A Feature for Every Friday—

Among The Farmers

Federation Of Agriculture News

County Meetings

The County meetings at O'Leary, Morell and Charlottetown are over, the attendance was gratifying, the interest was high, and there is evidence that year by year more and more farmers are recognizing the Federation as a necessary part of their farming operations.

We are suspicious that there are still some farmers who are so wrapped up in their devotion to unremitting toil that they have a slightly guilty feeling at the idea of taking a half day to attend a meeting.

An occasional afternoon or evening spent in meeting with fellow farmers can be equally productive as any type of work and certainly needs no justification.

New Directors

Sixteen new directors were appointed at the County meetings and their appointment indicates, first of all that their neighbors consider them the right people for the job, and second that they have a reputation for public service.

While the directors are first of all expected to attend meetings, and make available their experience and advice, their duties do not stop there. The director can do much to develop and sustain interest among the members by making information available to them and by encouraging members and school district officers to be active at the local level.

School District Importance

Many members fail to realize that the really important cog in the Federation machine is the school district unit with its members, secretary and chairman.

The interest displayed in and the attendance at those meetings is a good indication of general agricultural interest and indicates a wide awake progressive community.

Farmers who do not attend their school district meeting are in no position to criticize the Federation for what it does or does not.

If the foundation is full of holes —the whole structure will be wobbly.

Membership Cards

A number of members have asked about their membership cards for 1952—these are going out every day and are being mailed directly to each member.

There is still over one thousand cards to be mailed so it will be a few weeks before this job is complete.

Resolutions

The resolutions passed at the County meetings deal with questions which members feel require attention. In the livestock business the Federation has been instructed to deal with the questions of rail grading for cattle and with an assembling and central selling system for cattle.

A committee has also been appointed to study and report to the annual meeting on the contentious killing plant matter.

Farm Radio Forum was endorsed and district secretaries urged to support and encourage this branch of education.

The directors were told to keep pushing the electrification issue and in this respect it should be mentioned that the amount of push will depend on the response to the petition circulated to each district

Accident Insurance

There is no question as to the interest in the group accident insurance plan, at least on the part of those at the County meetings and on the part of most districts already reporting to the office.

The plan is admitted to be good, all that is now required is to convince a sufficient number of members of its worth.

The two main purposes of the Accident Insurance plan are: (1st) To provide the member with benefits not available to those who do not support their organization. (2nd) To encourage more farmers to become members.

Farm Forum

Next week Floyd Griesbach, National Secretary of Farm Forum will visit us and spend a busy week attending meetings throughout the Province.

The most effective type of meeting is the one held in a rural home with visitors from surrounding districts invited in. Unfortunately, the number of such meetings that can be held in one week is limited, we can think of a hundred suitable locations.

Farm Forum has made a good start this year with a substantial increase over last year. There is still room for amny more districts in the Farm Forum family.

Secretary of Agriculture

In the United States the Minister of Agriculture is known as the secretary of that Department and it is interesting to note that the man picked for the job is the executive director of the National Council of Farmer's Co-operatives.

The appointment of Ezra Taft Benson is a recognition of the importance of co-operation in American agriculture.

The new secretary will certainly be experienced in dealing with farmers and farm business problems.

Potato Prices and Licenses

The recent decision of Mr. Justice M. R. McGuigan in the McNaught-Raynor case serves to establish the fact that unlicensed potato dealers who enter into contracts with growers are in a poor position to legally enforce the agreement.

While it was found that the dealer's license had been illegally cancelled, the reason being that the Board orders which had been infringed, were found by the Supreme Court to have been invalid. It should be clearly understood that the Potato Board still possesses the power to cancel licenses when and if its orders have not been complied with.

Attention is called to the fact that $1.80 a bushel is the legal price at shipping points for Mountain and Sebago seed and under the last Board Order the grower should receive $1.90 per 75 pound bag for table stock.

These are the prices which growers should get and should insist on.

COMMON BIRD

The so-called English or house sparrow was introduced to North America about 1850.

KEEP THESE IN MIND!

Some of the early signs of cancer are:

A lump in the breast.

Unnatural bleeding from a body opening.

A sore that does not heal, particularly of the skin, face, mouth or lips.

Any persistent change in bowel habits — such as diarrhoea or constipation.

Many Canadians are enjoying life today because they found that early cancer can be cured.

Keep these danger signals in mind and see your doctor if one appears.

IN MEMORIAM

MRS. ALLAN MACDONALD

In the passing of Mrs. Allan MacDonald at her home in Glen William, P. E. I. on Nov. 10th, the community lost its oldest citizen, the only one of her generation in Southern Kings County.

Mrs. MacDonald, the former Flora Ross, was born at Flat River March 1858. She was the only surviving member of a large family whose parents were John Ross and Katherine Martin Ross. In the year 1983 she married Allan MacDonald of Glen William, who later became an elder in the Caledonia Presyterian Church, and to-gether they took an active part in the church and community life of their day. They brought up a family of three sons and three daughters, and trained them to be useful citizens in their varied walks of life.

Mrs. MacDonald was of an outstanding cheerful disposition, always, even in times of sorrow and difficulty, seeing the sunny side of life. Her home was a place where friends and relatives young and old, loved to come, for she was a charming hostess and always extended a joyous welcome to her many friends. She continued active and industrious until the last few years, and was not confined to bed until a few weeks before she passed away. Her mind was bright and to the end of life she would daily repeat from memory passages of Scripture, and sing favorite hymns and paraphrases.

During her last illness she was tenderly cared for by her son Alex R. and daughter Mary of North Sydney, N. S. Her husband and three of her children Katherine (Mrs. Charles B. Porter of Medicine Hat, Alta.); Christine (Mrs. E. R. Bishop of Florida) and John of Vancouver, B. C. predeceased her. Surviving members are Alex R., at home; Mary (Mrs. Rev. M. D. MacLeod) North Sydney, N. S.; and Dr. W. A. MacDonald of Ft. MacMurray, Alta. Also 13 grand children, Mrs H. P. Anderson, Calgary, Alta. who visited her grandmother last summer; Warren Porter, Clanesholm, Alta.; Mrs. Don King and Robert Porter of Medicine Hat, Alta; Jack Porter of Edmonton; Billy, Sally and Alan MacDonald of Ft. MacMurray, Alta.; Dr. Alan MacLeod, Mosers River, N. S., who was present at her funeral; Gordon MacLeod, Sydney, N. S.; Mary MacLeod R. N., Boston, and Mrs. Sam Killibrew and Mrs. James Crews of Florida. Fourteen great grandchildren also survive.

The funeral service was held on Wednesday,, Nov. 12 in the Caledonia Church. Rev. E. S. Hales officiating, assisted by Rev. D. W. MacPherson of Murray Harbor and Rev. A. C. Fraser of Valleyfield. Hymns sung were: The Lord's My Shepherd, The Sands of Time are Sinking, O God of Bethel and The Sweet Bye and Bye. A duet, The Lights of Home, was beautifully rendered by Mrs. W. A. Bruce and Margaret Cameron.

HUNTSTANTON, England — (CP) — E. C. Walker, who faced a bill for 15 pounds for damage to an automobile by his two infant sons, has taken out a 10,000 pound policy to insure himself against any more damage they may do outside the home. Walker says the premium of 10 shillings a year is a "small sum to pay for peace of mind."
