Tignish Home And School Holds Regular Meeting

TIGNISH — The December meeting of the Tignish Home and School Association was held in the regional high school auditorium, on Thursday evening, December 1st, with the president, Mrs. Frank Arsenault, chairing the meeting and welcoming as special programming the local members of the Retarded Children's Association.

The meeting dispersed with regular business, in an attempt to point out to more people, the important role they are trying to play in the life of the retarded child in the community.

The minutes of the previous meeting was read by the secretary, Sister Clemmie McCarron, and the financial report was given by the treasurer Mrs. George Handrahan. Sister Angela Marie, chairman of the school life committee, spoke on the book display that she hoped would spark interest in reading particularly at the elementary level. She urged the parents to co-operate in getting their children to read more good books.

WELCOMES MEMBERS — She welcomed the members of the Retarded Children's association, and said it was an inspiration on the part of the executive to have the Retarded Children's association as a program, one of the objects of the home and school she said, is to be interested in all children Mrs. Wilfred Boyce reported for the finance committee and Mrs. Alcide Boudrault for the membership.

Mr. Ray Malone, school principal, reported on the annual meeting of the Home and School, held in Charlottetown, he centered his talk on the keynote address on "Reading", delivered by Miss Eleanor MacDonald, teacher of Guidance for the city.

He thanked the parents for their excellent turnout on parent-teacher day and explained the change in school policy in the October exams.

A donation was voted to the medical committee. Mr. Gerald Handrahan, member of the committee, spoke of the work done by the committee and how the funds are being used, he said he hoped the committee could some time in the future, use funds to help educate a medical student. A lady he said in the person of Alma Buote, who recently passed away, had more concern for the community than any of us. She had done a great deal of work to have a doctor settled in the community. Her last request was to have her home established as a permanent residence for a doctor.

Registrations for community classes in conversation, French, first aid, public speaking, and agriculture, will commence on Thursday, December 8th, and be carried on during the winter.

Mrs. Hubert Handrahan, president of Retarded Children's Association, chaired the business meeting and explained some of the work undertaken and accomplished by the members. Mrs. Alyce Bernard, secretary, read the minutes of the previous meeting. Mrs. Milton Keough reported for the financial committee. Mrs. Lois Ann MacAuland, teacher for Retarded Children's class at Tignish, outlined the qualifications and training necessary to become a teacher.

She outlined the classroom routine and invited all those present to visit the classroom at the close of the meeting. Mrs. Reg Eldershaw, a delegate to the membership conference for

the box office during its regular hours noon to 5.30 and 7.00 to 9 p.m.

Georgetown Fish Going To Souris

TO USE FISHERIES AT SOURIS for processing, Cyril A. Davis, president of Gulf Garden Foods Ltd., said Monday night.

The trawler has approximately 120,000 pounds of fish on board. The cargo is tied in aluminum boxes in an insulated hold.

The Gulf Grenadier arrived in port here just before the Gulf Garden plant was closed in the face of financial problems.

Monday two large trailer trucks left the plant for Boston with 40,000 pounds of processed frozen filets.

In Charlottetown Premier Alex Campbell Monday night said "It is possible that the trawlers might continue operating and landing fish on P.E.I. until island ports have frozen over at which time the trawlers could direct their catches to other ports."

"It is important that every effort be made to keep the crews together and the ships operating 12 months of the year if possible."

REACH OVERSEAS — The U.S.S.R. does \$16,000,000 worth of foreign trade a year.

MEMBERS OF the Canadian Armed Forces met Monday with representatives of the Prince Edward Island Centennial Commission to discuss the role of the department of National Defence in Centennial Celebrations for this province. (FROM THE LEFT) are P/L D. K. Lett, liaison officer with Canadian Forces headquarters; F/O William Cooke, assistant

public information officer, Canadian Forces Base, Summerside; Lorne Monkley, deputy minister in charge of Centennial affairs, and Donald D. Ross, director of planning for P.E.I. Centennial celebrations. Plans were discussed concerning the Canadian Armed Forces Tattoo performing in the province from September 18 - 20, 1967.

Centennial Ball To Be Held At Centre

The City of Charlottetown will get 1967 Centennial Year festivities off to a rousing start with a gala New Year's Eve Ball at Confederation Centre, Civic Centennial Committee Chairman Walthen Gaudet has announced.

The gala affair will be staged by the Centre in co-operation with the civic committee. Planning for the affair, which will be run on a limited reservation basis, has been underway for some weeks now. Previous New Year's Eve affairs at the Centre have drawn capacity attendance. Reservations again this year will be limited to three hundred couples, capacity in Memorial Hall, the actual site of the ball.

An orchestra under the direction of Bill Lea has been retained, and special decorations and favours will be arranged under the supervision of Confederation Centre Gallery curator Jim Little, who will use a fitting Centennial theme for the occasion.

A buffet supper will be served after the Centennial Year has been welcomed in. Arrangements are being made to speed up serving of the buffet, and extra cloakroom facilities will also be provided.

Reservations can be made through the Confederation Cen-

Armed Forces Tattoo Principle Contribution

By LORNE YEO

The principal contribution of the department of national defence for Centennial Year will be the Canadian Armed Forces Tattoo.

Scheduled to appear in 45 locations across Canada in 1967, the Tattoo will arrive in Charlottetown September 19 for performances at the Charlottetown Driving Park and coliseum before leaving for St. John's Newfoundland.

The Tattoo, a two and a half-hour spectacular, will feature music, pageantry, color sweeping spotlights, history, action, comedy, fantasy, and variety to provide the ultimate in entertainment, while at the same time, making use of a subtle historical line to link the various scenes, tracing the development of the Canadian Armed Forces from their French and British origins.

Playing a major role in Centennial celebration the Tattoo will be the largest single contribution of the department of National Defence.

Arriving in the province September 18, the first performance will be held in Summerside at Civic Stadium. Approximately 350 men dressed in authentic costumes or dress uniforms, including weapons, accoutrements, and the music, songs and drill for the era depicted, will be used to portray key and interesting activities of Canada's Armed Forces during the last 200 years.

Another National project of the department of National Defence, will be the ships' visits to various ports in the province.

Destroyer escorts will visit Charlottetown from August 4-5, Souris and Summerside on August 11 and 14.

Additionally, there will be a number of other visits to remaining communities, made by other units of the Royal Canadian Navy, such as minesweepers, patrol vessels and reserve

training ships. Dates for all visits and names of the ships concerned will be announced later.

A summary of the participation from the department of National Defence, in the Centennial celebration on Prince Edward Island, will also include the Golden Centennaires—the aerobic team, and motor cycle display team. The dates for the two teams are respectively June 18 and October 4th.
