Railway Report Earnings For Half of 1953

OTTAWA, (CP) - The Canadian railways had record gross revenues in the first half of 1953 but their net income fell off, the Bureau of Statistics reported today. The gross hit a six-month peak of \$590,000 but expenses increased faster than revenue, so that the operating income dropped to \$16,076,000. This compared with \$22,245,000 in the first half of 1952. The figures were calculated after making provision for tax payments. The gross compared with \$587,853,000 in the same period of 1952. Operating expenses were \$551,600,000 up from \$519,882,000. Tax accruals and other miscellaneous charges added to these figures brought the operating income results. The Canadian Pacific Railway, on whose results the board of transport commissioners bases freight rates, had operating income of \$10,507,000, down slightly from \$11,139,000. The CPR's gross was \$23,485,000, an increase over \$22,126,000 in the first half of 1952. The government-owned Canadian National Railways had a six-month deficit of \$880,000 on Canadian funds. This was accounted for largely by retroactive wage payments. It also included funds set aside for income tax, which the company started paying for the first time last year. The deficit compared with \$3,819,000 operating income for the same part of 1952. Taking in the results of its United States lines, the CNR had \$2,660,000 operating income for the first half of this year, against \$4,312,000 for the 1952 period.

Prospector In Court

MONTREAL, (CP) - A Montreal mining prospector was accused in criminal court Wednesday of conspiring to gain control of \$500,000 worth of mining stock belonging to a widow. Thomas Adams, alias Adamczarowski, was charged with conspiring to defraud Mrs. Lillian Barclay Stephens of Montreal of shares in the Vimy Gold and Metal Company.

Urge Tax Be Cut Off Tea, Coffee

TORONTO, (CP) - The Canadian Government should classify tea and coffee as foods and remove the 10 per cent sales tax, the Canadian Association of Consumers was told Wednesday. The resolution was presented to the group's eighth annual meeting here by the British Columbia branch. Other resolutions urged the "proper labelling of bacon sold to the public so that it indicates the quality", and standardization of size of measuring spoons.
