For The Modern Kitchen! Enterprise Combination GAS and OIL RANGE

Quality and Value!

289.00

Liberal Trade-In Allowance
For Your Old Range

All the conveniences of modern gas cooking are combined with the many advantages of oil heating in this beautifully styled combination. The oil section quickly warms up even the coldest kitchen. Sweeping lines of great beauty, textured metal handles, deep maroon and gold dials together with lustrous chrome and glittering white porcelain make up this exciting new, Modern-Canadian design. Drawer under the oven contains high speed in-a-drawer broiler. Oil section is equipped with highly polished cooking cover, and extra larger air space for maximum heat circulation. May be equipped with specially designed copper coil for domestic hot water supply, if required.
