MEXICAN REPUBLIC

The Government Problem: It has Solved. One of the most prominent members of the foreign delegation attending the British Medical Association was Dr. Tobias Nunez, of the City of Mexico.

Dr. Nunez is a patriotic supporter of the Republic of Mexico, believes in the administrative ability of General Diaz, and says that he has every reason to think that Mexico has acted very wisely in confiding its destinies to the sagacious care of so eminent and honest a man as the present president of the Republic.

Dr. Nunez has the history of his native land at command, and his recital of the different phases of Mexican political life are interesting in the extreme. He was a medical student when Maximilian was shot, and like most of his young countrymen was a warm adherent of Juarez, following the terribly sad frustrations of Napoleon's dream to found an empire in the new world and to place an ill-fated Hapsburg on the throne.

It strengthens the system while it eradicates disease. Hood's Sarsaparilla Is the Best - In fact the One True Blood Purifier. Hood's Pills cure Liver Ills; easy to take, easy to operate. 25c.

MURRAY HARBOR SOUTH NOTES

Harvesting is engaging the attention of the farmers here at present. Dr. E. J. Keir, who successfully practiced here for some years arrived on Saturday evening on a visit from Boston where he has been practicing since his departure from here.

The blueberry barren in Murray River is the centre of attraction. Large crowds of people congregate there daily with pails, baskets, etc., to gather the delicious fruit which is there in profusion.

Another accident which was expected to terminate with fatal results occurred some few weeks ago, when a little boy named Jimmie White, about 9 years of age, in company with three or four little girls set out on a journey to the berry grounds.

A very interesting lecture on "Education in the days of our forefathers" was delivered by D. J. McLeod, Chief Superintendent of Education, in the Temperance hall on Thursday evening the 2nd inst.

The most critical period in a woman's life may be properly called "Blossoming Time." It is the period when she blossoms from girlhood into womanhood. At this momentous time the best medicine for a woman to take is Dr. Pierce's Favorite Prescription. It acts directly upon the delicate and important organs that are to bear the burdens of wifehood and motherhood.

Mrs. Anna Ulrich, of Elm Creek, Buffalo Co. Neb., writes: "I was under doctors' care for two years with uterine disease. I was so weak that I could sit up in bed only a few moments. I commenced taking Dr. Pierce's Favorite Prescription and when I had taken one-half dozen bottles I was up and going wherever I pleased, and have been very strong ever since - that was two years and a half ago."

The only constipation-cure that never causes discomfort - Dr. Pierce's Pleasant Pellets. At all medicine stores. New saques and capes, 500 new garments in our mantle department. Ladies, see the new style; it will pay you to call on us. - Prowse Bros. 210 21

LETTER FROM OTTAWA.

Mr. J. W. Hughes Describes the Situation at the Capital.

True Inwardness of the Premier's Reception.

Mr. Hughes writes: "Nearly twelve months have rolled by since I had occasion to ask space in your columns. Then it was from and of Algoma District, now it is from the Capital and of recent events I write."

Business in this city has been unusually dull, veal, bad, during the past spring and summer - so much so that men in trade here during fifteen years are heard to complain as never before.

September has ushered in with much gusto, as it was on the evening of the first that Canada's Premier returned, after having journeyed Europe. That a general reception by the Citizens was arranged is not to be wondered at and that such took place is a fact of moment because of the very marked necessity of the Conservatives having to join in as citizens.

The reception in point of numbers was all right. Whilst the turnout was really large, seventy-five per cent were women and children with a very large percentage of servants girls and young men.

Sir Richard Cartwright too, gave a short address, and with evident "change of heart," appealed earnestly for greater harmony among all parties and creeds than was our lot in the past.

Dr. E. J. Keir, who successfully practiced here for some years arrived on Saturday evening on a visit from Boston where he has been practicing since his departure from here.

KLONDYKE!

The Land of Golden nuggets

JOSEPH LADUE, the new Bonanza King of the Klondike, dike Gold Regions, gives the facts. His book reads like "The Arabian Nights" BUT Joseph Ladue KNOWS whereof he writes. He was the first man on the spot when the first gold was discovered last August, 1896. He located one rich claim, and immediately purchased twelve others at a low price before their value was known. He has refused \$100,000 for any ONE of these claims, as they are rich with virgin gold nuggets beyond the dreams of avarice. Joseph Ladue then

Established Dawson City,

at the mouth of the Klondyke and Yukon Rivers, by erecting the first house in the region in September, one month after the gold was first discovered. He bought 178 acres from the government on the city site where his town lots, 150x50, are now selling for \$5,000 each.

Mr. Ladue was fortunate enough to be successful in his trading post investments to have on hand ample capital to carry out his plans, and there is no man living who is better posted on Alaska and the great North West Territories than Mr. Joseph Ladue. He has just returned from that country to his old home in Schuyler Falls, N. Y., where he passed a large portion of his boyhood and early manhood. Mr. Ladue left his home nearly twenty years ago to seek his fortune in the West, going first to the Black Hills, where he was successful in gold mining, thence to Arizona and the Pacific Coast, and finally located in Alaska and the North West, where he has covered almost the entire country since 1882. Mr. Ladue is a typical pioneer; strong, hardy and resolute - a man of iron as one must needs be to go through the hardships he has and come out with a constitution unbroken and unimpaired at the age of about forty-three. Mr. Ladue has not only worked his muscles to good advantage to himself with the result of an abundance of the world's goods far beyond the dreams of men, but he has evidently all his time been closely observing the conditions of that strange country - the Yukon Valley - which has so suddenly become one of the great centres upon which human interest throughout the world is focussed.

When the wonderful stories began to come down from the Yukon country it was naturally concluded that it was at least half exaggeration. That any such amount of gold could be taken in so short a time from a country like that under the most unfavorable conditions was held to be incredible. But when the great bags of virgin gold began to be poured out upon mint counters in San Francisco under the eyes of the whole world (for modern journalism does this, annihilating time and space), people began to wonder, and the wonder grew day by day as the real facts were disclosed, and now people who are well informed as to the facts declare that half the truth has not been told of the golden treasures of the Yukon Valley.

As we have already said, there is no man alive to-day who knows more about this wonderful country than does Mr. Ladue. What makes his talk of it specially interesting and reliable is the fact that his knowledge of it is practical. It has not been gained from hearsay nor from desolatory visits made now and then at certain favorable seasons of the year, but from steady living there through the long summer days and the long winter nights year in and year out for 15 years, where he now owns the best mining claims on the Klondyke and its tributaries.

In presenting his book to the public we do so knowing that it is by an authority on the subject of which he writes. His first work entitled

"KLONDYKE NUGGETS"

is a brief description of the new gold regions, and anyone desiring authentic information should not fail to avail themselves of our

NOMINAL OFFER,

which places the facts in the possession of our customers. REMEMBER, that our office is the sole distributing point for this locality, having closed exclusive arrangements with Mr. Ladue's publishers.

The cover of the work is beautifully printed in red and gold, the gold showing one of the author's nuggets as nearly as it is possible to reproduce it on paper.

It is easy to secure a copy of "KLONDYKE NUGGETS." Cut out this coupon and bring it with you as evidence that you are a reader of The Examiner and Ten Cents in cash and a copy of "Klondyke Nuggets," by Joseph Ladue, the Bonanza King of new gold regions, will be handed to you. Cut out this coupon and send it together with 12c. in stamps for clerical work and mailing expense, and we will send a copy of "Klondyke Nuggets" to your address. Write very clearly and give your name and address in full. Remember, you should not delay as you will be unable to secure this valuable work on the gold region in any other way.
