THE presence of dandruff indicates a diseased scalp, and if not cured, blanching of the hair and baldness will result. Hall's Hair Renewer.

WINTER ARRANGEMENT.—The winter arrangement of trains on the Island railway will go into effect on Monday next. The time-table will be found in another column.

FOOTBALL.—At Halifax, on Saturday last, there was a lively football match between the Dalhousies and the Wanderers, the game resulting in a draw, neither side scoring.

FIRST PRIZE MILITIAMEN.—The Charlottetown Engineers, also in competition with those of all Canada, have taken the first prize for efficiency. First prize Artillerymen and first prize Engineers! Good for the Charlottetown men.

TO-MORROW NIGHT.—Miss Belle Laiscell, as Topsy, has no equal. Her rendition of the "Child that nebber was born" is acknowledged to be true to nature. We claim that none will deny that she is the greatest Topsy living. To see this black imp is a treat, and none should miss it. Market Hall to-morrow evening.—1i

SPECIAL TRAIN.—Beginning on Monday next, and continuing until the close of navigation at Summerside, a special passenger train will leave here every morning (Sundays excepted) for Summerside, connecting there with the steamer for Point du Chene. The train will leave on return immediately on arrival of the steamer.

I. O. G. T.—The Grand Lodge of the Independent Order of Good Templars will meet in semi-annual session, at Marshfield, at eleven o'clock on Wednesday morning next, Dec. 4. A public meeting will be held in the evening. Mrs. Bessie Starr Keefer and Mr. J. T. Bulmer, of Halifax, will be present. There will be special fares to York Station on the 4th, good to return on the following day.

BAD FOR THE LIQUOR DEALERS.—Truro is in a great state of excitement over the prosecution of liquor dealers and a number of prominent hotel-keepers have left town owing to pending convictions. Cases have been instituted against the proprietors of the leading houses, and the extent to which the prosecutors are carrying affairs has appalled the victims.

THE LOUISIANA LOTTERY.—An Ottawa despatch says: Strict orders have been given to watch the mails for Louisiana and other lottery circulars and tickets coming into Canada. Two weeks ago a hotel-keeper of this city sent money to New Orleans for tickets for the November drawing of the Louisiana State Lottery. They were confiscated by customs officials here.

PRONOUNCED "NOT GUILTY."—A St. John despatch says that in the case of the boy Bennett, thirteen years old, charged with manslaughter on account of the shooting of little Willie Hawkes, while recklessly handing a revolver, the jury on Monday returned a verdict of "not guilty." They were undoubtedly influenced by the fact that there is no reformatory, and that the penitentiary alone awaited the boy if convicted.

THE LYCEUM.—Boucicault's drama of "The Octoroon; or, Life in Louisiana," drew another good house for the Boston Comedy Company last evening. The play was exceedingly well performed, and the bowie knife combat, the murder of little Paul and the tableau of the last that was seen of the Indian, were all given with thrilling effect. Miss Grey's "Zoe" was an artistic performance, and she was finely supported by the company. This evening Mrs. Wood's emotional drama of "East Lynne" will, no doubt, attract another large audience, as it is always a favorite here.

The disappearance of the buffalo from the North American plains is leading to the consideration of a possibility of the elephant becoming extinct in Africa. The consequences to the ivory trade would be dire, and the contingency may not be so remote as some think. The very best ivory comes from Africa, and the destruction of elephants there annually is very great, one authority estimating that in fifty years the animals will be extinct. The consumption of ivory has been estimated at about 15,000 cwt. yearly, which would mean the destruction of perhaps 45,000 elephants, while the natives of Africa themselves kill a good many and retain the finest tusks for their own decoration. Our civilization demands knife handles, combs, piano keys and billiard balls of ivory, and when the supply of material runs out some inventive genius will have to try his hand at a substitute, though the connoisseurs affect to believe that nothing can ever take the place of the best ivory.

SPECIAL DESPATCHES TO THE EXAMINER.

Big Fire at Lynn.

LYNN, Mass., Nov. 26.

