 65 acres) and Buildings, consisting of Dwelling House, two Barns, Store and Warehouses, together with the good will of my business.

This desirable property is situated at Morell, about half a mile from Morell Station, and about the same distance from Lot 40. A fifteen minute drive will land you at St. Peter's Harbor, and the famous Morell River can be reached in a fifteen minute walk. The surrounding country is the finest on the Island.

Anyone wishing to purchase one of the finest old business stands in the country should not fail to secure this.

Particulars can be had by calling on or writing to the subscriber.

WILLIAM STERNS.

Hunter River Tea.

A GRAND TEA MEETING, in connection with the Union Church of Hunter River, will be held at the above-named place on THURSDAY, the 23rd day of JUNE. A saloon, well furnished with Temperance Drinks and all the delicacies of the season, will be on the grounds. There will also be a dinner table in connection with the tea table. Swings and other suitable amusements will be on the grounds. As this will be the first tea of the season, the Committee will spare no pains in making it pleasant for all who will favor them with their presence on that day; and will also make it as hot as possible for fakirs and rum sellers should they put in an appearance. Should the day prove unfavorable, the tea will be held on the following day. Arrangements will be made with the Railway for reduced fares from Charlottetown, Summerside and intermediate points. Come one, come all, and enjoy a good day's sport.

By order of Committee.
