## National Reps. Named For Home And School

J. Robert Ferguson, Montague; Henry G. MacWilliam, Charlottetown; and Mrs. Herman Corcoran, Alberton, were chosen as national representatives of the P.E.I. Federation of Home and School for 1964-65 at a recent Federation executive meeting held at the National Film Board office in Charlottetown.

Mrs. Peter Gleeson outlined plans for the annual meeting of Canadian Home and School here July 12-17 announcing that on the opening day, Dr. Henry Hicks, president of Dalhousie University, will preside over a discussion on the subject: "Does Canada need a federal office of education?"

It was also noted that Rev. not at the same time delineated. "In view of the developing trade with this province," he said, "the causeway" has become a matter of great urgency.

Study and discussions concerning the transportation problems of the Island as a whole are "in the mind" of Premier Shaw's program. The study concerns types of roads to be built within the province as well as the problem of causeway and other connections with the mainland, he said.

These discussions, hoped the premier, "will be crystallized into an active program of improved highways in the near future."
