MAYFLOWERS.—The St. John Telegraph reports that Mayflowers were picked in the vicinity of Lily Lake a few days ago.

THE GOLD YIELD.—An exchange says that four thousand dollars worth of gold were taken out of Northrup mines at Radon, N. S., last month.

CHURCH SERVICES.—Rev. J. Hutchison, M. A., has been appointed to do duty at Cardigan, on Sabbath first, the 14th inst., at 11 o'clock, a. m., and at Dundas at 3 o'clock, p. m.

RE-PUBLISHED.—The account of THE EXAMINER reporter's visit to Mr. Sterns Steam Laundry, published some time ago, is re-published in full in The National Laundry Journal, Chicago.

INFORMATION WANTED.—The man owning the lamb with two heads, who recently wrote a person in this city asking for certain information is requested to forward his address, as it was not on the card sent.

ANOTHER ELOPEMENT.—Alfred E. Carter, organist of St. Andrew's Church, Peterboro, Ont., and Miss Annie Graham, a leading member of the choir, eloped a few nights ago. Carter took his only child with him and left his wife penniless.

ZION CHURCH ENTERTAINMENT.—The entertainment in the basement of Zion Church last evening was very successful. There was a good attendance, and the programme of songs, readings, etc., well carried out. We have not heard the amount realized.

HEAVY VERDICT FOR SEDUCTION.—At the Toronto Assizes recently, Alice Kirby sued John A. Watson, school teacher, for breach of promise and seduction. The case was clear against Watson, and the jury awarded Miss Kirby \$7,000 damages. As \$5,000 was all the plaintiff claimed, judgement was given for that amount.

LOW PRICES FOR JERSEYS.—At a sale of Jersey cattle in New York, the other day, well bred stock sold at ridiculously low prices. Seventy-nine head of Jersey stock brought but \$5,380, an average of a few cents over \$68 a head. Maharajah Boy, a three-year old bull, Havemeyer bred, sold for \$80, and three years ago, in the same place, an almost full brother sold for \$1,775.

SINGULAR PHENOMENON.—A peculiar phenomenon occurred at Aitkens, Minn., on Tuesday. At 4.45 o'clock it became so dark that lights were necessary in business houses and the air was filled with snow that was as black and dirty as though it had been trampled into the earth. The dirt is very fine, something like emery, and contains particles that have a metallic lustre. This dirty snow fell to the depth of half an inch. The atmosphere at the time presented a peculiar greenish tinge.

AN EVENING WITH GILBERT AND SULLIVAN.—The programme of the Oddfellows' Natal Day Concert will appear to-morrow, and we think it will assure the public of the richest musical treat they have ever been offered by local talent. The special feature of the evening will be the presentation of a large part of the opera of "The Mikado," all the performers, of course, to be dressed in the characteristic costumes of the Japanese, and the stage mountings appropriate to the selection. It will embrace the very best melodies and choruses from this world-renowned opera. There will also be a short scene from "Pinafore," the whole to conclude with a part of the opera of the "Pirates of Penzance," with a stirring song, chorus and tableau "The Pirate King."

Personal.

Mr. A. J. Manley, representing P. & J. O'Mullin, Halifax, is visiting the Island on business. He is registered at the Osborne. The St. John Telegraph says: Rev. W. W. Brewer is confined to his residence by a serious illness, but it is thought that complete rest will enable him to resume his duties in a short time.

Mr. Charles W. Nelson, son of the late Theophilus Nelson, and grandson of the late Major Nelson, of China Point, left this morning for the United States. We wish our young friend every success.

SPECIAL DESPATCHES TO THE EXAMINER.

DOMINION PARLIAMENT.

Debates and Proceedings.

OTTAWA, April 9.

After routine Hon. Mr. Tupper moved the third reading of the bill amending the Fisheries Act, which prohibits nets for salmon in tidal waters.

Mr. Ellis moved the six months' limit of which he had given notice, and argued at some length against the bill.

Mr. Hale seconded Mr. Ellis' motion. After some debate Mr. Ellis' motion was rejected, 72 to 108, and the bill passed at 5 o'clock.

The Franchise Act was further considered in committee up to recess, and for an hour after. Davin's amendment to apply manhood suffrage to the Dominion elections in British Columbia and Prince Edward Island was rejected without division.

The bill then passed as amended, and to be printed before it is read at third so that the House may understand fully the alterations made therein by the Minister of Justice.

While it was passing through committee, Hon. Mr. Haggart moved the House into committee to consider his resolution as to postage and registration. He said it was proposed to alter its term in some respects. The postage on drop letters would only be reduced to two cents in cities and towns where there is free delivery, the same as in the United States. Papers and periodicals published less frequently than once a month will not be carried postage free.

Monthly magazines will, therefore, be carried free, while the postage on seeds and general packages will be continued at the old rate of one cent per ounce.

The postage on photographs, printers manuscripts, music, etc., will be increased to one cent for each two ounces, the same as in the United States and Great Britain. He said it was further proposed to give postmasters power to compel registration of valuable packages or not at their option.

Mr. Jones, of Halifax, Mr. Weldon, Mr. Mitchell and some others opposed the doubling of drop letter rates in cities.

Mr. White opposed compulsory registrations as an arbitrary interference with private rights.

The resolution was then adopted, a bill founded thereon and committed. After a long discussion the bill, as amended, was agreed to and will be read a third time to-morrow.

Hon. Mr. Bowell's bill to amend the Customs Act was committed at 11.15 o'clock. A section was added to prevent the importation into Canada duty free of tea held over for a time in transit through the United States.

The bill was agreed to as amended, and the House adjourned at one o'clock.

NOTES.

Mr. Weldon's bill to exclude American bondholders stands a small chance of becoming law unless it is pushed forward as a Government measure. But two days at the most remain this session for private bills.

There is good ground for stating that Mr. Weldon's method of procedure, as well as the principle of the bill, have found favor in the eyes of Sir John and the Minister of Justice.

The sense of the House is also opposed to reciprocity in criminals. There is a feeling to-night that the House will rise next week. Business is flying through rapidly, but the Short Line debate may upset all such expectations.

Another Big Blaze.

Boston, April 9.

The freight houses of the Boston and Lowell Railway were destroyed by fire early this evening. They consisted of two brick buildings, 35x50, one three-and-a-half and the other two-and-a-half stories high, connected by a wooden building 150 feet long. There were also 35 to 40 freight cars, many loaded, burned. The buildings were filled with a great variety of general merchandise, including cotton oil, vitrol, flour and thirty to fifty thousand bushels grain, which was all destroyed. The officials estimate that the loss will aggregate \$500,000.

Scottish Home Rule Defeated.

LONDON, April 9.

The House of Commons this evening, 200 to 9 rejected Clarke's Scottish Home Rule motion. Mr. Gladstone opposed the motion in an animated speech. He said the question was not ripe, and that it would obstruct the more pressing measures. He did not doubt that when Scotland unanimously demanded Home Rule Parliament would accede to her desires.

To be Raised to the Peerage.

LONDON, April 9.

The St. James Gazette announced that Rt. Hon. William Henry Smith, First Lord of the Treasury, is about to be raised to the peerage, and will accordingly resign the Government Leadership of the House of Commons. The Gazette insists that among the possible candidates to Smith, Balfour is the best choice.

Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor. No matter what the color of the hair, this preparation gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only caused the hair of my wife and daughter to be

Abundant and Glossy,

but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as any one could wish for."—R. T. Schmittou, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy."—Mabel C. Hardy, Dolan, Ill.