Lynn was this afternoon visited by a fire which, with but two exceptions, is the most disastrous that ever occurred in New England. The exceptions are the great Boston fire of 1872 and the Portland fire of 1866. To-day's fire started at 11.55 a. m., and devastated a square mile of the business section of the city. The loss is estimated at $10,000,000. It started in Mower's wooden building on Almont Street, over the boiler. The flames communicated with the six story (brick) Mower's block. Almost simultaneously a four story wooden shoe factory and Bennett & Barnard's four story wooden building on Almont Street caught fire. Aid soon arrived from Boston, Salem, Marblehead and surrounding towns. Four daily newspapers were burnt out, three National Banks and the Lynn Institute for Savings were wiped out. Twelve of the finest shoe blocks in the city are in ruins, as well as about twenty-five stores. It is impossible to state how many dwelling houses were burned, mostly occupied by the poorer classes. It is impossible to give any estimate of the insurance. There were many narrow escapes from accidents. No fatalities are reported. The First Methodist and First Episcopalian churches and several houses have been thrown open to accommodate the burnt out families. Mayor Newhall called a special meeting of the aldermen to take action and choose relief committees. Dynamite and powder were used at frequent intervals to blow up wooden buildings with little effect, and the fire virtually burned itself out. At 7.30 the fire was considered under control. Both companies of militia located in Lynn were called out and put on patrol duty. A house blown up by powder at Broad and Exchange streets stopped the progress of the fire in that direction. A hopeful feeling is prevailing.

Another Deputation.

OTTAWA, Nov. 26.

A deputation of British Columbian merchants interviewed the Government to-day on matters connected principally with the salmon fisheries. They state that the fishery regulations recently issued are so stringent, and asked for a relaxation. They also asked for a repeal of the poll tax of $50 per head on Chinese emigrants on the ground that the fisheries industry will be injured if this cheap labor cannot be obtained further. They asked for a repeal of the duty on mining machinery as none of it is made in this country, and the only effect of the duty was to increase the expense of mining to that extent.

Making no Headway.

LONDON, Nov. 26.

At the Conference held at Notingham today, the principal address was made by Lord Salisbury. He said that the views of Gladstone looking to the separation of Ireland from Great Britain were making no headway. The bye-elections for members of Parliament were mere skirmishes and were not fought on the main issue. He favors the forming of a national party which must form gradually. Such a party could not be created in one day.

The Pope and Ireland.

LONDON, Nov. 26.

The *Times* correspondent at Brussels says that a Belgian statesman who recently visited Rome learned that the Pope was compelled to abandon his attempt to pacify Ireland because the clergy of that country threatened to rebel against the papal authority in case he persisted in his intention, as their living depended upon the nationalists.

Again Arraigned.

LONDON, Nov. 26.

Park, editor of the *North London Press*, was again arraigned at Bow Street police court to-day. The Earl of Euston, in his testimony, admitted he had visited the house in Cavendish Street where alleged unlawful practices are said to have taken place, but he claimed he visited there for a lawful purpose.

The Polynesian to Blame.

QUEBEC, Nov. 26.

In the Vice-Admirality Court here Judge Irvine gave judgment holding that the steamship Polynesian was wholly to blame for the fatal collision with the Cynthia near Montreal in May last, and condemning the Allan Company to pay damages and costs.

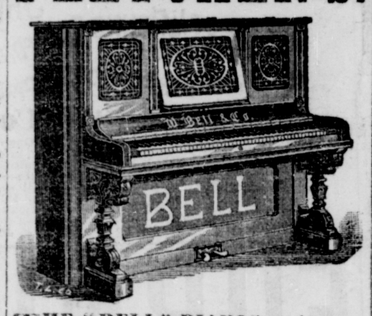
FLETCHER'S.



THE "BELL" PIANOS we have recently sold to His Honor Lieutenant-Governor Carvell and others in the city have given the utmost satisfaction.

THE "BELL" ORGANS need no puffing. The fact that we have sold over Twelve Hundred (which is over double the number of that of any other make sold) on the Island, is sufficient proof of their superiority over all others.

TESTIMONIAL FROM PROF. EARLE.

CH'TOWN, P. E. I., Aug. 26th, 1888.

MR. C. P. FLETCHER.

DEAR SIR—The many scores of Bell Organs which I have had the pleasure of testing, have given me the utmost satisfaction. They possess excellent qualities of tone and touch, and the general workmanship is first-class. Having been organist of St. Paul's for 22 years, and during all that time teaching the piano and organ to upwards of 400 persons in town and country, experience has taught me that Canada has turned out an organ which, for qualities referred to above, and *durability*, is hard to excel.

We Run. We Run.
COMPETITION!
We Run. We Run.
We Run. We Run.

WE RUN AWAY FROM COMPETITION.

It's a well-known fact that we run away from every competitor in every contest in OVERCOATS, REEFERS and SUITS. Competitors come along puffing behind, but never catch us. We are always before them in every line, but when it comes to quantity we are away ahead of everyone. No firm dares or dreams of giving so much for a dollar as we do. It's an assured fact that we are the Cheapest. Everyone don't test quality. Few can tell the difference in quality, but everyone knows the difference in One Dollar and One Dollar and Thirty Cents. That's the difference in our prices, and competitors should advise every honest, hard-working man to patronize the WONDERFUL CHEAP MEN, as they can get more Clothing there for $5 than they can in any other Store in Charlottetown for $6. We guarantee every Garment as represented.
